A Symbol of Everything that is Right with America America is filled with small towns-places you've never heard of, and probably never will. Yet it is these towns that are the lifeblood of this country. They don't have the financial might of New York City, or the glamor of Los Angeles. They don't have professional sports teams, or major research hospitals, or massive universities. Yet these small towns are, nevertheless, the feeder system that makes all those things possible. Their chief export? Decent, hardworking, and extremely talented people. Clawson, Michigan is just such a town. Located north of Detroit, it is a bit over two-square miles in size, yet has produced an amazing number of truly remarkable and gifted people. The list ranges from professional and Olympic athletes, to major players in the arts and sciences, to military leaders. In our first book, *Two Square Miles: The Heroes of a Small Town*, we chronicled over 50 such people. In this one, we cover 50 more. Will there someday be a third book? Yes, most certainly. For the work of towns like Clawson, and thousands of others like it, is far from done.

### Starting a Business QuickStart Guide

An essential guide for every kind of artist that teaches them how to skip the gallery system, find their niche, and connect directly with collectors to profitably sell their art. For years, galleries have acted as gatekeeper separating artists and collectors. But with the explosion of the Internet, a new generation of savvy, independent artists is connecting with buyers and making a substantial living doing what they love. How to Sell Your Art Online shows any artist how to make a successful living from their work. Cory Huff dispels the myth of the starving artist and provides the effective business strategies necessary to make artistic creations pay. He helps individual artists find their niche; outlines the elements essential for an effective website; and provides invaluable advice on e-mail marketing, blogging, social media marketing, and paid advertising—explaining how to tie all these online activities into offline success. Most importantly, he shares the secret to overcoming the biggest challenge artists face when self-marketing: learning how to tell their unique stories. Every artist has a reason for making art, but can't always find the right way to express it. Huff provides exercises artists can use to clarify the intellectual and emotional process

behind their art, and teaches them how turn that knowledge into stories they can tell online and in person—and expand their reach through blogs and social media to build their art business. Drawing from the stories of successful artists, thoroughly describing how art is sold today, and providing tips on how to build connections personally and electronically, *How to Sell Your Art Online* illustrates the countless ways artists can take control of their creative careers—and sell their work without selling out.

Each weekly lesson is easy to understand for children between the ages of seven and fifteen although parents are encouraged to spend at least one hour per week reviewing the past week's budget, studying the money principle and creating a budget for the upcoming week. A murder at the Edgar Allan Poe Museum in Richmond, Virginia, bears a close resemblance to one in Trondheim, Norway. The corpse of the museum curator in Virginia is found flayed in his office by the cleaning staff; the corpse of an archivist at the library in Norway, is found inside a locked vault used to store delicate and rare books. Richmond homicide detective Felicia Stone and Trondheim police inspector Odd Singsaker find themselves working on similar murder cases, committed the same way, but half a world away. And both murders are somehow connected to a sixteenth century palimpsest book—The Book of John—which appears to be a journal of a serial murderer back in 1529 Norway, a book bound in human skin. A runaway bestseller in Norway, Jørgen Brekke's *Where Monsters Dwell* has since sold to over fourteen countries. *Where Monsters Dwell* is the most awaited English language crime fiction debut in years.
