Everyday Mindfulness Word Search

The first practical book on how to use salt crystal lamps • Explains the mental and physical benefits of these lamps • Shows where to place them for maximum effectiveness • Discusses how to use them to enhance meditation, relaxation, Reiki, positive thinking, and chakra work Natural salt crystal has been credited with a range of curative powers, from air purification to migraine relief to protection against airborne germs. Mined in the foothills of the Himalayas, where they have absorbed mineral elements that enrich them and imbue them with different colors, salt crystal lamps release healing negative ions into the air when turned on. Like the energizing negative ions released in the natural settings of mountains, waterfalls, or beaches, the negative ions emitted by these lamps increase oxygen flow to the brain, helping to alleviate depression, relieve stress, and boost daytime energy. These ions also naturally counteract the effects of the electromagnetic waves we are bombarded with from appliances like televisions, computers, and air conditioners. Salt crystal lamps have also proved to protect against airborne germs and can reduce the symptoms of allergies, sinus problems, "brain fog," and insomnia. This book offers in-depth instructions on where to place these lamps in the home for maximum effectiveness, how to choose the optimal color lamp based on its color's therapeutic benefits, and how to use them to enhance meditation, relaxation, Reiki, positive thinking, and chakra work.

Word Search Save Time

Brain Games - Everyday Mindfulness Word Search

Mindfulness Sudoku

Dr. Ronald E. Wheeler is unique in the medical world and the practice of Urology. Dr. Wheeler is one of the world's leading diagnostic and treating Prostate Cancer Specialists based upon a very sophisticated skill set. Dr. Wheeler diagnoses and treats only prostate disease in a full time clinical practice in Sarasota, Florida. Less than a handful of Urologists from around the world can make claim to specializing in prostate related issues only. Dr. Wheeler's clinical expertise in the diagnosis and treatment of prostate cancer has superseded the credentialing process. In fact, Dr. Wheeler intends to establish credentialing guidelines for physicians relevant to prostate specific diagnostic and treatment modalities. Dr. Wheeler is a world expert in High Intensity Focused Ultrasound (HIFU), having diagnosed and treated more patients for prostate cancer from more countries than any other treating doctor in the world. HIFU worldwide is a viable treatment option for prostate cancer, benign prostatic hyperplasia (BPH) and Uterine fibroids in women. Dr. Wheeler is arguable the world's most acclaimed Urologist in the application of prostate imaging through ultrasound and 3.0 Tesla Magnetic Resonance Imaging (with or without spectroscopy) while improving excellence in outcome data compared to doctors who rely on random ultrasound guided biopsies as a questionable standard care. The fact that 40-60% of men fail to be cured from prostate cancer by 7-10 years following radiation or radical prostatectomy (including the Da Vinci robot) speaks to the inability of ultrasound to identify cancer accurately and further supports the need for other Urologists to follow the path Dr. Wheeler has chosen. Beyond this, Dr. Wheeler is the Medical Director for a Tampa, Florida based company that has developed an oncolytic virus that expects to alter the landscape of some of the most unpredictable diseases men and woman face including prostate and breast cancer. Because of Dr. Wheeler's passion and expertise, patients seek his leadership in disease assessment from all over the world!

My First Word Search Book Easy Jumble Word Puzzles

Seek A Word Puzzle Book Brain Boosting Challenges
