JOURNEY OF LOVE

"You cannot have a funeral for your mother without also having a funeral for yourself." This book poses the ever-lingering question: What happens when someone dies before they're able to redeem themselves? From the bestselling & award-winning poetess, amanda lovelace, comes the finale of her illustrated duology, "things that h(a)unt." In the first installment, to make monsters out of girls, lovelace explored the memory of being in a toxic romantic relationship. In to drink coffee with a ghost, lovelace unravels the memory of the complicated relationship she had with her now-deceased mother.

Dancers Between Realms

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply

to understand the rules of the game.

Ritual Magic for Conservative Christians

Magic, Monsters, and Make-Believe Heroes looks at fantasy film, television, and participative culture as evidence of our ongoing need for a mythic vision—for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story. Why do we tell and retell the same stories over and over when we know they can't possibly be true? Contrary to popular belief, it's not because pop culture has run out of good ideas. Rather, it is precisely because these stories are so fantastic, some resonating so deeply that we elevate them to the status of religion. Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons, and from Drunken Master to Mad Max, Douglas E. Cowan offers a modern manifesto for why and how mythology remains a vital force today.

Magic and Its Mysteries

The mermaid is known for her siren song, luring bedroom-eyed sailors to their demise. However, beneath these misguided myths are tales of escapism and healing, which Lovelace weaves throughout this empowering collection of poetry, taking you on a journey from the sea to the stars. They tried to silence her once and for all, but the mermaid's voice returns in this one.

Traer Sharp has proven himself worthy of the Protectors, once. But, is it enough for them to trust him completely? Jeta's unexpected attraction to the Relic Hunter may be diverting her cunning intuition for danger. Is Traer toying with her emotions to find the perfect opportunity to steal the Irizat Luna, or has he found his perfect match? With only twenty-seven days until the Black Moon rises over Rapture, Jeta will do whatever it takes to get there. The terrain will be a battle in itself. There was once a King, and he had a Queen; and he was the manliest of his sex, and she was the loveliest of hers. The King was, in his private profession, Under Government. The Queen's father had been a medical man out of town. They had nineteen children, and were always having more. Seventeen of these children took care of the baby; and Alicia, the eldest, took care of them all. Their ages varied from seven years to seven months. One day the King was going to the office, when he stopped at the fishmonger's to buy a pound and a half of salmon not too near the tail, which the Queen had requested him to send home. Mr Pickles, the fishmonger, said, "Certainly, sir, is there any other article, Good-morning." But what of the old lady in the shop? The King hadn't noticed her and she is VERY important to this story for she is the Good Fairy Grandmarina. But just how important you ask? Well, you'll just have to download and read this story and find out for yourselves!

The Empath. The word has found its way into our consciousness accompanied by ideas of healing, sharing emotion and pain. Empaths are sensitive, caring, responsive people who have at the core of their nature an innate ability to receive energy, information and awareness from others with a depth and intensity that is beyond our customary understanding of empathy. Yet, this very receptivity and permeability brings its own challenges. It is vital for empaths to recognize themselves as such and to consciously explore, understand and address this energetic flow in their life. Self-inquiry is the essential tool to

understanding all that motivates and colors your experience of the world. The book explores in depth this receptivity, as well as tools, concepts and approaches to support understanding and how to flourish with this heightened sensitivity. This book is a shared journey, edited from years of workshops and sessions with Elisabeth Fitzhugh and the Orion group.

The Magic Misfits

“Jon Dorenbos is a magical person. Life Is Magic shows how we can all choose happiness in the face of overwhelming odds.” —Ellen DeGeneres An extraordinary and empowering story of resilience, forgiveness, and living a life of purpose in the face of unfathomable obstacles. You may know him as an NFL All-Pro or as a world-class magician who made the finals of America’s Got Talent, but Jon Dorenbos says that what he does is not who he is. He is someone who coached himself, at the most tender of ages, to turn tragedy to triumph. One morning in August 1992, when Jon was twelve years old and living a seemingly idyllic childhood in suburban Seattle, he woke up for baseball camp. His dad waved goodbye. Later that day, Jon heard the news: his father had murdered his mother in the family’s three-car garage. In an instant, his life had shattered. He’d essentially been orphaned. Thrust into foster care while his father stood trial for murder, Jon struggled. Left to himself, he discovered an unlikely escape performing magic tricks. If you found a way to alter your reality, after your dad—your hero—killed your mom, wouldn’t you cling to it too? Then came football, which provided a release for all of his pent-up anger. Together, magic and football saved him, leading to fourteen NFL seasons on the gridiron and raucous sleight of hand performances to packed houses across the globe. In 2017, he was diagnosed with a life-threatening heart condition leaving him with a choice. To either break down or—as he’d by now long taught himself—bounce back. “Life Is Magic shows how we can all choose happiness in the face of overwhelming odds” (Ellen DeGeneres) and provides a roadmap for overcoming even the darkest of times. Jon’s story is poignant and powerful, told by a charismatic and optimistic man who has overcome life-or-death challenges with grace, persistence, a childlike sense of wonder...and jaw-dropping card tricks.
