Knowing your users stimulates your imagination and helps you create more exciting and effective design solutions. But there is a problem: the normal conception of 'the user' is incomplete and based on outdated notions. These notions of simple, direct relationships between people and products are no longer valid in today's complex, technologically interconnected world. This fun and practical book with a set of cards will change the way readers think about users. Rethinking Users introduces a radical new approach that questions some of our most fundamental ideas about the nature of user experience. It points to new opportunities to create products and services that help users in new ways. The book includes a deck of user archetype cards and step-by-step team activities for unlocking new user-centered thinking and design inspiration. For designers, design researchers, strategists, innovators, product managers, and entrepreneurs in almost any field.

The action-based guide to powerful, influential organizational storytelling  
Circle of the 9 Muses captures the best practices of the world's most influential story consultants and knowledge workers to help you find, tell, and draw value from your organizational stories as impetus for action. This rich toolbox is loaded with fun, graphical instructions and dozens of unique, replicable, and facilitated processes that require no special training or expertise. You'll discover your organization's hidden narrative assets, use different templates and frameworks to tell the stories of your past, present, and future and then draw team members into rich meaning-making dialogue that translates into action. These activities can be exercised in endless permutations, and expert advice steers you toward

the right activity for a specific purpose, including managing change, setting strategy, onboarding, defining the brand, engaging supporters or customers, merging cultures, building trust, and much more. Organizational storytelling is a powerful managerial tool and an essential change management technique. This is about your influence as a leader. Knowing the right story to tell and how to deliver it effectively gives you and your organization enormous influence, and helps connect employees to strategy by providing understanding, belief, and motivation in their personal contribution. This book is the ultimate field guide to becoming an influential storyteller, with concrete, actionable guidance toward all the storytelling fundamentals. Identify your organization's "narrative assets" Craft an elegant, well-constructed organizational story Capture, bank, and share stories with extraordinary engagement Facilitate a dialogue to draw out meaning and induce change The growing interest surrounding organizational storytelling has many change agents focused on "trying to tell better stories," but goals are useless without a plan of action. Circle of the 9 Muses helps you weave narrative wisdom into organizational development activities, engaging employees and driving change.

This book reports on cutting-edge research and best practices in developing innovative service systems. It covers issues concerning the suitability of a given system for human use, human services, and excellent human experiences. It explores a wide range of ways in which human factors in engineering, ergonomics, human-computer interaction (HCI), cognitive engineering, and many other disciplines can contribute to the design and management of service systems. It considers aspects related to cost effectiveness, ethics, and privacy, among others, and covers applications in many areas, from healthcare to education, transportation, and the economy. Based on the AHFE 2020 Virtual Conference on the Human Side of Service Engineering, held on July 16-20, 2020, the book provides readers with a comprehensive overview of current research and future challenges in the field of service engineering, together with practical insights into the development of innovative services for various kinds of organizations.

"A twisty, thought-provoking futuristic tale that unnerves and enthralls." -Family Circle In a future where women are a rare commodity, Emma fights for freedom but is held captive by the love of two men—one her husband, the other her worst enemy. If only she could remember which is which . . . In the stunning first volume of a two-

book series that will appeal to readers of William Gibson and Philip K. Dick, Emma wakes with her memory wiped clean. Her husband, Declan—a powerful and seductive man—narrates the story of her past, but Emma's dreams contradict him. They show her war, a camp where girls are trained to be wives, and love for another man. Something inside warns her not to speak of these things, but the line between her dreams and reality is about to shatter forever.

### **ARCHEO**

Carl Jung carved the Latin inscription "VOCATUS ATQUE NON VOCATUS DEUS ADERIT" above the front door of his home in Kusnacht, Switzerland. In English the translation reads: Called, or not called, God will be present. In his first book, *Jung & Remote Viewing*, Dr. David Shaver explored the field of extra-sensory perception from both psychoanalytic and philosophical perspectives. Now he explores the sphere of prophecy and demonstrates how prophecy is an empirical verification of Jung's Latin inscription. Drawing from Hebrew, Christian, Muslim, Buddhist, and Native American sacred writings, prophecy is found to have the same progressive stages regardless of culture or religion. Additionally, both Jungian and mythological writings reveal the presence of prophecy even in individuals of no particular tradition of faith. Prophecy as revelation through grace transforms individuals and provides new meaning through creative growth.

