## 5,000 Awesome Facts (about Everything!) 2

Text and detailed photographs offer facts about a wide variety of insects, including beetles, wasps, and stick and leaf insects.

## National Geographic Little Kids First Big Book of Animals

Colorful birds! Jaguars! Tree frogs! National Geographic presents a delightful, age-appropriate introduction to tropical rain forest creatures big and small in this new title in the popular Little Kids First Big Book series. This adorable animal book about all things jungle features favorite animals found in tropical rain forests. Readers meet jaguars prowling the forest floor, snakes slithering through the understory, red-eyed tree frogs leaping through the canopy, butterflies flitting through the tallest treetops, and many other creatures that inhabit all the different layers. More than 200 charming animal photos illustrate the profiles, with facts about the

# Free Reading National Geographic Little Kids First Big Book Of Birds National Geographic Little Kids First Big Books

creatures' sizes, diets, homes, and more. A map of tropical rain forests around the world shows where the animals in the book are found, and the book also introduces readers to plant life. This book will quickly become a favorite at storytime, bedtime, and any time.

## Big Book of Bugs

A lavishly photographed, fact-filled introduction to a variety of jumping, crawling and creeping insects expands from backyard favorites, including ladybugs and fireflies, to more exotic species from the world's rain forests and deserts.

## Little Kids First Big Book Collector's Set

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

## Little Kids First Big Book Collector's Set

Provides five thousand facts about everything from water parks and hair to manners and fossils.

## National Geographic Little Kids First Big Book of Bugs

# Free Reading National Geographic Little Kids First Big Book Of Birds National Geographic Little Kids First Big Books

Examines several animals and their great migrations, ranging in size from the army ant to the sperm whale.

## National Geographic Little Kids First Big Book of Why

National Geographic spins off its best-selling Little Kids First Big Book series into engaging new board books to introduce even the littlest kids to high-quality nonfiction. These sturdy pages showcase animals and how they move, with amazing photographs, super-simple facts, and lively, age-appropriate language to keep babies and toddlers--and their grown-ups--fascinated by every colorful page. Stunning photos of wildlife in action introduce babies and toddlers to creatures that creep, crawl, hop, slither, soar, and more. Watch how fluffy and scaly creatures, both big and small, move from place to place. Designed to be the stepping stone to the popular Little Kids First Big Book series, these board books take similar subjects and distill them down to the simplest nonfiction concepts for the youngest audience. Not only will readers learn how animals move, they can also find recurring shapes and patterns in the art, while adults can keep their eyes open for occasional funny commentary from the animals. Sidebar text offers additional learning for older siblings or those ready for more complex information. With their square shape, bright and playful design, awesome photography, clear text, and cues to encourage interactive learning, the Little Kids First Board Books mirror the beloved First Big Books while taking a fresh new approach to excite a baby's sense of wonder and make learning about nature and science fun.

## Big Quiz Book: 1001 brain busting trivia questions

The experts at National Geographic present a delightful reference that introduces young children to bugs of all kinds: big and small, jumping and crawling, colorful and creepy. This charming book
