nonviolence policy of the mainstream civil rights movement and formed an armed self-defense organization--the Deacons for Defense and Justice--to protect movement workers fr

### Report of and Testimony

"For many citizens, black nationalist movements appear to be insurgent forces without precedent in American history. In this provocative analysis, Theodore Draper shows that, on the contrary, they have been with us since the founding of the republic. Mr. Draper traces the complicated and often tragic development of black nationalist themes from their realy beginnings to provide an authoritative and fair-minded account of America's most intransigent political problem"--Back cover.

### House Documents

### White Negroes

In this sensitively told tale of suffering, brutality, and inhumanity, *Worse Than Slavery* is an epic history of race and punishment in the deepest South from emancipation to the civil rights era—and beyond. Immortalized in blues songs and movies like *Cool Hand Luke* and *The Defiant Ones*, Mississippi's infamous Parchman State Penitentiary was, in the pre-civil rights south,

## Free Reading Negroes And The Gun The Black Tradition Of Arms

synonymous with cruelty. Now, noted historian David Oshinsky gives us the true story of the notorious prison, drawing on police records, prison documents, folklore, blues songs, and oral history, from the days of cotton-field chain gangs to the 1960s, when Parchman was used to break the wills of civil rights workers who journeyed south on Freedom Rides.

### 1919, The Year of Racial Violence

### Two Centuries of US Military Operations in Liberia

Jesse Wegman's *Let the People Pick the President* chronicles the radical spirit of change that has overtaken American politics, making once-unthinkable reforms—like abolishing the Electoral College—seem possible

### The Negro in France

Winner of the 2014 Anna Julia Cooper-CLR James Book Award presented by the National Council of Black Studies Winner of the 2014 PEN Oakland-Josephine Miles Award for Excellence in Literature In *We Will Shoot Back: Armed Resistance in the Mississippi Freedom Movement*, Akinyele Omowale Umoja argues that armed resistance was critical to the Southern freedom struggle and the dismantling of segregation and Black disenfranchisement.

## Free Reading Negroes And The Gun The Black Tradition Of Arms

Intimidation and fear were central to the system of oppression in most of the Deep South. To overcome the system of segregation, Black people had to overcome fear to present a significant challenge to White domination. As the civil rights movement developed, armed self-defense and resistance became a significant means by which the descendants of enslaved Africans overturned fear and intimidation and developed different political and social relationships between Black and White Mississippians. This riveting historical narrative reconstructs the armed resistance of Black activists, their challenge of racist terrorism, and their fight for human rights. Instructor's Guide

### The Book of Negroes

McGuire, The Algiers Motel Incident is a powerful indictment of racism and the US justice system.

### The Deacons for Defense

When many in America hear the phrase "black man with a gun," they immediately think negatively. Is that an irrational fear or do the facts bear it out? If you've ever wondered what it's like to be a conservative black man in America, then this is the book for you. Kenn Blanchard takes you behind the scenes to places and perspectives you could never go unchaperoned. He has been involved in the gun rights fight since 1991. He breaks through the racial divide by

## Free Reading Negroes And The Gun The Black Tradition Of Arms

destroying negative stereotypes about the black community and how they view guns and how they view traditionally white institutions like the NRA. The good reverend answers all these questions and more. You can't put Kenn Blanchard in a box; there's just too much of him. He's a preacher, a motorcycle rider, a Marine veteran, a loving husband and father, and a retired CIA officer. Hear his plea as he reaches out to his brothers and sisters in the African-American community in his best attempt at bringing them into the armed American fold. *Black Man with a Gun Reloaded* is not color blind. Rather, it takes the bull by the horns and rips its head clean off!

### Policing the Second Amendment

After a fifteen-year hiatus from the world of guns, journalist, sports shooter, and former soldier A.J. Somerset no longer fit in with other firearm enthusiasts. There was a culture much different than the one he remembered: a culture more radical, less tolerant, and more immovable in its beliefs, "as if [each] gun had come with a free, bonus ideological Family Pack [of political tenets], a ready-made identity." To find the origins of this surprising shift, Somerset began mapping the cultural history of guns and gun ownership in North America. *Arms: The Culture and Credo of Gun* is the brilliant result. How were firearms transformed from tools used by pioneers into symbols of modern manhood? Why did the NRA's focus shift from encouraging responsible gun use to lobbying against gun-safety laws? What is the relationship between gun ownership and racism in America? How have the film, television, and video game industries molded our perception of gun violence? When did the fear of gun seizures arise, and

## Free Reading Negroes And The Gun The Black Tradition Of Arms

how has it been used to benefit arms manufacturers, lobbyists, and the far-right? Few ideas divide communities as much as those involving firearms, and fewer authors are able to tackle the subject with the same authority, humor, and intelligence. Written from the unique perspective of a gun lover who's disgusted with what gun culture has become, *Arms* is destined to be one of the most talked-about books of the year.

