This is a book of poetry that I have poured my heart into. Each poem is inspired by my experiences and is greatly influenced by love and heartbreak. As a writer my goal is to make you feel, to read, and to truly want to read. My work has no point if it does not give you an

emotional reaction or give you the desire to continue reading. With that being said, I hope that you can find some connection to my work, whether it be a few lines or a few poems. I truly hope you can connect with my work.

Brianna has longed for a life with more meaning and more purpose. What truly makes her soul come alive is music, but her life is full of laundry and dishes. One night her life is ripped apart by a fire in her village. With no family, no home, and no food, she must learn to survive on her own. But deep in her soul, anger is kindled against the Holy One for bringing so much pain into her life. Brianna sets off on an adventure that will ultimately bring her to the Hall of Minstrels, the heart of music in the kingdom, but all she ends up with is a pile of laundry and a stack of dishes. When life seems to have reached its dulllest point and nothing really matters anymore, then the Holy One may pour destiny on our souls and overflow our lives with purpose and love. Then we realize that we don't have to know all of the answers to all of the questions, to know that the Holy One cares for us.

when Charlie encounters one of these grumps! How quickly can you say. ANOTHER TRIP TO THE PAST!? Unfamiliar with Charlie Jenkins? Readers first fell in love with the ten year old outcast in Elle Bee's short adventure, Charlie and the Bee, in which, Charlie was taken on his first "Field Trip" with his new teacher (a talking bumblebee). Next, Charlie starred in the children's fiction novella, The Evidence, and was confronted with child trafficking, refugees, and a thing called Christianity. His latest activity to fall under the public eye was his adventure in Mother's What?! in which he was taken back in time and met the mother of Mother's Day. Now, here Charlie is again, and he is about to learn the "WHY" for Father's Day. Are you ready to be blown away? Each Charlie adventure can be fully enjoyed as a stand alone story.

preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

From its early days, one of the most influential forces in America has been Rock & Roll. Born in the late 1940's, Rock and Roll's popularity rapidly grew among the younger generation. In the 1950's, Elvis Presley exploded on the national scene. At the same time, Black singers like Ray Charles, Little Richard and Chuck Berry were gaining in popularity. Rock and Roll was on the way to changing America's culture. In the early 1960's The Beatles led the British Invasion and changed the world. Music merged with politics and nothing's been the same.

The novel is divided into two basic parts: 1) A narrator tells the story of Anna and Lucia two girls of Italian origin, who after spending a childhood and a peaceful and happy childhood in Borneo discovered a love affair between their parents, so disgusted, they decide to leave and reach Italy. Here find a very closed society, resulting in great difficulty in entering and get to know people. However, they manage to find a permanent job, but it soon proves a real torture. They are also able to find a partner, but with the help of a marriage agency. Here begin the visits to some of the most important places and monuments of Sicily, but also of Rome, Florence and Venice, where Anna spends her honeymoon. This is illustrated by several images and accurate historical reconstructions. When for the two friends finally everything

seemed to go for the best, something happens In this first part, which can be defined a fable with a final suspense, however, are treated different topics of scientific, philosophical, architectural and cultural heritage. The moral of this story is designed to highlight the importance of education and wisdom handed down by our predecessors.2) The narrator of this romance is in a state of suffering for the ills of society and human weaknesses that are highlighted in an exaggerated way in this second part, which is characterized by mental ravings and tragicomic adventures that lead to an escape from the world of work and his vain attempt to move away completely from these diseases leading to a final surreal.

Elle the Humanist is a beautifully illustrated book by nine-year-old Elle Harris, presenting humanist ideas and ethics in a way that's warm, welcoming, and accessible for young readers. It features a foreword by renowned philosopher and author Daniel Dennett. Elle had a small problem. Growing up in a secular household, but in a community dominated by one religion, Elle was one of the few kids in her third-grade class who wasn't religious. When she talked to friends and classmates, she found that many of them had a hard time imagining someone who didn't go to church or pray. Some others wondered how Elle could know right from wrong

without religious leaders or sacred books to tell her. The conversations Elle found herself having weren't judgmental or contentious, but the result of honest curiosity. After school, Elle would ask her dad to help her explain what she believed and how she felt in a way that would make sense to the other kids at school. From those talks came ideas that eventually became Elle the Humanist a warm, clearly expressed introduction to humanism for young readers.

