Michael Henry Dunn's spiritual journey began with heartbreak and a call to monastic life. But a deep conviction that one can be in love with the Divine - passionately, romantically in love - and still find sweet and fulfilling human love as well, led him to seek and find intimacy with the ultimate Soul Mate.

Romancing the Divine is Dunn's deeply moving, intensely personal account of a love affair with the Source of Life: the Goddess who is also God. With honesty and humor, Dunn reveals the personal crisis that led to his spiritual awakening, his experiences meditating and chanting in the company of saints and illuminated souls, and the paths and techniques you can use to share in his love. What Dunn experienced (and continues to experience) transcends any one religion. He found commonality in his divine love with Indian yogis and Western nuns and discovered inspiration from Christian monastics and the chants of the kirtan yogic tradition. His is an unabashedly romantic love story centered on the Divine Feminine and filled with joy, passion, and a spiritualized and purified erotic energy. To love the Divine is to discover a lover who, according to Dunn, is "seductive beyond thought of competition." It's a love we all deserve.

In *Tilt: Finding Christ in Culture*, Brian Nixon takes the reader on a voyage of discovery, traveling the currents of God's presence in culture, summed up in four streams that define a noun: people, places, things, and ideas. In his journey, Nixon touches upon people as diverse as Andy Warhol, Cormac McCarthy, Robert Redford, and Georgia O'Keeffe; places such as Canterbury, England, and Las Vegas, Nevada; things as unique as typewriters, trains, and abstract art; and ideas as fascinating as mathematics and beauty. In these short impressionistic pieces, Nixon, with the curiosity of a journalist, elicits intelligent discussion and poetic articulations, prompting a head tilt from those who join him on a theological expedition.

A Brief Reader on the Virtues of the Human Heart

This volume, three separate books in one edition, is a collection of Josef Pieper's famous treatises on the three theological virtues of Faith, Hope, and Love. Each of these treatises was originally published as a separate work over a period of thirty-seven years, and here they are brought together in English for the first time. The first of the three that he wrote, *On Hope*, was written in 1934 in response to the general feeling of despair of those times. His "philosophical treatise" on Faith was derived from a series of lectures he gave in the late 1950s and early 1960s. His most difficult work, one that he struggled with for years - and almost abandoned - was his work *On Love*. Pieper now feels that this is the most important book he has written. He discusses not only the theological virtue of *caritas-agape*, but also of *eros*, sexuality, and even "love" of music and wine.

converting to Catholicism. In *Arriving at Amen*, Libresco uses the rigorous rationality that defined her Atheism to tell the story behind that very personal journey and to describe the seven forms of Catholic prayer that guided her to embrace a joyful life of faith. As a Yale graduate, Libresco launched her writing career by blogging about science, literature, mathematics, and morality from a distinctively secular perspective. Over time, encounters with friends and associates caused her to concede the reasonableness of belief in God in theory, though not yet in practice. In *Arriving at Amen*, Libresco uniquely describes the second part of her spiritual journey, in which she encountered God through seven classic Catholic forms of prayer—Liturgy of the Hours, lectio divina, examen, intercessory prayer, the Rosary, confession, and the Mass. Examining each practice through the intellectual lens of literature, math, and art, Libresco reveals unexpected glimpses of beauty and truth in the Catholic Church that will be appreciated by the curious and convinced alike.

In this stimulating and still-timely study, Josef Pieper takes up a theme of paramount importance to his thinking - that festivals belong by rights among the great topics of philosophical discussion. Pieper exposes the pseudo-festivals, in their harmless and their sinister forms; traditional feasts contaminated by commercialism; artificial holidays created in the interest of merchandisers; holidays by coercion, decreed by dictators the world over; festivals as military demonstrations; holidays empty of significance. And lastly we are given the apocalyptic vision of a nihilistic world which would seek its release not in festivities but in

Billy Bragg is one of Britain's most distinctive and accomplished songwriters, whose work has articulated the passions, both personal and political, of Britain during the past five decades. *A Lover Sings* contains over seventy of his best-known lyrics, selected and annotated by the author. 'Sexuality', 'A New England', 'Levi Stubbs' Tears' - these are unadorned, poetic songs that skilfully interweave everyday observation with much broader concerns: of fairness and outrage, of generosity and love. *A Lover Sings* reveals a unique sensibility: principled and proudly of the Left, funny, forthright and tender. It is a remarkable collection.