Enterprise Patterns and MDA teaches you how to customize any archetype pattern—such as Customer, Product, and Order—to reflect the idiosyncrasies of your own business environment. Because all the patterns work harmoniously together and have clearly documented relationships to each other, you'll come away with a host of reusable solutions to common problems in business—software design. This book shows you how using a pattern or a fragment of a pattern can save you months of work and help you avoid costly errors. You'll also discover how—when used in literate modeling—patterns can solve the difficult challenge of communicating UML models to broad audiences. The

configurable patterns can be used manually to create executable code. However, the authors draw on their extensive experience to show you how to tap the significant power of MDA and UML for maximum automation. Not surprisingly, the patterns included in this book are highly valuable; a blue-chip company recently valued a similar, but less mature, set of patterns at hundreds of thousands of dollars. Use this practical guide to increase the efficiency of your designs and to create robust business applications that can be applied immediately in a business setting.

'Applying the principles . . . outlined in this book in your own life may be the most important thing you do for your health this decade.' Christiane Northrup, MD, author of *Women's Bodies, Women's Wisdom* A collaboration between a traditionally trained physician and a medical intuitive, *The Creation of Health* illuminates the deep connection between emotional dysfunction and physical illness. It describes the role that emotional disturbances play in the most common diseases and ailments, from influenza, the common cold and arthritis to diabetes, heart disease and cancer. After an introduction to intuitive medicine and its relationship to conventional medicine, Dr Shealy offers a traditional account of a particular disease or ailment, while Dr Myss sheds light on the deeper emotional and psychic causes of the illness through her corresponding energy analysis. Confirming the link between illness and emotion, *The Creation of Health* puts forward a groundbreaking vision of holistic healing. Caroline Myss, PhD, is a sought-after motivational speaker on spirituality and personal power. She is the author of the bestselling *Anatomy of the Spirit* and *Why People Don't Heal and How They Can*. She lives in Chicago. C. Norman Shealy, MD, PhD, is the director of the Shealy Institute for Comprehensive Pain and Health Care in Springfield, Missouri, and founder of the American Holistic Medical Association.

### **Circle of the 9 Muses**

Far back in time, light from the underlying fabric of creation burst forth creating the super-luminous event through which our Universe was born. Time began its endless journey through ever-expanding space. The early universe was simply a sea of particles floating through space and time. But life's invisible wheels were already in motion and over time the sea of particles became a sea of stars from which Gaia, our Earth, was born - a living, breathing entity - our Goddess, our Mother and our reflection. The Gaia Oracle, a beautiful new oracle set from bestselling artist Toni Carmine Salerno, consists of 45 richly illustrated cards designed to point you in love's direction and help you find the answers you seek.

### **The Wild Unknown Tarot Guidebook**

This anthology brings together essays, rituals, and unique artwork dedicated to the Queen of the Night and the Dark Goddess of the Qliphoth. Denied and rejected, worshipped and venerated, Lilith has been a part of the Western culture for ages. Viewed both as a beautiful seductress and a ruthless demon, she is the Serpent in the Garden of Eden, the first woman, and the primary initiatrix into the mysteries of the dark side of the Qabalistic Tree of Life. Her rites are the works of love and pain, sex and transgression, transcendence and immanence, for she exists at the roots of all desire of all humans past, present, and future. This archetype has never been fully grasped in its profundity and is constantly unfolding, challenging us to recognize our fears and passions and to transform them into tools of power. In this book you will find personal accounts of practitioners who ventured into the sacred and unholy garden of the Dark Queen of Sitra Ahra and returned transformed and empowered by her gnosis. Spells and invocations, dream magic and guided meditations, visions and stories of intimate encounters with Lilith - all this is contained in this unique anthology, written from the perspective of the Left Hand Path and the Draconian Tradition. Compiled and edited by Asenath Mason, the book contains articles and contributions from Ahohlan Castart, Alisa Jones, Bill Duvendack, Edgar Kerval, Kai'Nathera, Katie Anderson, Leonard Dewar, Lucien von Wolfe, Mike King, Martha Gray, Nemo.V, and Selene-Lilith.

New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments—from rheumatoid arthritis to cancer—Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.

Archetype, Attachment, Analysis is a well-researched presentation of new material that offers a revision and reinterpretation of Jung's archetypal hypothesis. The author's ground breaking new exploration of expanding knowledge from other disciplines such as cognitive science and developmental psychology, and attachment theory and research evidence sheds important new light on Jungian theory and practice. Using information gathered through laboratory investigations and natural observational studies Jean Knox brings the notion of archetypes up to date and considers the implications of new paradigms for clinical work with patients. This book will become essential reading for all professionals and students of analytical psychology.

