Beyond the Rules

A rousing and empowering story of dedication and overcoming all odds, featuring the tough and unforgettable athletes of the champion Lady Tigers softball team. Violence was a way of life for the girls of Mott Middle School in the South Bronx. Some woke up to it at home, and others dodged it on the way to school. Vicious physical fights broke out in classrooms, hallways, and bathrooms. These girls filed their fingernails into sharp points because they had to be ready to go at any time. Then a new coach joined the ranks at Mott Middle, and a new program began: girl's softball. Coach Astacio offers the girls the time and attention they need to take their first steps to success. As they learned to throw, hit and field, they also dealt with the foul balls life threw at them: abuse, fractured homes, and violence wherever they looked. But the biggest challenge they faced was learning to think and act like a team, not just a bunch of fierce girls against each other—and the world. Lady Tigers in the Concrete Jungle is the incredible true story that captured the hearts of millions when they were invited to appear on Ellen earlier this year. The Lady Tigers were invited onto the field at Yankee Stadium where the Yankees honored Coach Astacio with “ Coach of the Year ” at their Hispanic Heritage Month Community Achievement Awards in September 2017. But beyond the headlines, this is a story of a self-selected community coming together with faith, courage, and new-found values to overcome fear, violence, and crippling doubt. These girls have ushered in a new confidence and pride not only in themselves, but in their school, the faculty, and their friends. And while not all of them have continued down this new path, many are now the first in their families to go to college and are beginning to see how being a Lady Tiger will always be a part of their lives.

In *Beep*, David Wanczyk illuminates the sport of blind baseball to show us a remarkable version of America's pastime. With balls tricked out to beep three times per second like a troubling EKG and with bases that buzz, beep baseball is both innovative and intensely competitive. And when the best beep baseball team in America, the Austin Blackhawks, takes on its international rival, Taiwan Homerun, no one's thinking about disability. What we find are athletes playing their hearts out for a championship. Wanczyk follows teams around the world and even joins them on the field to produce a riveting inside narrative about the game and its players. Can Austin's Lupe Perez overcome his temper and lead his team to victory? Can Ethan Johnston, kidnapped and intentionally blinded as a child in Ethiopia, find a new home in beep baseball? Will Taiwan's MVP Ching-kai Chen--"the looker" who is suspected of having better vision than he claims--keep up his incredible play as he fights legal troubles at home? Do players come to terms with their blindness through the game, or does it inflame their close-to-the-surface frustration about their disability? *Beep* is the first book about blind baseball.

The Norton Field Guide to Writing with 2016 MLA Update

In this inspirational yet practical book, the man Parade called "the most important coach in America," subject of the national bestseller *Season of Life*, Joe Ehrmann, describes his coaching philosophy and explains how sports can transform lives at every level of play, from the earliest years to professional sports. Coaches have a tremendous platform, says Joe Ehrmann, a former Syracuse University All-American and NFL star. Perhaps second only to parents, coaches can impact young people as no one else can. But most coaches fail to do the teaching, mentoring, even life-saving intervention that their platform provides. Too many are transactional coaches; they focus solely on winning and meeting their personal needs. Some coaches, however, use their platform. They teach the Xs and Os, but also teach the Ys of life. They help young people grow into responsible adults; they leave a lasting legacy. These are the transformational coaches. These coaches change lives, and they also change society by helping to develop healthy men and women. *InSideOut Coaching* explains how to become a transformational coach. Coaches first have to "go inside" and articulate their reasons for coaching. Only those who have taken the *InSideOut* journey can become transformational. Joe Ehrmann provides examples of coaches in his life who took this journey and taught him how to find something bigger than himself in sports. He describes his own *InSideOut* experience, starting with the death of his beloved brother, which helped him understand how sports could transcend the playing field. He gives coaches the information and the tools they need to become transformational. Joe Ehrmann has taken his message about the extraordinary power of sports all over the country. It has been warmly endorsed by NFL head coaches, athletic directors at major universities, high school head coaches, even business groups and community organizations. Now any parent-coach or school or

community coach can read Ehrmann ' s message and learn how to make sports a life-changing experience.

The evidence is overwhelming: sports help girls grow into strong women. Both scientific studies and anecdotal evidence confirm that athletic girls not only grow up to be healthier; they learn teamwork, gain inner confidence, and grow into society's leaders. Yet no one is speaking directly to these girls. Jennie fills the role of girlfriend, big sister, team captain, and mentor. In most communities, land use regulations are based on a limited model that allows for only one end result: the production of more and more suburbia, composed of endless subdivisions and shopping centers, that ultimately covers every bit of countryside with "improvements." Fortunately, sensible

alternatives to this approach do exist, and methods of developing land while at the same time conserving natural areas are available. In *Conservation Design for Subdivisions*, Randall G. Arendt explores better ways of designing new residential developments than we have typically seen in our communities. He presents a practical handbook for residential developers, site designers, local officials, and landowners that explains how to implement new ideas about land-use planning and environmental protection. Abundantly illustrated with site plans (many of them in color), floor plans, photographs, and renditions of houses and landscapes, it describes a series of simple and straightforward techniques that allows for land-conserving development. The author proposes a step-by-step approach to conserving natural areas by rearranging density on each development parcel as it is being planned so that only half (or less) of the buildable land is turned into houselots and streets. Homes are built in a less land-consumptive manner that allows the balance of property to be permanently protected and added to an interconnected network of green spaces and green corridors. Included in the volume are model zoning and subdivision ordinance provisions that can help citizens and local officials implement these innovative design ideas.

No Try Only Do

Business is hard--but it doesn't have to be. You have realized that your business needs change--that's the first step. Andy Bailey knows entrepreneurs. Now the Founder of Petra Coach, Andy started his career as an entrepreneur himself, founding NationLink Wireless while still in college and growing it into an Inc. 500 corporation. After burning the candle at both ends for years, however, Andy realized that he was working "for" his job, not "on" his business. He began searching for ways to achieve his ultimate entrepreneurial dream and began implementing a specific methodology, based on the Rockefeller Habits. After years of strategic plans, systematized procedures and goal-setting, Andy successfully sold and exited NationLink in 2011. With the next chapter on the horizon, he realized that all of the lessons he learned and the business habits he had adopted to further his own career could be taught to organizations, entrepreneurs and business leaders to improve accountability, camaraderie, culture and results. Fast forward to the present day, and Andy now has logged more than 10,000 hours coaching CEOs, executives and leaders across the globe on these principles. *No Try, Only Do* is about how to avoid "the weak option," why entrepreneurs often fall back on it, and the lessons Andy learned via his own bloody experiences over the years. If you're a business owner or entrepreneur, there's no room for "try" in your vocabulary.

Charles Handy is one of the giants of contemporary thought. His books on management - including Understanding Organizations and Gods of Management - have changed the way we view business. His work on broader issues and trends - such as Beyond Certainty and The Second Curve - has changed the way we view society. In his new book, Handy builds on a life's work to glimpse into the future and see what challenges and opportunities the next generation faces. How will people cope with change in a world where the old certainties no longer apply? What goals will and should they set themselves? How will they find purpose and fulfilment in their lives? Clear-eyed and optimistic by turns, he sets out the questions that everyone needs to ask themselves, and points us in the direction of the answers.
