The male market is exploding. Thanks to emerging social and cultural trends, men are becoming consumers to reckon with. In 1990 only 4% of men claimed to regularly use a skin care product. By 2015 the figure will have risen to 50%. Branded Male discusses the evolution of the male consumer and the desire of marketers to tap into the still underdeveloped male market. Crammed with facts and anecdotes, Branded Male analyses how to effectively brand products and services for the male market. Using a typical modern male's weekday as a template and examining all the influences affecting him, the book considers his exposure to brands and the ways marketers can exploit these channels, taking you through popular strategies for marketing to men. In his trademark style, Mark Tungate - the author of Fashion Brands: Branding Style from Armani to Zara - paints a portrait of the male consumer. From razor blades to beer, from aftershave to hotels, he finds out which marketing messages have the most impact on male wallets. Men's bank balances may never be the same again.

Every year, hundreds of thousands of young people pack their bags to study or volunteer abroad. Well-intentioned and curious Westerners--brought up to believe that international travel broadens our horizons--travel to low-income countries to learn about people and cultures different from their own. But while travel abroad can provide much-needed perspective, it can also be deeply unsettling, confusing, and discomforting. Travelers can find themselves unsure about how to think or speak about the differences in race or culture they find, even though these differences might have fueled their desire to travel in the first place. Beyond Guilt Trips helps us to unpack our Western baggage, so that we are better able to understand our uncomfortable feelings about who we are, where we come from, and how much we have. Through engaging personal travel stories and thought-provoking questions about the ethics and politics of our travel, Beyond Guilt Trips shows readers ways to grapple with their discomfort and navigate differences through accountability and connection.

The Exclusive System to Learn-Not Just Memorize-Essential Words A powerful vocabulary opens a world of opportunity. Building your word power will help you write more effectively, communicate clearly, score higher on standardized tests like the SAT, ACT, or GRE, and be more confident and persuasive in everything you do. But in order to truly increase your vocabulary, you need a system that works. With most guides, you end up only memorizing the new words for a short time, often not even long enough to use them in tests. Fiske WordPower is different. Using the exclusive Fiske system, you will not just memorize words, but truly learn their meanings and how to use them correctly. This knowledge will stay with you longer and be easier to recall-and it doesn't take any longer than less-effective memorization. How does it work? This book uses a simple three-part system: 1. Patterns: Words aren't arranged randomly or alphabetically, but in similar groups that make words easier to remember over time. 2. Deeper Meanings, More Examples: Full explanations-not just brief definitions-of what the words mean, plus multiple examples of the words in sentences. 3. Quick Quizzes: Frequent short quizzes help you test how much you've learned, while helping your brain internalize their meanings. Fiske WordPower is the most effective system for building a vocabulary that gets you clear and successful results.

My Own Worst Frenemy

Dave Ross (1871-1943) and George Ade (1866-1944) were trustees, distinguished alumni and benefactors of Purdue University. Their friendship began in 1922 and led to their giving land and money for the 1924 construction of Ross-Ade Stadium, now a 70,000 seat athletic landmark on the West Lafayette campus. Their life stories date to 1883 Purdue and involve their separate student experiences and eventual fame. Their lives crossed paths with U.S. First Lady Eleanor Roosevelt, Henry Ford, Amelia Earhart, and Will Rogers among others. Gifts or ideas from Ross or Ade led to creation of the Purdue Research Foundation, Purdue Airport, Ross Hills Park, and Ross Engineering Camp. They helped Purdue Theater, the Harlequin Club and more. Ade, renowned author and playwright, did butt heads with Purdue administrators at times long ago, but remains a revered figure. Ross's ingenious mechanical inventions of gears still steer millions of motorized vehicles, boats, tractors, even golf carts the world over.

As AJ's family struggled with drug addiction, poverty, and mental illness, she found escape through comic books and video games. Inspired by tough and unconventional female characters, it wasn't until she discovered pro wrestling that she learned superheroes could be real. AJ trained and sacrificed for years to achieve her dream of wrestling professionally, but faced industry pressure to play the role of the damsel in distress and to dress more provocatively to cater to male fans. She created an ass-kicking alter ego that was nerdy, enthusiastic, and a little bit crazy. This is her brave confessional about her long road to self-acceptance.