### Guns and Violence

Visiting Martin Luther King, Jr. at the peak of the civil rights movement, the journalist William Worthy almost sat on a loaded pistol. "Just for self-defense," King assured him. One of King's advisors remembered the reverend's home as "an arsenal." Like King, many nonviolent activists embraced their constitutional right to self-protection—yet this crucial dimension of the civil rights struggle has been long ignored. In *This Nonviolent Stuff'll Get You Killed*, civil rights scholar Charles E. Cobb, Jr. reveals how nonviolent activists and their allies kept the civil rights movement alive by bearing—and, when necessary, using—firearms. Whether patrolling their neighborhoods, garrisoning their homes, or firing back at attackers, these men and women were crucial to the movement's success, as were the weapons they carried. Drawing on his firsthand experiences in the Southern Freedom Movement and interviews with fellow participants, Cobb offers a controversial examination of the vital role guns have played in securing American liberties.

### Message of the President of the United States and Accompanyng Documents, to the Two Houses of Congress at the Commencement of the Third Session of the Fortieth Congress

Behind the passionate debate over gun control and armed crime lurk assumptions about the link between guns and violence. Indeed, the belief that more guns in private hands means higher rates of armed crime underlies most modern gun control legislation. But are these assumptions valid? Investigating the complex and controversial issue of the real relationship between guns and violence, Joyce Lee Malcolm presents an incisive, thoroughly researched historical study of England, whose strict gun laws and low rates of violent crime are often cited as proof that gun control works. To place the private ownership of guns in context, Malcolm offers a wide-ranging examination of English society from the Middle Ages to the late twentieth century, analyzing changing attitudes toward crime and punishment, the impact of war, economic shifts, and contrasting legal codes on violence. She looks at the level of armed crime in England before its modern restrictive gun legislation, the limitations that gun laws have imposed, and whether those measures have succeeded in reducing the rate of armed crime. Malcolm also offers a revealing comparison of the experience in England experience with that in the modern United States. Today Americans own some 200 million guns and have seen eight consecutive years of declining violence, while the English--prohibited from carrying weapons and limited in their right to self-defense have suffered a dramatic increase in rates of violent crime. This timely and thought-provoking book takes a crucial step in illuminating the

## Free Reading Negroes And The Gun The Black Tradition Of Arms

actual relationship between guns and violence in modern society.

### Southern Horrors: Lynch Law in All Its Phases

In *White Negroes*, cultural commentator, essayist, and scholar Lauren Michele Jackson explores trends started in Black communities that have caught on and become cool, hugely popular and lucrative, but that exclude Black communities once mainstream audiences and mainstream dollars latch on. The consequences of this phenomenon can be easy to miss, as it is so ingrained in our consumer habits. Yet over and over, Black intellectual property is converted into white profit - one hashtag, hair style, music genre, and dance move at a time. This, Jackson argues, plays a role in keeping Black people from achieving economic, political, and social equity. Weaving together media scholarship and cultural critique, Jackson re-situates cultural appropriation as more than just a new buzzword. It is, she contends, simply another chapter in the long history of whiteness thriving at the expense, stolen labor and ingenuity of Black people. Further, her interrogation and exposure of the interracial antagonism resting on the other side of appropriation unravels behavior that feels normal only because it is common. Piercing, audacious, and bursting with pop-culture touchstones, *White Negroes* introduces a bold new voice in Jackson. Her debut is both a love letter to the creativity of Black folks and an urgent call for more thoughtful consumption by those who consider themselves "allies."

## The Negro in the American Revolution

Countless African Americans have passed as white, leaving behind families and friends, roots and communities. It was, as Allyson Hobbs writes, a chosen exile. This history of passing explores the possibilities, challenges, and losses that racial indeterminacy presented to men and women living in a country obsessed with racial distinctions.

## Indigo

A southern black community's struggle to defend itself against racist groups.

## Firearms Law and the Second Amendment

## Worse Than Slavery

This casebook is the first and only traditional law school casebook to cover the subject. It provides a comprehensive treatment of cases and materials before and after the U.S. Supreme Court's landmark cases in *District of Columbia v. Heller* (2008) and *McDonald v. Chicago* (2010), which affirmed the constitutional right to private firearm possession and use, and made the right enforceable against the states. From days of Anglo-Saxon King Alfred's militia in the

## Free Reading Negroes And The Gun The Black Tradition Of Arms

eighth century through the latest cases on electric stun guns and 3-D printed firearms, this casebook covers all aspects of firearms law, policy, and regulation. Rather than looking at arms laws in isolation, the book pays careful attention to changing contexts in race, class, religion, technology, and politics. It is ideally suited to law school courses on firearms law, the Second Amendment, criminal law, jurisprudence and legal history. Key Benefits: Comprehensive coverage of all aspects of firearms law, from early English origins to present-day debates. Ideally suited for a dedicated law school course in firearms law and the Second Amendment. Supplemental materials on the website will provide a continuing research resource, tracking the most current developments in firearms law, regulation, and policy. Five online chapters on firearms and status, the philosophy of citizen arms bearing, international law, comparative law, and an in-depth explanation of firearm and ammunition functionality.

