The Coffee Recipe Book

"Becky Powell faced the unthinkable on May 16, 2013. Her husband Mark called and said, "I've done something terrible." Within hours, she learned that he had taken his own life and, over a period of several years, millions of dollars from friends and colleagues. Everything she believed to be true, the very fiber of her marriage, was called into question. Within a week, rather than planning carpool runs and volunteer fund-raisers, she owed almost one hundred creditors millions of dollars and had her own team of ten lawyers. She was also the subject of open FBI, SEC, and DOJ investigations-- and faced potential criminal charges. And, although she instantly denounced every cent of Mark's \$15 million in life insurance and promised to repay every penny taken, her lawyers knew that in reality she faced years of court battles and lawsuits, and possible jail time. Yet from that first horrific moment, God was there. He showed up in his Word, in Becky's fricnes, in her lawyers, and in the generosity of those around her. He worked miracles. CNBC, the Wall street Journal, Forbes, and others covered the first moment, but what about the last? What about the story in which God gives your next breath because you can't find it on your own? What about the story of a mom and three kids trying to make sense of their pasts, present, and future while living under a microscope? "Awful beautiful life" is Becky's journey through the two years surrounding Mark's death and how she overcame. It

came down to a loving God who surrounded her, a present and dedicated family, and friends who made her life, offered her sanctuary, and showed up for her and her kids in tangible ways. This is a story of remarkable grit, strength, and what the Body of Christ in action looks like."--

The Dating Charade

Fiction. Short Stories. African & African American Studies. THESE BODIES, a collection of eleven stories by Morgan Christie, explores the complexities of relationships, specifically those of people of color. Each story highlights the subtleties and undercurrents of the life of a unique protagonist. Championing underrepresented stories, loves, trials, and bodies, Christie's debut full-length book is one of depth, of passion, of fear, and of joy. "Reading Morgan Christie's debut collection is like falling into a dream, animal life and the occasional fantastical element peeking through a curtain of painful human reality. Christie's voice is precise throughout, modern and emotionally astute, her characters filled with longing, forced while at various crossroads to reconcile vices and failings--large and small--with their hopes for a better world."--Karen Palmer "THESE BODIES serves as an almost unnerving reflection of what it means to be human, to the point that every reader will be able to recognize some part of themselves within these pages, whether it's the need for understanding, the desperation of a second chance, or the lies we acknowledge but rarely have the courage to truly face. Written with empathy, subtlety, and just a little bit of magic, Christie is one of those writers whose stories will randomly pop into your head, seemingly unprovoked, for years to come."--MK Roney "One of the best short story collections I've read in a while. Christie skillfully crafts characters so real, you can feel their hearts beating through the pages. The stories in THESE BODIES are an honest and relatable look at the multifaceted human experience, something we need in the world now more than ever."--Racquel Henry

Hatch

Fans left desperate for more at the end of Bloom will dive into this second book of the Overthrow trilogy--where the danger mounts and alien creatures begin to hatch. First the rain brought seeds. Seeds that grew into alien plants that burrowed and strangled and fed. Seth, Anaya, and Petra are strangely immune to the plants' toxins and found a way to combat them. But just as they have their first success, the rain begins again. This rain brings eggs. That hatch into insects. Not small insects. Bird-sized mosquitos that carry disease. Borer worms that can eat through the foundation of a house. Boat-sized water striders that carry away their prey. But our heroes aren't able to help this time--they've been locked away in a government lab with other kids who are also immune. What is their secret? Could they be part alien themselves? Whose side are they on? Kenneth Oppel expertly escalates the threats and ratchets up the tension in this can't-read-it-fast-enough adventure with an alien twist. Readers will be gasping for the next book as soon as they turn the last page

her Prom for Everybody program seems to be succeeding, she's opposed by her parents, who not only think she's wasting her time and intellect on the cause, but are appalled that she plans to attend with a white boy. And they aren't the only ones. Threats, a kidnapping, and an averted sabotage of the prom come overwhelm Tyler, who uses the mysterious RL book as her guide to the real "cause."

Celia and Tyrus make their way through this unpredictable and dangerous land, helped by familiar friends including the Cheshire Cat and a new character, Sylvan, a young rabbit. Together, they desperately work to solve puzzles and riddles, looking for a way out of Wonderland. But the danger increases when the Queen of Hearts begins hunting them. Believing the two young visitors hold the key to opening multiple portals to multiple worlds, she will stop at nothing to capture them. It's up to Celia and Tyrus to save Wonderland and the real world. It's a race against time before they are trapped in Wonderland forever.

"Glory Road brims with faith and family, second chances and new horizons. Nearly a decade after her husband's affair drove her back home to South Alabama, Jessie McBride has the stable life she wants--operating her garden shop, Twig, next door to her house on Glory Road, and keeping up with her teenage daughter and spunky mother. But the unexpected arrival of two men makes Jessie question whether she's really happy with the status quo. When handsome, wealthy businessman Sumner Tate asks her to arrange flowers for his daughter's lavish wedding, Jessie finds herself drawn to his continued attention. Meanwhile, Jessie's fourteen-year-old daughter, Evan, is approaching the start of high school and navigating a new world of emotions--particularly as they relate to the cute new guy who's moved in just down the road. At the same time, Jessie's mother, Gus, is suffering increasingly frequent memory lapses and faces a frightening, uncertain future. Once again, Jessie feels her protected and predictable life shifting. In one summer, everything will change. Scrivener For Dummies

In the past society had aphorisms, today we have this hilarious yet deeply profound collection

of tweets from the hugely popular @NeinQuarterly. *Nein. A Manifesto* is the brainchild of Eric Jarosinski, the self-described “failed intellectual” behind @NeinQuarterly, a “Compendium of Utopian Negation” that uses the aphoristic potential of Twitter to plumb the existential abyss of modern life—and finds it bottomless. Stridently hopeless and charmingly dour, *Nein. A Manifesto* is an irreverent philosophical investigation into our most urgent questions. And the least. Inspired by the aphorisms of Nietzsche, Karl Kraus, Walter Benjamin, and Theodor W. Adorno, Jarosinski’s short-form style reinvents philosophy for a world doomed to distraction. *Nein. A Manifesto* will be packaged as an attractive small-format hardcover, with a handful of Jarosinski’s aphorisms laid out on each page. Critical thinkers, lovers of language, bibliophiles, manics and depressives alike will be drawn to this compelling, witty, and often hilarious translation of digital into print. Theory into praxis. And tragedy into farce.
