### **The Ascension Mysteries**

Although Brent's dreams seem so real that they terrify him, he doesn't believe lucid dreaming is possible until his favorite high school teacher, Kaiba, insists that it is. And not only can lucid dreamers control their dreams, but they can also live in them. With help from Kaiba, Brent soon learns that the dream world is actually an alternate reality, as tangible as the real world and just as dangerous. While the bodies of lucid dreamers sleep, their minds and souls awaken in the dream world-called the Ream Realm-with just as much vitality and even greater physical and mental abilities. But Brent begins to discover that this impressive power might not be as desirable as it seems. What happens to a lucid dreamer's soul in a dream also affects his or her body in real life-even death. As Brent finds dream versions of his friends and enemies, facing the struggle of navigating relationships across two worlds, his actions in the Ream Realm become even more fateful in real life. A thrilling tale that alternatives between the dark, action-packed dream world and the lighthearted waking one, Star Gazer will keep fantasy lovers hooked to the very end.

Dreams are defined as a series of thoughts, images or emotions that occur while we are sleeping. However, it is not unusual for God to use dreams to communicate to us, His creation. Thus, dreams are also divine revelations that influence and impact our lives and the world around us. God used dreams to speak to Abraham (Gen. 15:1), Jacob (Gen. 46:2), Joseph (Gen.37), Samuel (1 Sam. 3:2-15), Daniel (Dan.2:28/ 4:5/2:19) and even Pharaoh (Gen. 41:1-7) about significant events that would take place and to guide them in their decision-making. Today, God still reveals His plans and purposes to us through

dreams (Joel 2:28).

Using a three-part structure of Ground, Path and Germination the reader is given a solid grounding in: the history and benefits of lucid dreaming . cutting edge research from dream and sleep scientists.. entering the path of learning to do the practices. prophetic dreams, lucid living, out of body experiences and quantum dreaming. Although Dreams of Awakening presents many different angles on how to make the 30 years we spend asleep more worthwhile, the fundamental aim of the book is to teach people how to lucid dream their way to psychological and spiritual growth. This book is for all those who want to wake up, both in their dreams and waking lives.

### **The Awakening of Miss Prim**

Book Three of the Law of One builds on the information presented in

Books One and Two, continuing the exploration of the nature and balancing of the energy centers or chakras, sexual energy transfers, healing, reincarnation, meditation, and Wanderers. The nature of psychic prophecy is explored in Book Three, as are the nature and ramifications of what are usually called psychic attacks. A good deal of information is given on the principles of ritual magic in general and white magic in particular, and a beginning is made in the study of the archetypical mind, which is the mind of the Logos and serves as a kind of blueprint for our evolutionary process and which serves as the foundation concept for each of our individual minds.

### **The Synchronicity Key**

This book is written in a new literal genre named New Classic ExPresSionism. You will not only read the written words but also experience their meaning. For example, if I write "summer" you will experience warmth. My work is about Awakening. I wrote it so you could experience it. New Classic exPresSionism (shortly NCE) allows you not only connect with the material presented in the article but also gives you a chance to experience it. For example, if I am writing about Awareness, you not only understand what I am writing about but also experience it despite its meaning that can be logical, or illogical, or just a rumble. Basically, you become Aware so you can understand fully not only the content but also the context and the real meaning of it. Similarly with other meanings like Emptiness or Suchness or Enlightenment Such writings can be done if the writer has full understanding of what she or he is writing about. So it has to be based and backed up by a long practice which allows to completely experience the written words. The words have to carry their full meaning which can be achieved by practicing of what it is written about. Words not only have a meaning but their form (the way they are written) becomes a meaning too. Words and the way they are written make them almost like paintings. Form becomes a meaning and meaning remains a meaning. This way meaning is liberated from the form as form becomes a meaning too. When the meaning is liberated, free, it can take any possible shape which will be its form and the form this way is seen as empty. This is also a definition of pure form that has been looked for by artists from the beginning of the existence of art. ."

### **Dreamwork and Self-Healing**

Through one incredible woman's journey from a child bride in a small Zimbabwe village to one of the world's most recognizable voices in women's empowerment and education, this manifesto inspires women to pursue their sacred dreams through nine essential lessons brought

forth from ancient African wisdom. Before Tererai Trent landed on Oprah's stage as her "favorite guest of all time," she was a woman with a forgotten dream. As a young girl in a cattle-herding village in Zimbabwe, she dreamed of receiving an education but instead was married young and by eighteen, without a high school graduation, she was already a mother of three. Tererai encountered a visiting American woman who assured her that anything was possible, reawakening her sacred dream. Tererai planted her dreams deep in the earth and prayed they would grow. They did, and now not only has she earned her PhD but she has also built schools for girls in Zimbabwe, with funding from Oprah. *The Awakened Woman: Remembering & Reigniting Our Sacred Dreams* is her accessible, intimate, and evocative guide that teaches nine essential lessons to encourage all women to reexamine their dreams and uncover the power hidden within them—power that can recreate our world for the better. Tererai points out that there is a massive, untapped, global resource in women who have, for one reason or another, set aside their wisdom, their skills, and their dreams in order to take care of the personal business of their lives. Not only is this a type of invisible suffering experienced by countless women, this rich resource is a secret weapon for improving our world. Women have the capacity to inspire, to create, to transform—and Tererai's call to action will awaken hearts, give permission to recapture dreams, and provide the tools to forge a brighter path for all. This is the movement of Sacred Sisters.

