"Displaying pitch-perfect sensibility that weaves profound human empathy with piercing scholarly critique, Tiya Miles lays open the suffering: of all those who found themselves enmeshed in the world of Diamond Hill. At once monument and memorial, the Vann House is Cherokee, African, and American slavery writ large."--- I AMi: s F. brooks, author of Captives and Cousins: Shivery, kinship, and Community in the Southwest Borderlands "This is one of the most thoughtful, beautifully written works of history on any topic that I have read in a long while. Miles has taken a complex set of issues that have been long obscured by a desire for a romantic and guilt-free past, and with grace and sensitivity, has completely re-written history."--- Leslie M. Harris. Emory University A James Vann, a Cherokee and entrepreneur, established Diamond Hill, the most famous plantation in the southeastern Cherokee Nation. Tiya Miles tells the story of this

plantations founding, its flourishing, its takeover by white land-lottery winners on the eve of the Cherokee Removal, its decay, and ultimately its renovation in the 1950s. Indeed, this is the first full-length study to reconstruct the history of the Diamond Hill plantation, a cosmopolitan hub of activity where more than one hundred slaves of African descent lived and labored, contributing significantly to the Vann family's famed wealth. This moving multiracial history sheds light on the various cultural communities that interacted within the plantation boundaries---from elite Cherokee slaveholders to Cherokee subsistence farmers, from black slaves of various ethnic backgrounds to free blacks from the North and South, from German-speaking Moravian missionaries to white southern skilled laborers. Moreover, the book paints rich portraits of the women of these various communities, including Peggy Scott Vann, mistress of Diamond Hill; Pleasant, an enslaved black woman owned by the Moravian Church; and Anna Rosina Gambold, a Moravian missionary diarist. Vividly written and extensively researched, this history illuminates gender, class, and cross-racial relationships on the southern frontier of present-day Georgia.

Marguerite Duras is France's best-known and most controversial contemporary woman writer. Duras' influence extends from her early novels of the 1950's to her radically innovative experimental autobiographical text of the 1980's *The Lover*. Leslie Hill's book throws new light on Duras' relationship to feminism, psychoanalysis, sexuality, literature, film, politics, and the media. Feted by Kristeva, and Lacan who claimed her as almost his other self, Duras is revealed to be a profoundly transgressive thinker and artist. It will be a must for all concerned with contemporary writing, writing by women, recent European cinema, film and literature.

Forster traveled to India to serve as a secretary to the Maharajah of Dewas, a small Indian state. He was elevated to the rank of a minor noble, and eventually given the state's highest honor, the Tukoji Rao III gold medal. This brief episode in Forster's life became the basis for his masterwork, *A Passage to India*. In the letters included in *The Hill of Devi*, he shares his personal journey of discovering his beloved India for the first time. Forster paints a vivid, intimate picture of Dewas State—a strange, bewildering, and enchanting slice of pre-independence India. In this collection, Forster shares insight into the lives of Indian royalty and accounts of the stark contrast between their excesses and the poverty he encounters. From letters that set the scene for Forster's lifelong friendship with the Maharaja, to an essay on the Maharaja himself and Forster's experiences as the Maharaja's personal secretary, *The Hill of Devi* is a fascinating chronicle of the author's experience in the land he called “the oddest corner of the world outside Alice in Wonderland.”

The Shining City on the Hill

A Light on the Hill (Cities of Refuge Book #1)

Synopsis: Enormous challenges and opportunities face the Christian church in our globalized, rapidly changing world. It is becoming increasingly clear that the church and its leaders need a missional self-understanding. In this volume, Graham Hill asks: "What does it mean for the church to be truly missional?" This book outlines the thought of twelve leading thinkers, and puts their thinking into conversation with a missional understanding of the church. Most of the missional literature of the past twenty years is practical, telling us how to be a missional church, rather than why certain theological themes compel the church toward a missional self-understanding and existence. This book takes a different approach. It outlines a basic missional understanding of the church by engaging theology and Scripture. It examines some of the key theological themes that are foundational for a missional church, and does this in conversation with twelve leading thinkers. This book provides indispensable foundations for a Christ-centered, gospel-shaped, theologically informed, and systematic missional view of the church. Endorsements: "Graham Hill ranges far and wide in order to construct a viable ecumenical, but distinctly missional, ecclesiology. In so doing, he provides us with a classy, intelligent, and passionate contribution to one of the defining issues of our time." --Alan Hirsch Author of *The Forgotten Ways: Reactivating the Missional Church* "It is increasingly clear to me that Christian understandings of both the nature and the mission of the church are in considerable disarray today. Graham Hill's highly important book offers the beginnings of a profoundly important exploration of both questions, together. *Salt, Light, and a City* is must reading." --David P. Gushee Mercer University "Graham Hill writes from a Protestant evangelical perspective, but this is a broadly based study, drawing on insights from all the historic traditions as well as biblical understandings and on case studies that highlight the experience of those who are operating on the missional edge today. This is a significant

contribution to the ongoing discussions about missiology and ecclesiology that will take the conversation forward in creative and well-informed directions." --John Drane Author of *After McDonaldization: Mission, Ministry, and Christian Discipleship in an Age of Uncertainty* "Salt, Light, and a City is no cloying attempt at a simplistic universal model for the missional church. Graham Hill insists we do the hard work of engaging Trinitarian theology, contemporary missiology, and broad understandings of ecclesiology to find a way forward. In brief, it is an invaluable addition to any library of research into the missional paradigm." --Michael Frost Morling College (Sydney, Australia) Author Biography: Graham Hill is Professor of Leadership and Pastoral Theology at Morling College in Sydney, Australia (affiliated with the MCD University of Divinity). His ministry experiences include church planting, pastoring in a large growing congregation, and coaching pastors and planters of missional experiments.

