Quirks of timing feature in this romantic novel about family connections, second chances, and first loves. Set over a twenty-four-hour-period, Hadley and Oliver find that true love can be unexpected. Today should be one of the worst days of seventeen-year-old Hadley Sullivan's life. Having just missed her flight, she's stuck at JFK airport and late to her father's second wedding, which is taking place in London and involves a soon-to-be stepmother Hadley's never even met. Then she meets the perfect boy in the airport's cramped waiting area. His name is Oliver, he's British, and he's sitting in her row. A long night on the plane passes in the blink of an eye, and Hadley and Oliver lose track of each other in the airport chaos upon arrival. Can fate intervene to bring them together once more? !--EndFragment--

If only someone had warned Anna. Forced to face her destiny, will Anna embrace her halo or her horns?

The Death Cure

Between 1896 and 1899, thousands of people lured by gold braved a grueling journey into the remote wilderness of North America. Within two years, Dawson City, in the Canadian Yukon, grew from a mining camp of four hundred to a raucous town of more than thirty thousand. The stampede to the Klondike was the last great gold rush in history. Scurvy, dysentery, frostbite, and starvation stalked all who dared to be in Dawson. And yet the possibilities attracted people from all walks of life. Gold Diggers is the remarkable story of the Klondike Gold Rush told through the lives of six very different people: the miner William Haskell; the saintly priest Father Judge; the savvy twenty-four-year-old businesswoman Belinda Mulrooney; the imperious British journalist Flora Shaw; spit-and-polish Sam Steele of the Mounties; and, most famous, the writer Jack London, who left without gold but with the stories that would make him a legend. Brilliantly interweaving their experiences, Charlotte Gray presents a fascinating panorama of a subarctic town, drawing on letters, memoirs, newspaper articles, and stories and handsomely illustrated with more than sixty original photographs and maps.

Develop the Skills to Learn Anything Faster, Easier, and More Effectively Written by the creators of the #1 bestselling course of the same name, this book will teach you how to "hack" your learning, reading, and memory skills, empowering you to learn everything faster and more effectively. What Would You Do If You Could Learn Anything 3 Times Faster? In our rapidly changing and information-driven society, the ability to learn quickly is the single most important skill. Whether you're a student, a professional, or simply embarking on a new hobby, you are forced to grapple with an every-increasing amount of information and knowledge. We've all experienced the frustration of an ever-growing reading list, struggling to learn a new language, or forgetting things you learned in even your favorite subjects. This Book Will Teach You 3 Major Skills: Speed reading with high (80%+) comprehension and understanding Memory techniques for storing and recalling vast amounts of information quickly and accurately Developing the cognitive infrastructure to support this flood of new information long-term However, the SuperLearning skills you'll learn in this course are applicable to many aspects of your every day life, from remembering phone numbers to acquiring new skills or even speaking new languages. Anyone Can Develop Super-Learning Skills This course is about improving your ability to learn new skills or information quickly and effectively. We go far beyond the kinds of "speed reading" (or glorified skimming) you may have been exposed to, diving into the actual cognitive and neurological factors that make learning easier and more successful. We also give you advanced memory techniques to grapple with the huge loads of information you'll soon be able to process. "This book should be the go-to reference for anyone looking to upgrade their mind's firmware!" -Benny Lewis, Language Learning Expert Learn How to Absorb and Retain Information in a Whole New Way - A Faster, Better Way The Authors' Proprietary Method for Teaching Speed Reading & Memory Improvement You may have even taken a normal speed reading course in the past, only to realize that you didn't retain anything you read. The sad irony is that in order to properly learn things like speed reading skills and memory techniques in the past, you had to read dozens of books and psychological journals to

decode the science behind it. Or, you had to hire an expensive private tutor who specializes in SuperLearning. That's what I did. And it changed my life. Fortunately, my co-authors (experts and innovators in the fields of superlearning, memory improvement, and speed reading) agreed to help me transform their materials into the first ever digital course. Over 25,000 satisfied students later, we have transformed our course into a book you can enjoy anywhere. Our teaching methodology relies heavily on at-home exercises. The chapters themselves are only part of what you're buying. You will be practicing various exercises and assignments on a regular basis over the course a 7 week schedule. In addition to the lectures, there are hours of supplemental video and articles which are considered part of the curriculum. "This vital book contains all the tools needed to learn, memorize, and reproduce anything you want with the joy that ease brings. Don't take another class until you've read it!" -Dr. Anthony Metivier, Author & Memory Expert If you wish to improve memory and concentration, learn more effectively, read faster, and learn the techniques of memory champions - look no further! An awesome read that will push the limits of your brain. Levi does an incredible job of guiding you through, to bring your brain from average to UNSTOPPABLE!" -Nelson Dellis, 4-Time USA Memory Champion

Killer Sudoku Medium 200 Puzzle With Solution Vol 10

Very pretty, very rich Diana Winter practically begged Casey Carmichael to find her father's murderer. A softball, like no PI ever got. Her very dumb fiance Tony Hiller had been recorded, over the phone, very much killing her father. And the fiance very conveniently confessed. Carmichael had the time and he needed the fee. The client wore big pleading eyes, had a ton of money and needed all the reassurance Carmichael could manage. Throw in Janice Simmons, a stunning reporter hot on the case, if he needed more convincing. All he had to do was go through the motions, check the octave of the recorded confession, go to the nearest bank and cash in on Diana's guilt. So, Carmichael did all the above. It went great. Diana didn't hate him much. Shrink-drugged Tony didn't much care. Janice? She wasn't much sure. But still, nice job. Only, a couple stray observations okay, call them clues bugged him. If errant clues meant anything at all, Carmichael had completely blown it, misreading one murder and leaving a two-faced killer free to kill some more."