### **The Lotus in the Stone**

David Wilcock explores the frontier where science and spirit meet. In The Hidden Science of Lost Civilisations, he answered the greatest scientific secrets of our time to unlock the essential mysteries mankind have always struggled with: who are we, how did we get here and where are we going? In The Synchronicity Key, David Wilcock goes beyond this new understanding to investigate how our universe works. Using history and astrology, as well as new research into fractals, spiritual geometry and quantum physics, Wilcock demonstrates that there is a hidden architecture within time which guides individuals and nations through a system of enlightenment (which Joseph Campbell called the Hero's Journey). Historical events occur in shockingly precise and repeating cycles of time and once the hidden laws governing our fate through seemingly random 'synchronicity' are identified we are left with a remarkable blueprint of how to lead our lives in an uncertain world. David Wilcock's understanding of the living fabric that binds the universe together is behind his knowledge of synchronicity, the connections between seemingly unrelated events, and how we are guided by it. Synchronicity is a means to awaken us to our true identity, the thoughts we think and the actions we take are being guided by hidden cycles that repeat throughout the universe and

time. David Wilcock is our guide to this new world.

### **The Law of One**

Wynn Free explores the remarkable parallels between the work of David Wilcock and the legendary Edgar Cayce while he builds a convincing case that the two men shared the same source of prophetic information and that Wilcock might indeed be Cayce's reincarnation. Compiling some of Wilcock's most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in

the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

### **Awakening in the Dream**

"I am Ra. We came to your peoples to enunciate the Law of One. We wished to impress upon those who wished to learn of unity that in unity all paradoxes are resolved; all that is broken is healed; all that is forgotten is brought to light." For thousands of years those of Ra have sought to teach the Law of One to seekers of truth on Earth who wished to learn of the unity or oneness of all things. This basic law of all creation is buried deep within each of our hearts because we really are one in love and in light, the building blocks of the universe. We are all manifestations of the One Infinite Creator. We are the Creator. We are not learning this law for the first time but are remembering it yet again as all mystics have taught throughout Earth's history. Our journey of self-realization is the discovery or remembrance of this essential truth, our essential identity. A waking up, as some have called it, within an illusion of separation. Don Elkins and Carla L. Rueckert worked together for 12 years to perfect the channeling process and receive philosophical inspiration and guidance from extraterrestrial sources. When Jim McCarty joined them in 1980 they began to receive a new and unique type of channeling contact from those of Ra. Through this contact, Ra shared information to help seekers of truth deepen their awareness and acceptance of self and other, and to help Earth move into the emerging fourth density of love and understanding. This book is the transcript from the recording of that conversation between the Questioner and Ra. Through questions & answers, the metaphysical blueprint of spiritual evolution is explored, from the microcosm to the macrocosm, from the particulars of life on this planet to the life of the cosmos, to the possibilities of healing, transformation, and self-realization for spiritual seekers and wanderers. \* \* \* \* \* The Ra Contact: Teaching the Law of One Volume 1 contains Ra contact sessions 1-56. As with all L/L Research material, this book can be read for free in PDF form on L/L's archive website.

### **Awakening from the Dream**

There have been many previous books on the physiology of dreaming, the history of dream interpretation, and the meaning of specific dream symbols. But there have been relatively few books exploring the moment-by-moment process of interpreting dreams. This book guides you through this interpretive process, and illustrates how dreamwork promotes emotional, relational, and spiritual transformation. It explores how working with dreams enhances our emotional life, deepens our capacity for relationship, and helps us gracefully navigate change and transitions. The author shows that dreamwork is a natural antidepressant, is effective in transforming anger, bereavement, couples conflicts and impasses, and aids the process of individuation. The book explores archetypal themes and complexes, synchronistic experiences and spiritual awakening in dreams, and representations of the body in dreams. The final chapter, "Taming Wild Horses", explores animal dream symbolism and its importance for enhancing our human sexuality. The book also describes the Dream Mandala, a method of self-transformation through the union of opposites - the charged polarities of the personality.

### **Is This a Dream?**

Using the philosophy of non-duality as a framework, Anoop Kumar takes you on an exploration of identity, the core factor that is at the heart of not only spirituality, but also science, philosophy,

religion, and every other facet of life, including washing the dishes on Saturday night after the guests leave. But identity isn't only about us. It also influences what we see of the world around us. What is this world, after all? How does it relate to who we are and how we experience the world? As we explore these questions, the falseness of the dichotomy of you and the world around you is exposed. We are now upon a time in which our perspectives on spirituality, science, philosophy, and religion have evolved enough to stand together in the glare of the spotlight as we ask the most practical of questions: What is the common truth among all these? How does it change my life right now? How does it change the world? Is This a Dream? includes a Foreword by Deepak Chopra

This book describes a man's late life journey to Spiritual Awakeness and Unwavering Forgiveness. In fact, forgiveness changed the book's unfolding during the writing of it. The author began the book's writing with the desire to review a memory troubled life in a way that some degree of peace could be found within it. Forgiveness absolutely began to take over the book very early; forgiveness became the way of seeing the life rather than an end result. The author learned that forgiveness is not only cleansing and healing in retrospective, it completely changes the way we look at things. For the author, a lifetime previously perceived largely in ugliness was transformed into beauty. Prior unsavory scenes took their true places within auras of ignorance; eyes of forgiveness exposed ignorance as the true culprit in all unhappiness. Thus, things previously seen in contempt and blame became innocent of all charges. The author found total, Unwavering Forgiveness and Universal Love, gateways to God Consciousness.