### **Defy Gravity**

"This book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales, via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling."  
"But this is only the prelude to an investigation into how and why we

are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Politicianthe dirtiest word in the English language. says Jacob Pirandello Kharinsky, a character in this book hailed as the UNDERGROUND CLASSIC OF OUR GENERATION: The DECLINE and FALL of THE UNITED STATES of AMERICA part I. (A theme which implies many things, possibilities and perspectives.) Jake Kharinsky discovers himself in an unknown labyrinth, a clandestine initiation, and is unable to recall what leads him there. Stranger than fiction events and stories unfoldwith aesthetic word play, symbolism, humor and an architected structure, as if crafted and written by a musician, to lead one into an expansion of consciousness, a journey of the mind, right into the HEART & UNCONSCIOUS of AMERICA and beyond. At times, engaging a psychological evaluation of the American political mind, and ways out of the swamps and wastelands. Jakes visionary pursuits for the meaning of life and his endless patriotic studies into the nature and origins of our political, social, and cultural realities leads him to write an Underground Notebook which will one day be a condensed guide for the coming dark era of: collapse, fascism, empire, civil war and revolution, though the Notebook is written with hopes towards identifying and preventing this disaster. (The Decline and Fall fleshes out what Emmanuel Goldsteins The Book, from Orwells 1984, may look like today.) America, as we are conditioned and believe we know it to be, is dissolving before our very eyes. Ask yourself: what is it that is not being said? Presents fresh research and powerful stories to give voice to a new generation of women driven by challenge and change Offers compelling advice on how to make wandering a life strategy, not just a series of unplanned events Includes probing questions and thought-provoking exercises to help readers find peace in life's chaos and confusion 2011 Axiom Award Gold Medal winner in the category of Women in Business There's a new generation of high-achieving women today—confident, ambitious, accomplished, driven. And yet, as master coach Marcia Reynolds discovered, many of them are also anxious, discontented, and frustrated. They're constantly questioning their purpose, juggling multiple roles, and reevaluating their goals. As a result they're restless—they move from job to job, from challenge to challenge, almost on impulse. They're wander women. Existing personal growth books, so focused on empowerment and encouragement, can't help these women. They don't need to find their voice—they know how to roar. They don't expect balance in their lives—but they long to find peace in the chaos. They aren't necessarily focused on gaining a seat in the boardroom—they want projects that mean something or businesses they run on their own. Reynolds helps wander women understand the roots of their restlessness and make their wandering a conscious strategy, not a reaction. Drawing on extensive research and interviews she illuminates the needs that drive their decisions and the core assumptions that lock them into rigid perfectionist patterns. She offers a wealth of exercises and practices that will enable wander women to reset their mental programming, discover new ways of finding direction, and thoughtfully choose and plan their futures, whether they climb the corporate ladder, find satisfaction below the glass ceiling, or set out on their own. For every woman plagued by frustration and self-doubt—"Will what I've done ever feel good enough?"—Wander Woman sets the stage to uncover the answers to life's tough questions about meaning and purpose, significance and value, and the legacy you can leave from a life lived well.

### **The Archeo: Personal Archetype Cards**

This book analyzes the rise of the earliest Greek temples through an innovative phenomenological approach, in which lived experiences are assumed as key tools of investigation. Accordingly, much space is dedicated to exploring the connections that tied the Greeks to their surroundings environment, by surviving records of Greek religion, poetry, art, philosophy and architecture from the archaic times. This framework sheds a new light on the relationship between 'human' and

'divine' in the ancient Greek world, suggesting that the archetypal structure of temple was devised to facilitate a particular kind of experience, that of the Divine. Such an experience produced a break from ordinary and profane life, allowing a special awareness to be gained. The findings and method of this book enable us to bridge the gap between our present days and that distant era, rediscovering our ancient past as an endless source of inspiration

### **The Book of Joy Journal**

Caroline Myss, author of the New York Times bestsellers *Anatomy of the Spirit* and *Why People Don't Heal and How They Can*, presents an exciting, highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, *Sacred Contracts* is a brilliant synthesis of psychology, healing guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don't understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose—our individual Sacred Contract—is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets—Abraham, Jesus, the Buddha, and Muhammad—whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can identify your particular spiritual energies, or archetypes—the gatekeepers of your higher purpose—and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest—in fact, your divine—potential. In this process, you learn how to see your life—and the lives of others—symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract: what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and
