### Anna, Mister God, and the Black Knight

On a cold, dark winter day during the Second World War, a young Alan Bradley found hidden beneath a floorboard in his mother's bedroom closet a well-worn cardboard shoebox. At the time, he could make little sense of the ragtag things he found inside: cigarette packages, soup can labels, handbills, calendars, paper bags, pie boxes—any scrap of paper upon which his mother could copy out, in her old-fashioned handwriting, what seemed to be no more than unrelated snippets of Scripture. He only knew that the box, which he would later come to think of as the Shoebox Bible, had something to do with the fact that his father had run away from home. Many years would pass, and his mother would be on her deathbed before he would once again hold this treasure in his hands. And only then would he put together the pieces of the puzzle, and learn the complete truth. Beautifully and lovingly told, The Shoebox Bible is a wonderful memoir of a precocious family who manage to live and love despite the absence of their father. Interspersed with heartbreaking quotations from the Old and New Testaments, this sad, funny, and above all inspiring story will appeal to readers who fell in love with such inspirational books as Tuesdays with Morrie and Mister God, This Is Anna.

Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death. Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father's bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

### Anna's Book

Volume 40 of *Reviews in Mineralogy and Geochemistry* compiles and synthesizes current information on sulfate minerals from a variety of perspectives, including crystallography, geochemical properties, geological environments of formation, thermodynamic stability relations, kinetics of formation and dissolution, and environmental aspects. The first two chapters cover crystallography (Chapter 1) and spectroscopy (Chapter 2). Environments with alkali and alkaline earth sulfates are described in the next three chapters, on evaporites (Chapter 3), barite-celestine deposits (Chapter 4), and the kinetics of precipitation and dissolution of gypsum, barite, and celestine (Chapter 5). Acidic environments are the theme for the next four chapters, which cover soluble metal salts from sulfide oxidation (Chapter 6), iron and aluminum hydroxysulfates (Chapter 7), jarosites in hydrometallurgy (Chapter 8), and alunite-jarosite crystallography, thermodynamics, and geochronology (Chapter 9). The next two chapters discuss thermodynamic modeling of sulfate systems from the perspectives of predicting sulfate-mineral solubilities in waters covering a wide range in composition and concentration (Chapter 10) and predicting interactions between sulfate solid solutions and aqueous solutions (Chapter 11). The concluding chapter on stable-isotope systematics (Chapter 12) discusses the utility of sulfate minerals in understanding the geological and geochemical processes in both high- and low-temperature environments, and in unraveling the past evolution of natural systems through paleoclimate studies. The review chapters in this volume were the basis for a short course on sulfate minerals sponsored by the Mineralogical Society of America (MSA) November 11-12, 2000 in Tahoe City, California, prior to the Annual Meeting of MSA, the Geological Society of America, and other associated societies in nearby Reno, Nevada. The conveners of the course (and editors of this volume of *Reviews in Mineralogy and Geochemistry*), Alpers, John Jambor, and Kirk Nordstrom, also organized related topical sessions at the GSA meeting on sulfate minerals in both hydrothermal and low-temperature environments.

### Journey Into Russia

"Anna Karenina" is the tragic story of Countess Anna Karenina, a married noblewoman and socialite, and her affair with the affluent Count Vronsky. The novel explores a diverse range of topics throughout its approximately one thousand pages. Some of these topics include an evaluation of the feudal system that existed in Russia at the time—politics, not only in the Russian government but also at the level of the individual characters and families, religion, morality, gender and social class. Leo Tolstoy (1828 – 1910) was a Russian writer who is regarded as one of the greatest authors of all time. Born to an aristocratic Russian family in 1828, he is best known for the novels War and Peace (1869) and Anna Karenina (1877), often cited as pinnacles of realist fiction. Aylmer Maude (1858 – 1938) and Louise Maude (1855 – 1939) were English translators of Leo Tolstoy's works, and Aylmer Maude also wrote his friend Tolstoy's biography. After living many years in Russia the Maudes spent the rest of their life in England translating Tolstoy's writing and promoting public interest in his work. Aylmer Maude was also involved in a number of early 20th century progressive and idealistic causes.

### Sweet Evil

A Confederate soldier confronts the horror of battle and the power of grace in this "poignant, haunting, and important" novel of the Civil War (*The Tennessean*, Nashville). A New York Times Notable Book and Winner of the William Boyd Award for Best Military Novel In November 1864, Gen. John Bell Hood's Army of Tennessee prepares to launch an assault on Union forces near Franklin, Tennessee. Dirty, exhausted, and hungry, the Confederate soldiers form a line of battle across an open field. Among them stands Pvt. Bushrod Carter, a twenty-six-year-old rifleman from Cumberland, Mississippi. Against all odds, Bushrod has survived three years of war unscathed—but his luck is about to run out. Wounded in the battle, Bushrod is taken to a makeshift hospital on a nearby plantation. There, he falls under the care of Anna Hereford, who bears her own scars from years of relentless bloodshed and tragedy. In the grisly aftermath of one of the Confederate army's most disastrous campaigns, Anna and Bushrod seek salvation and understanding in each other. Their fragile bond carries with it the hope of a life beyond the war, and the risk of a pain too devastating to endure. Written with profound empathy and meticulous attention to historical detail, *The Black Flower* brilliantly portrays the staggering human toll of America's bloodiest conflict. In his award-winning debut novel, "Howard Bahr casts a tale of war as powerful as any you'll ever find" (*Southern Living*).

## Children's Searching

"Convincing Ground" pulses with love of country. In this powerful, lyrical and passionate new work Bruce Pascoe asks us to fully acknowledge our past and the way those actions continue to influence our nation today, both physically and intellectually. The book resonates with ongoing debates about identity, dispossession, memory and community. Pascoe draws on the past through a critical examination of major historical works and witness accounts and finds uncanny parallels between the techniques and language used there to today's national political stage. He has written the book for all Australians, as an antidote to the great Australian inability to deal respectfully with the nation's constructed Indigenous past. For Pascoe, the Australian character was not forged at Gallipoli, Eureka and the back of Bourke, but in the furnace of Murdering Flat, Convincing Ground and Werribee. He knows we can't reverse the past, but believes we can bring in our soul from the fog of delusion. Pascoe proposes a way forward, beyond shady intellectual argument and immature nationalism, with our strengths enhanced and our weaknesses acknowledged and addressed.