Anyone can master the fundamentals of game design - no technological expertise is necessary. The Art of Game Design: A Book of Lenses shows that the same basic principles of psychology that work for board games, card games and athletic games also are the keys to making top-quality videogames. Good game design happens when you view your game from many different perspectives, or lenses. While touring through the unusual territory that is game design, this book gives the reader one hundred of these lenses - one hundred sets of insightful questions to ask yourself that will help make your game better. These lenses are gathered from fields as diverse as psychology, architecture, music, visual design, film, software engineering, theme park design, mathematics, writing, puzzle design, and anthropology. Anyone who reads this book will be inspired to become a better game designer - and will understand how to do it.

The Janus Murder

A dark Chemistry lab. A fake British accent. It's all fun and games until somebody falls in love. Ashlyn and Luke have been at war since last spring. What started as sabotaging each other's recipes in Foods class, has now turned into "boyfriend wanted" ads all over the school and Icy Hot in a jock strap. But could there be more to this war than meets the eye? For Ashlyn, the pranks are a way to take her mind off the toxic relationship she just got out of. But she wonders if a guy will ever see her as more than someone to joke around with. But a chance meeting with a British guy in a dark Chemistry lab has her thinking that maybe she doesn't need to hide behind the pranks and the fake smiles. Maybe it's time to finally let someone in again. Luke is trying to escape his present. Since his mom died over the summer, it seems like no one cares about him anymore. His dad is absent, and the few friends who do know about his loss prefer to pretend like nothing happened. So when he runs into Ashlyn in the dark lab he uses his fake British accent to pull off the biggest prank of all time. But Luke

The Murder Complex

It was a beautiful day. It was a beautiful field. Except for the body. Jazz is a likable teenager. A charmer, some might say. But he's also the son of the world's most infamous serial killer, and for Dear Old Dad, "Take Your Son to Work Day" was year-round. Jazz has witnessed crime scenes the way cops wish they could--from the criminals' point of view. And now, even though Dad has been in jail for years, bodies are piling up in the sleepy town of Lobo's Nod. Again. In an effort to prove murder doesn't run in the family, Jazz joins the police in the hunt for this new serial killer. But Jazz has a secret--could he be more like his father than anyone knows? From acclaimed author Barry Lyga comes a riveting thriller about a teenager trying to control his own destiny in the face of overwhelming odds.

An action-packed, blood-soaked, futuristic debut thriller--set in a world where the murder rate is higher than the birthrate--by Lindsay Cummings, co-author (with Sasha Alsberg) of the New York Times #1 Bestseller Zenith. "Legend meets La Femme Nikita in this dark and dangerous bloody thriller. The nonstop action of The Murder Complex kept us guessing at every twist and turn. It's a must for fans of action-packed dystopians like The Hunger Games and Divergent."--Justine Magazine Meadow Woodson, a fifteen-year-old girl who has been trained by her father to fight, to kill, and to survive in any situation, lives with her family on a houseboat in Florida. The state is controlled by The Murder Complex, an organization that tracks the population with precision. The plot starts to thicken when Meadow meets Zephyr James, who is--although he doesn't know it--one of the MC's programmed assassins. Is their meeting a coincidence? Destiny? Or part of a terrifying strategy? And will Zephyr keep Meadow from discovering the haunting truth about her family? Action-packed, blood-soaked, and chilling, this is a dark and compelling debut novel by Lindsay Cummings.

Sudoku Wiro

How does a person born with mental and physical challenges become the most popular person in his community? Why did the town throw a 50th birthday party for him and name a street in his honor? Why do valedictorians mention him in their commencement addresses? Why does a person who can't use a computer get 500 Facebook friends the first week he is on it? Freddy : A Love Story attempts to answer those questions. It is an often humorous, sometimes poignant look at the town of Clinton, Tennessee and the man who captured the town's heart.

New York, Los Angeles, and Washington, DC have been abandoned. The Bill of Rights has been revoked, and replaced with the Moral Statutes. There are no more police--instead, there are soldiers. There are no more fines for bad behavior--instead, there are arrests, trials, and maybe worse. People who get arrested don't usually come back. Seventeen-year-old Ember Miller is old enough to remember that things weren't always this way. Living with her rebellious single mother, it's hard to forget that people weren't always arrested for reading the wrong books or staying out after dark. That life in the United States used to be different. In the three years since the war ended, Ember has perfected the art of keeping a low profile. She knows how to get the things she needs, like food stamps and hand-me-down clothes, and how to pass the random home inspections by the Federal Bureau of Reformation. Her life is as close to peaceful as circumstances allow. That is, until her mother is arrested for noncompliance with Article 5 of the Moral Statutes. And what's worse, one of the arresting officers is none other than Chase Jennings the only boy Ember has ever loved.