searing--of a young black man learning to shoot a handgun better than a white person

### The Negro's Place in Nature

This book reviews the history of the United States-Liberia relations from the early 1820s to 2015, with particular attention paid to the role of the US armed forces. Contrary to most literature on the genesis and development of Liberia, this book demonstrates how US military power has been the primary influence shaping Liberia's history. This includes the role played by the US military in the founding of Liberia, the protection of the country during the European formal colonial era, multiple covert operations in securing US-friendly administrations in Liberia, and direct military interventions when necessary to secure American interests in the region.

### Arms

A physician reveals how right-wing backlash policies have mortal consequences -- even for the white voters they promise to help Named one of the most anticipated books of 2019 by Esquire and the Boston Globe In the era of Donald Trump, many lower- and middle-class white Americans are drawn to politicians who pledge to make their lives great again. But as *Dying of Whiteness* shows, the policies that result actually place white Americans at ever-greater risk of sickness and death. Physician Jonathan M. Metz'l's quest to understand the health implications

## Free Reading Negroes And The Gun The Black Tradition Of Arms

of "backlash governance" leads him across America's heartland. Interviewing a range of everyday Americans, he examines how racial resentment has fueled progun laws in Missouri, resistance to the Affordable Care Act in Tennessee, and cuts to schools and social services in Kansas. And he shows these policies' costs: increasing deaths by gun suicide, falling life expectancies, and rising dropout rates. White Americans, Metzl argues, must reject the racial hierarchies that promise to aid them but in fact lead our nation to demise.

### Supreme Court Gun Cases

A richly-told, personal quest across the ancient trade routes of West Africa, and the unforgettable story of a rare, luminous colour.

From a Pulitzer Prize finalist, a devastating exploration of the racial disparities in violent death and injury in America and a blueprint for ending this fundamental social injustice About 170,000 black Americans have died in homicides just since the year 2000. Violence takes more years of life from black men than cancer, stroke, and diabetes combined; a young black

## Free Reading Negroes And The Gun The Black Tradition Of Arms

man in the United States has a fifteen times greater chance of dying from violence than his white counterpart. Even black women suffer violent death at a higher rate than white men, despite homicide's usual gender patterns. Yet while the country has been rightly outraged by the recent spate of police killings of black Americans, the shocking amount of "everyday" violence that plagues African American communities receives far less attention, and has nearly disappeared as a target of public policy. As acclaimed criminologist Elliott Currie makes clear, this pervasive violence is a direct result of the continuing social and economic marginalization of many black communities in America. Those conditions help perpetuate a level of preventable trauma and needless suffering that has no counterpart anywhere in the developed world. Compelling and accessible, drawing on a rich array of both classic and contemporary research, *A Peculiar Indifference* describes the dimensions and consequences of this enduring emergency, explains its causes, and offers an urgent plea for long-overdue social action to end it.

### A Peculiar Indifference

Abducted from her West African village at the age of eleven and sold as a slave in the American South, Aminata Diallo thinks only of freedom - and of finding her way home again. After escaping the plantation, torn from her husband and child, she passes through Manhattan in the chaos of the Revolutionary War, is shipped to Nova Scotia, and then joins a group of freed slaves on a harrowing return odyssey to Africa. Based on a true story, Lawrence Hill's epic novel spans three continents and six decades to bring to life a dark and shameful chapter

Report Made to the Two Houses of Congress February 19, 1872: Alabama

### Negroes with Guns

Discusses 92 Supreme Court gun-related cases, arguing that the Court has upheld the legal rights of private gun ownership and armed self defense.

### We Will Shoot Back

Who is sovereign in the United States? Is it the people themselves, or is it an elite determined to rule citizens who are seen as incapable of making choices about their own lives? This is the central question in the American gun-control debate. In this Broadside, David Kopel explains why the right to keep and bear arms has always been central to the American identity — and why Americans have always resisted gun control. The American Revolution was sparked by British attempts to confiscate guns. After the Civil War, the U.S. changed the Constitution to

## Free Reading Negroes And The Gun The Black Tradition Of Arms

defeat the nation's first gun-control organization, the Ku Klux Klan. When Hitler and Stalin demonstrated how gun registration paves the way for gun confiscation, which paves the way for genocide, Americans resolved to make sure it never happens here. Gun control is not an issue of left vs. right or urban vs. rural. The right to bear arms is crucial to prevent large-scale tyranny by criminal governments and small-scale tyranny by ordinary criminals — and to protect our Constitution.

### Negroes and the Gun

Society plays an important part in the terrible crimes of a Negro boy.
