Big Apple Gangsters

For seven years, Alison Arngrim played a wretched, scheming, selfish, lying, manipulative brat on one of TV history's most beloved series. Though millions of Little House on the Prairie viewers hated Nellie Oleson and her evil antics, Arngrim grew to love her character—and the freedom and confidence Nellie inspired in her. In *Confessions of a Prairie Bitch*, Arngrim describes growing up in Hollywood with her eccentric parents: Thor Arngrim, a talent manager to Liberace and others, whose appetite for publicity was insatiable, and legendary voice actress Norma MacMillan, who played both Gumby and Casper the Friendly Ghost. She recalls her most cherished and often wickedly funny moments behind the scenes of Little House: Michael Landon's "unsaintly" habit of not wearing underwear; how she and Melissa Gilbert (who played her TV nemesis, Laura Ingalls) became best friends and accidentally got drunk on rum cakes at 7-Eleven; and the only time she and Katherine MacGregor (who played Nellie's mom) appeared in public in costume, provoking a posse of elementary schoolgirls to attack them. Arngrim relays all this and more with biting wit, but she also bravely recounts her life's challenges: her struggle to survive a history of traumatic abuse, depression, and paralyzing shyness; the "secret" her father kept from her for twenty years; and the devastating loss of her "Little House husband" and best friend, Steve Tracy, to AIDS, which inspired her second career in social and political activism. Arngrim describes how Nellie Oleson taught her to be bold, daring, and determined, and how she is eternally grateful to have had the biggest little bitch on the prairie to show her the way.

The Ultimate Guide to Softball Nutrition: Maximize Your Potential

A New York Times bestselling author takes a rollicking deep dive into the ultra-competitive world of

youth hockey Rich Cohen, the New York Times–bestselling author of *The Chicago Cubs: Story of a Curse and Monsters: The 1985 Chicago Bears and the Wild Heart of Football*, turns his attention to matters closer to home: his son’s elite Pee Wee hockey team and himself, a former player and a devoted hockey parent. In *Pee Wees: Confessions of a Hockey Parent*, Cohen takes us through a season of hard-fought competition in Fairfield County, Connecticut, an affluent suburb of New York City. Part memoir and part exploration of youth sports and the exploding popularity of American hockey, *Pee Wees* follows the ups and downs of the Ridgefield Bears, the twelve-year-old boys and girls on the team, and the parents watching, cheering, conniving, and cursing in the stands. It is a book about the love of the game, the love of parents for their children, and the triumphs and struggles of both.

Confessions of a Government Man is filled with astute, often hilarious memoirs of Alan Greenberg's thirty-nine year career with the U.S. General Services Administration. His real-life tales of deception and sleight-of-hand maneuvers in high government places include a cast of characters worthy of Hollywood. A few of his stories are a bit risqué and some show that incisive philosophical advice sometimes comes from the most unlikely sources. Throughout we see plenty of salty New York culture. At various times Greenberg was threatened with arrest and contempt of court, detained at gunpoint by a judge, had an off-the-cuff wisecrack end up on national television, and even had a curse put on him by a spiritual leader. Through it all he maintained his sense of humor. Greenberg gives us a true insider's vantage point. With contracting authority for a stack of taxpayer money, which went into the billions and had the potential for providing a lot of lifetime meal tickets, it was little wonder that Greenberg was very popular with the construction industry and any politician with an eye for publicity. Many of his stories give the reader insight into realities that media coverage somehow missed. Reporters, in their zeal to dig up dirt, often followed minutia while the true stories went unreported. One example was the \$10 million "savings" to a project, which was actually a \$40 million addition. Amazingly, nobody was the wiser. Experience is the best teacher, and during his many years on the job, Alan Greenberg knew what it was like to be under siege by the media, the Congress, the White House and concerned citizens. He developed rules of survival that enabled him to be a success in the large, complex bureaucracy of our government. He shares these years with us, happily turning them into a delightful and entertaining romp.

* * * "Professor Parkinson would be proud. This book should be required reading in every business school. Solid lessons in business and life told in a most unique manner. Read the chapters in any sequence and the result is still the same - sound business logic with unforgettable memory joggers." - Barry Becher, Ginsu Knife Creator + co-author of The Wisdom of Ginsu "Mr. Greenberg's keen insight and humor make this an indispensable guide for anyone trying to survive and flourish in a large organization." - Len Fried, Director of Manufacturing Excellence (Retired), IBM Microelectronics "As our 'big-ass suit' author states 'they woke up on third base and thought they hit a triple.' Mr. Greenberg hit a home run with this most entertaining book. Well done, kid from Brooklyn, and CONGRATULATIONS for allowing us plain folk to see what really goes on behind the scenes in our government with its Damon Runyonesque cast of characters." - Lew Duberman, CFO (Retired), Helene Curtis Industries, Inc."

Winter Flowers and Other Signs of Redemption

The great founding figures of organized crime in the 20th century were born and bred in New York City, and the city was the basis of their operations. Beginning with Prohibition and going on through many illegal activities the mob became a major force and its tentacles reached into virtually every enterprise, whether legal or illegal: gambling, boxing, labor racketeering, stock fraud, illegal unions, prostitution, food service, garment manufacturing, construction, loan sharking, hijacking, extortion, trucking, drug dealing - you name it the mob controlled it. The men who organized crime in America were the sons of poor immigrants. They were hungry for success and would use whatever means available to achieve their goals. They were not interested in religious identity and ethnic identity. Their syndicate of criminals was made up, primarily of Italians and Jews, but also Irish and black gangsters who could further their ambitions. Their sole objective was always the same - money. It began with Arnold Rothstein, who not only helped to fix the 1919 World Series, but who also mentored and financed the individuals who would control organized crime for decades. Individuals such as Frank Costello, Lucky Luciano, Bugsy Siegel, Joe Adonis, and Meyer Lansky, who would then follow suit setting up other criminal organizations. They established rules of governance, making millions of dollars for themselves and their cohorts. All the organized crime bosses and their cohorts had the same modus operandi: they were far-seeing opportunists who took advantage of every illegal opportunity that came their way for making money. Big Apple Gangsters: The Rise and Decline of the Mob in New York reveals just how influential the mob in New York City was during the 20th century. Jeffrey Sussman entertainingly digs into the origins of organized crime in the 20th century by looking at the corporate activity that dominated this one city and how these entrepreneurial bosses supported successful criminal enterprises in other cities. He also profiles many of the colorful gangsters who followed in the footsteps of

gangland's original founders. Throughout the book Sussman provides fascinating portraits of a who's who of gangland. His narrative moves excitingly and entertainingly through the pivotal events and history of organized crime, explaining the birth, growth, maturation, and decline of various illegal enterprises in New York. He also profiles those who prosecuted the mob and won significant verdicts that ended many careers, responsible for bringing many organized crime figures to their knees and then delivering a series of coups de grace - such as Burton Turkus, Thomas Dewey, Robert Kennedy, and Rudolph Giuliani.