33 Days to Morning Glory

In his seminal work, "Truth and Method", Hans-Goerg Gadamer highlighted the misguided supposition of the Enlightenment that such a thing as 'pure reason' actually exists. The notion that 'prejudice' informs all understanding is not however a novel one in the history of Western thought; this idea is to be found in the work of Aquinas, albeit in an implicit manner. In this book the implications of this idea for a Thomistic approach to the problematic of aesthetic perception are examined. Beginning with Thomas' famous definition of beautiful things as 'those things which when seen give pleasure', the author highlights the limitations present in previous treatments of Thomas' embryonic aesthetic theory and shows how insights gleaned from Thomas' virtue ethics can contribute to a Thomistic aesthetic theory, a theory which has relevance for both philosophy and theology.

"The ultimate of human happiness is to be found in contemplation". In offering this proposition of Thomas Aquinas to our thought, Josef Pieper uses traditional wisdom in order to throw light on present-day reality and present-day psychological problems. What, in fact, does one pursue in pursuing happiness? What, in the consensus of the wisdom of the early Greeks, of Plato and Aristotle, of the New Testament, of Augustine and Aquinas, is that condition of perfect bliss toward which all life and effort tend by nature? In this profound and illuminating inquiry, Pieper considers the nature of contemplation, and the meaning and goal of life.

Evangelical Christian Publishers Association Top Shelf Book Cover Award We live in a culture that values activity, achievement and accomplishment. Whether in our careers, churches, schools or families, busyness is the norm in our lives, and anything less makes us feel unproductive and anxious. We have to work all the harder, then, to pursue true rest in a 24-7 world that is constantly in motion. John Koessler understands that rest is not automatic or easy to attain. He names the modern-day barriers to becoming people of rest and presents a unique perspective on how pursuing rest leads us to the heart of God. With honest, biblical reflections on trends in our culture and churches, he exposes our misconceptions regarding the concept of rest, as well as offering correction and practices to align our ideas with God's ideal. The book includes reflection and discussion questions designed for both individual and group use. You will discover the true meaning behind Jesus' idea of the yoke of rest and restoration for your mind, body and soul.

The End of Work

Strategic non-action is a powerful yet under-rated method of influencing worldly affairs. In cultures where action is favoured over inaction, like in the West, direct action is considered a virtue while inaction is little more than laziness or cowardice. Let us be more subtle and nuanced in our understanding. There is a time for both action and inaction. Non-action gives access to a deeper intuitive awareness than that gained through action, since knowledge that comes

through action is obscured by situation-specific reactions. Non-action is an aspect of going with the flow, not resisting the larger forces that govern a world of which you are a small part. It acknowledges that events are governed by the laws of Nature, and it is often best to simply allow those laws to operate and play out in their own time, in their own way. Non-action can help us towards our goals by encouraging patience and taking the long-view. Humanistic Psychology says that it is within our reach to create the life we want for ourselves. As we think and believe, so we create our world. This is indeed true, but only up to a point. We can transform our lives in goal fulfilling ways, but the transformation is relatively slow, its progress measured in months and years.