Exceptionalism gives us the idea that we, both individually and as a collective, operate above the rules due to our extraordinary virtues. Americans have supposedly been called from beyond the stars to exert our honor on the world around us, but does this grandiose self-assessment blind us to our potentially fatal flaws? *The Shining City on the Hill* is contemporary fiction at its most compelling, a novel about the paragon of civilization, a free society open to all who wish to do good at least this is what they believed. The powerful echoes of a city groaning under its own weight ring through the lives of a dozen troubled Texans. Over the course of several sweltering August days, the burnouts, undocumented immigrants, policemen and families cross paths, never realizing that profound suffering unites them all in unexpected ways.

Fool on the Hill

In the immediate aftermath of the creation of Bangladesh in 1971, an armed struggle ensued in its remote south-eastern corner. The hill people in the Chittagong Hill Tracts, more commonly referred to as paharis, demanded official recognition, and autonomy, as the indigenous people of the Tracts. This demand for autonomy was

Free Copy A Light On The Hill Cities Of Refuge

primarily based on the claim that they were ethnically distinct from the majority ‘ Bengali ’ population of Bangladesh, and thereby needed to protect their unique identity. This book challenges the general perception within existing scholarship that indigenous claims coming from the Tracts are a recent and contemporary phenomenon, which emerged with the founding of the Bangladesh state. By analysing the processes of colonisation in the Chittagong Hill Tracts, the author argues that identities of distinct ethnicity and tradition predate the creation of Bangladesh, and first began to evolve under British patronage. It is asserted that claims to indigeneity must be understood as an outcome of prolonged and complex processes of interaction between hill peoples – largely the Hill Tracts elites – and the Raj. Using hitherto unexplored archival sources, Indigenous Identity in South Asia sheds new light on how the concepts of ‘ territory ’, and of a ‘ people indigenous to it ’ came to be forged and politicised. By showing a far deeper historical lineage of claims making in the Tracts, it adds a new dimension to existing studies on Bangladesh ’ s borders and its history. The book will also be a key resource for scholars of South Asian history and politics, colonial history and those studying indigenous identity.

Death Coming Up the Hill

Marguerite Duras

The last name spoken on their deathbeds by R. R. Lee and Stonewall Jackson was that of their great subordinate, A. P. Hill. Lee's final words, "Tell A. P. Hill to come up" keynote the story of the Culpeper redhead and his hard hitting light division. For the Light Division always did come up at the critical moment to save the day for the Army of Northern Virginia. The gallantry and dash of Powell Hill's Cavalier ancestors characterized his own career and death on the battlefield. He and his officers and men saw more frontline action than most of Lee's army. But their dreadful losses and other vicissitudes of campaigning left a searing imprint on the former U.S. Army captain whose normally friendly spirit had to be submerged by the stern requirements of combat leadership. In less than three years he rose to the rank of corps commander and at the end was Lee's closets adviser. Hill's officers and men returned the loyalty and esteem which he gave them and, responding to the flame of his unquenchable fighting spirit, gave their utmost in battle. Hill's Light Division bore the brunt on the Peninsula when Jackson faltered, saved the day at Slaughter's Mountain, withstood formidable assaults on the army's flank at Second Manassas, saved the day at Antietam. It distinguished itself in every major battle from Mechanicsville to Five Forks. Up Came Hill is more than a combat story. Up Came Hill will afford deep satisfaction to the many Civil War buffs and others who value a clear account of the overall course of the war in the eastern theater together with a detailed exposition of some phases which have long been relatively obscure. It constitutes, to, an admirable and overdue tribute to an outstanding

Today, the Australian Labor Party is in crisis. Reduced to minority government after just one term, and at rock bottom in the opinion polls, the party seems to be at a defining moment in its history. The perception of the federal government is that it can ' t deliver, can ' t be trusted, can ' t communicate what it stands for, and that it is beholden to independents and the Greens. How did it come to this so soon after Labor ' s thumping election win in 2007? Looking for the Light on the Hill argues that Labor is bedevilled by twin problems: the loss of its intrinsic culture of strong, bold, and innovative leadership;

Free Copy A Light On The Hill Cities Of Refuge

and an identity crisis that has emerged because Labor has failed to refresh its values, philosophy, and purpose for the modern era. Written by a party insider and former Rudd government adviser, the book draws on Labor 's history with fresh perspectives, and includes the secret components of the party 's recent internal review. It also includes new interviews with former party leaders, current and former ministers, and union leaders and party figures — and reveals astonishing opinion-poll results, commissioned exclusively for this book, that demonstrate the depth of the crisis. Challenged by the Greens on the left and the Coalition on the right, Australia 's oldest political party is in real trouble. Looking for the Light on the Hill shows how Labor can get its mojo back with new policy ideas, a new political strategy, organisational reform, and a refreshing of the party 's values. This book couldn 't be more relevant, more timely — or more necessary.
