Easy Tarot

This is the book that I wrote about my Tarot deck. In it, I explore the real, factual history of the Tarot (No one knows, and does it really make any difference?) as well as a chapter about the theories of the history of the Tarot in general, and a recounting of the history of the Robin Wood Tarot. There is a description of the symbolism that is common to most decks, along with a listing of the symbols that are used in the Robin Wood Tarot in particular. The bulk of the book is a description of each card; including a verbal key to help the Reader remember the meaning, a synopsis of what the card might mean in a reading, and a complete description of what is on the card and why I put it there. This is followed by a short discussion of how the

Tarot works, how to begin to read (including a section on Grounding and Centering,) and an exploration of the Ethics of reading the Tarot. Finally, there is a short section about spreads. (It's short, because the book quickly became much longer than I expected!) And, in the very back, there are a few appendices which go into more detail about some of the stories and legends that are mentioned in the book, as well as a section covering the Rules of Tarocchi!

Influence of the Angels Tarot

There was a time when humankind moved in harmony with the seasons and cycles of life. This deck is for those who yearn to re-ignite their connection with Gaia, the natural world, and its creatures. The Messenger Oracle is infused with the magic of ancient dragons, elemental fae, mystical trees, and their wild animal kin. These messengers can guide us back to our true nature and power and help us reconnect with and express our innermost truth.

Legacy of the Divine Tarot

This Spiritsong deck is a melding of two traditions of divination: one in which animals are seen as guides between our world and the spirit world, and one that uses 78 cards as a tool to connect with our highest

self. Each animal was specifically selected based upon Shamanic and Native American symbolism, merging each animal's unique power with classic tarot practices. For example, the Spiritsong animal, Raven, has attributes such as 'creation' that parallels some of the same symbolic tarot attributes of the traditional Magician card, which is why the Raven is the animal representing that card. The Spiritsong Tarot structure is based on the traditional tarot, containing the 22 Majors, the 56 Minors, and four suits: Acorns for Wands/Fire; Feathers for Swords/Air; Shells for Cups/Water; and Crystals for Pentacles/Earth.

The Hero's Journey Dream Oracle

True to its original form, this antique oracle has survived the centuries virtually intact! Once used by cartomants throughout Europe, these simple yet meaningful cards continue to spark intuition and personal insights today. Publisher Review: The Sibilla Oracle Cards may not interest some of you because it's not a standard Tarot. If so, you're going to be missing out on a great combination. Before I explain what I mean by that, let's look at the cards themselves. This deck of cards is smaller in size than most Tarot decks. It's less thick because it has only 52 cards, like a pack of playing cards, and the dimensions of each card are

those of a card for playing bridge. That makes this deck much easier to carry around than any deck other than the postage stamp size decks that some may consider too small for practical use. Like a deck of playing card, this oracle is divided into four suits, diamonds, clubs, hearts and spades, each with ten pip cards and three court cards. If you're bored, you could play solitaire with this deck. There are two major differences between this deck and regular playing cards. First, every card has a pictorial image. The style appears to be 18th century line drawings overpainted with very intense watercolors so that the lines show through. Most of us are familiar with the pale pastel watercolors of our youth, but these colors feature deep earth tones of green, brown, orange, and surprisingly bright and rich red. The backgrounds are washes of pale yellow. There are no blues to be found. The upper left corner gives an image of the matching standard playing card. . . read more.

The Art of Kipper Reading - a Guide to Decode the Kipper Cards

In 1890 in Germany, appeared the Kipper Fortune Telling Cards, ever since, this deck had been one of the favourites of Germain cartomancer. Very few books are available in English explaining how to work with this amazing deck. Alexandre Musruck, a popular

card reader and designer, well known for his work on Lenormand another cartomancy system, has been working with these cards for many years and through this book he brings this system to a new level. A great book to help you decode the messages of the Kipper Oracle

Dr. Robert Wang developed The Jungian Tarot as a "visual gateway into the complexities of Jungian psychology" to aid in the process of active imagination proposed by Carl Jung. The 22 Major Arcana represent Jungian archetypes of the collective unconscious. The figures are visually presented with archways and circular mandalas, which aid in meditation. The court cards depict family roles: father, mother, daughter and son. The deck is a companion to the Jungian Tarot Trilogy by Robert Wang.