The Eclectic Magazine of Foreign Literature, Science, and Art

One of the most important philosophy titles published in the twentieth century, Josef Pieper's *Leisure, the Basis of Culture* is more significant, even more crucial, today than it was when it first appeared more than fifty years ago. This edition also includes his work *The Philosophical Act*. Leisure is an attitude of the mind and a condition of the soul that fosters a capacity to perceive the reality of the world. Pieper shows that the Greeks and medieval Europeans, understood the great value and importance of leisure. He also points out that religion can be born only in leisure - a leisure that allows time for the contemplation of the nature of God. Leisure has been, and always will be, the first foundation of any culture. Pieper maintains that our bourgeois world of total labor has

vanquished leisure, and issues a startling warning: Unless we regain the art of silence and insight, the ability for non-activity, unless we substitute true leisure for our hectic amusements, we will destroy our culture - and ourselves.

Solitary Harp

"Josef Pieper's account of the centrality and meaning of the virtues is a needed primer to teach us exactly the meaning and relationship of the virtues and how they relate to the faith and its own special virtues. Pieper's attention is ever to the particular virtue, its precise meaning, and to its contribution to the wholeness that constituted an ordered, active, and truthful human life. No better brief account of the virtues can be found. Pieper has long instructed us in these realities that need to be made operative in each life as it touches all else 'that is', as Pieper himself often puts it." □ James V. Schall, S.J., Georgetown University "A fine and thought provoking examination of the relationship between the mind, heart, and moral life of the human person." □ John Cardinal O'Connor, Archbishop of New York "Pieper's sentences are admirably constructed and his ideas are expressed with maximum clarity. He restores to philosophy what common sense obstinately tells us ought to be found there: wisdom and insight." □ T. S. Eliot

The interpretation offered here focuses on Plato's thesis, which at first sight appears strange and unrealistic, that those experiences that advance human life to its true fullness are bestowed on us only during a "god-given" state of "being-beside-oneself". our contemporary and above all psychoanalytical knowledge of man's nature, as well as with the Christian conception of man's existence, thus revealing its amazing, unexpected relevance.

"Divine Madness"

One of the great Catholic philosophers of our day reflects on the way language has been abused so that, instead of being a means of communicating the truth and entering more deeply into it, and of the acquisition of wisdom, it is being used to control people and manipulate them to achieve practical ends. Reality becomes intelligible through words. Man speaks so that through naming things, what is real may become intelligible. This mediating character of language, however, is being increasingly corrupted. Tyranny, propaganda, mass-media destroy and distort words. They offer us apparent realities whose fictive character threatens to become opaque. Josef Pieper shows with energetic zeal, but also with ascetical restraint, the path out of this dangerous situation. We are constrained to see things again as they are and from the truth thus grasped, to live and to work.

Arriving at Amen

"Uncommon Sense" is written for the increasing number of people who are aware of the contradictions implicit in traditional approaches to issues in art, law, science, business, politics, education, the family, and other vital areas. The authors' approach is unique. It is about more than building up ideas and making them work. It is about the process of wisdom development, aiming to assist the personal development of a wisdom that will become instinctive and

The Creative Heart of God

All is changed when a hurricane floods the city of New Orleans, displacing fourteen-year-old Roman Moran and his family not only from their home but also from the daily round rehearsed for them by generations of life in the Crescent City. Slowly a new world reveals itself to Roman, one in which the play of light upon a fish, the sound of a guitar string struck, the fractures in his spiritual patrimony, and even the loss of his best friend's faith call him to rejoice in the grace of Creation.

The Art of Strategic Non-Action

Brianna has longed for a life with more meaning and more purpose. What truly makes her soul come alive is music, but her life is full of laundry and dishes. One night her life is ripped apart by a fire in her village. With no family, no home, and no food, she must learn to survive on her own. But deep in her soul, anger is kindled against the Holy One for bringing so much pain into her life. Brianna sets off on an adventure that will ultimately bring her to the Hall of Minstrels, the heart of music in the kingdom, but all she ends up with is a pile of laundry and a stack of dishes. When life seems to have reached its dullest point and nothing really matters anymore, then the Holy One may pour destiny on our souls and overflow our lives with purpose and love. Then we realize that we don't have to know all of the answers to all of the questions, to know that the Holy One cares for us.
