Now completely revised and enlarged, using quotations from the New International Version -- John F. Walvoord's classic work on the Rapture! The Rapture Question examines the four views of the church's role in the tribulation: Partial Rapturism, Pretribulationism, Midtribulationism, and Posttribulationism, with the revised edition particularly discussing the current debate between pretribulationism and posttribulationism. In updating his work, the author also added treatments on the Rapture in the Gospels, in 1 Thessalonians 4, in 1 Thessalonians 5, in 2 Thessalonians, in 1 Corinthians, and in Revelation. A bibliography of current literature plus general and Scripture indexes are included.

### Knowledge and Rhetoric in Medical Commentary

In this new series - BIBLE THREADS, Keys to Understanding the Bible - Arlington McRae offers us a fresh new 21st century paradigm for how we approach the Bible and understand its essential message. The Bible presents us with a series of stories and related events. The question becomes, "How are these stories and events connected? And what are we to do with them?" The answer is found in understanding "Bible Threads". A Bible thread is the link or bridge that connects the stories and books. A Bible thread is what each story and/or book has in common with other books or stories from Genesis to Revelation. This series addresses the indispensable threads to prepare you to read your Bible enthusiastically with great understanding; and to allow you the joy of discovering other threads for yourself through your own daily Bible study. This volume offers a power packed, Jesus inspired, potentially life-changing resource as it presents the Bible to us in its simplest form. Starting at the beginning, the author walks us through a new "perspective" and a new "context" for how we understand and interpret what we read. It is designed for (a) those of us new to the Bible, and (b) those who never received a comprehensive overview of the Bible that makes sense to them. In this volume, the author lays out the structure and the over all story - the big picture - of the Bible. This presentation is designed to broaden the context for how we interpret and unify the various books and stories. At the completion of this volume, you will be encouraged to read your Bible and to study it more intelligently with much more confidence and with a satisfying sense of accomplishment.

## The Rapture Question

The Millennial Kingdom is a comprehensive biblical and historical treatment of the doctrine of the millennium written for the pastor, students, scholar, or layperson. The three leading millennial views -- postmillennialism, amillennialism, and premillennialism -- are presented in the context of their history, their theology, and their biblical interpretation. Dr. Walvoord presents postmillennialism first and then discusses amillennialism. However, the subject of premillennialism forms the main body of the work. The author introduces premillennialism with a survey of its historical background in the Old and New Testaments and in the history of the church. Its theological setting and methods of interpretation are discussed. A presentation of the character of the millennium concludes the volume.