### **It Begins**

Each of the 17 chapters of this book is an introduction to the life and beliefs of a great scientist, philosopher, poet or thinker who rejects faith in theistic concepts of religion developed by primitive people. They run from Voltaire, Thomas Paine and Robert Ingersoll, to Walt Whitman, Isaac Asimov and Carl Sagan. These thinkers expound on their views of the natural world and on what we can hope and believe based on the scientific method and discoveries. They fill us with overwhelming sense of wonder and awe by what they teach about how to view our wonderful world. They teach us to thrill to evolving life and to be at peace with ourselves despite the limits of our lives. Past President of the Humanist Association of Central Connecticut, Dr. David Schafer, said, "For several years, among the talks most consistently popular with our members have been those in Doug Peary's long running series, 'Humanist Heroes.' One reason seems to be the emotional intensity Doug brings to his research on each of his subjects, an intensity that continues to reward him, and us, deeply with each of his subjects with each new biography he touches. These are not just interesting stories from and

about the lives of Humanists--they are intimate glimpses of more meaningful insights into living, working, loving, and dying, profoundly inspirational for Doug and his audiences."

It doesn't have to be true, it just has to seem true. This is a code that Jakari Roberson lives by. He definitely applies this philosophy to his relationship with Qia. He loves her with all of his heart and treats her like a queen. There isn't anything he won't do for her. However, Jakari has a big secret that he has managed to keep hidden from Qia for the past 14 years. He has finally made the decision to change, but is it a little too late? In Qia's eyes she has the most loving, attentive, romantic, and faithful husband in the world. But, will the picture of her fairytale life shatter when she finds out what Jakari has really been up to? Will the love for her husband be enough to make her stay? Or, will his betrayal be enough to push her over the edge and into the arms of someone more deserving? Take a journey with these high school sweethearts. It is certainly a long difficult one, but it will be well worth it if they can figure out what constitutes a marriage and if their marriage is really worth saving?

A broad range of cultural works produced in traditional and modern African communities shows a fundamental preoccupation with the concepts of communal solidarity and hospitality in societies driven by humanistic ideals. *African Cultural Production and the Rhetoric of Humanism* is an inaugural attempt to focus exclusively and extensively on the question of humanism in African art and culture. This collection brings together scholars from different disciplines who deftly examine the deployment of various forms of artistic production such as oral and written literatures, paintings, and cartoons to articulate an Afrocentric humanist discourse. The contributors argue that the artists, in their representation of civil wars, massive corruption, poverty, abuse of human rights, and other dehumanizing features of post-independence Africa, call for a return to the traditional African vision of humanism that is relentlessly being eroded by the realities of postcolonial nationhood.

Most of the time, Briar Rose thinks she's still fifteen, even though it's been two thousand, one hundred, and eighty six days, and if she wasn't stuck in this dream she'd be twenty one already. She hasn't changed since she's been here, not that she can see. There aren't any mirrors or even reflections, so she's not sure if her face has matured, but her voice still sounds young and sweet and her hair hasn't grown at all, still golden and hanging to her elbow in baby curls. Her frock still fits and it's not stretched out or faded or worn, just wet with the scent of her blood. She feels old though, older than fifteen or twenty one or even one hundred. Sometimes she feels older than an entire millenium, sitting here in her dusty, dull castle in the middle of her cloudy, lifeless dream world. Sometimes she wonders what's going to happen when she wakes up after one hundred years and finds everyone she'd ever known has left her behind. She pictures herself kneeling at her parents' graves with clean fingertips on their headstones and a kingdom around her that doesn't remember. But mostly, she wonders what it'll be like to no longer bleed.

The present study had its origins long ago in a doctorate thesis presented at the University of Cambridge. The work has been considerably enlarged in scope, if not in bulk, but has always been conceived as a whole. Nicole's thought is, in any case, remarkably coherent. I make use of articles of mine published in French Studies for April 1960 and July 1967, and my thanks are due to the General Editor of that journal for permission to do so. I owe a great debt of gratitude to Dr M. G. Wallas, who guided my researches in the early years. The penetration and lucidity of her criticism were equalled only by her kindness and patience. To Mr N. J. Abercrombie, who had himself worked on Nicole for a number of years, I am deeply grateful for the gift of books, notes and analyses. Probably every section of this study owes something to his work, hints of the importance of the influence on Nicole of St François de Sales proving particularly fruitful. One of the most pleasant moments in the course of my researches was spent at the Rijksarchief in Utrecht, to the staff of which, and to Dr A. J. van de Ven, Keeper of the Archives of the Oud-Bisschoppelijke Clerezij, I am much indebted for their kind help. May 1971 E. D. J.
