Archaeological Typology and Practical Reality

A study of the various ways in which field archaeologists set about making and using classifications to meet a variety of practical needs. The authors discuss how humans form

concepts. They then describe and analyse in detail a specific example of an archaeological classification, and go on to consider the theoretical generalizations that can be derived from the study of actual in-use classifications.

Practical Pottery

Crafting Pottery for Daily Use #1 Bestseller in Pottery & Ceramics and Sculpture An introduction to pottery. It's never too late to pick up a new hobby, especially when you have a guide this simple to get you started. Potter and entrepreneur Jon Schmidt coaxes us into the world of pottery with a promise that we do not have to know everything about the complicated chemistry behind making pottery to enjoy it! By taking us back to the basics, Schmidt offers an introduction to pottery and a guide to creating functional pieces, along with insights into the business side of creating and selling your art. Focus on functionality. While pottery pieces can be detailed and intricate, Schmidt finds the beauty in more practical pieces. From mugs to bowls, Schmidt shows us a host of functional pieces that we can create using our very own hands. As a coffee shop owner, Schmidt uses handmade items for everything. And, he uses this pottery book to demonstrate how we too can create beautiful pieces for daily use, and potentially profit from them. Endless ideas for beginners to experienced throwers. This is the book for those who have never wielded pottery tools, and those who consider themselves experts with the pottery wheel. Whichever category you fall into, you'll find endless possibilities for making beautiful works of functioning art with your own hands. By offering an array of ideas and techniques, Schmidt's book captures the interest of a wide audience of creatives like you. Dive into Practical Pottery and find:

- A guide for getting started in pottery and ceramics that doesn't require expensive equipment, clay, and glazes
- Numerous tips and tricks for creating functional pottery, such as mugs, bowls, plates, teapots, beer steins, and more!
- Projects that will push you to craft functional art and turn your work into bonus income

Handmade Pottery at Home

When Alexander Archbold took a weekend trip to the town of Provost in Alberta, Canada to check out an over 100-year-old house for antiques, he had no idea what an amazing, life-changing adventure he had stumbled upon. The house belonged to Mary Borgstrom, a Canadian potter and ceramic artist whose pieces had been displayed all across the world, including the Summer Olympics of 1976. Recognizing the historical value of the house, as well as Mary's life and work, Alex decides to save the house and its contents - especially Mary's work. With the process documented on Alex's YouTube channel, Curiosity Incorporated, now comes the release of the previously unpublished work of Mary Borgstrom, including pottery, poetry, drawings, and other art pieces - a perfect companion to the YouTube series and as a coffee table art book showpiece.

Make It in Air-Dry Clay

Learn the key techniques, tips, and tricks for pit, barrel, raku, and wood firing. Fall in love with flames, wood, and the effect that unique firing methods have on pottery. Move beyond the electric kiln and explore the dramatic surfaces of raku, the flashes of salt firing, and the rustic look of ash rivulets. In this book, Lindsay Oesterritter provides a crash course in the most accessible methods of alternative firing. Raku firing requires minimal equipment and can easily be fueled with a standard propane tank. Likewise, pit and barrel firing do not require much in the way of initial investment. Yet all these techniques provide an immediate glimpse into the magic of firing. Bright reds and blues, dramatic black and white crackle, even metallic luster are instantly possible. For more experienced potters and studios looking to offer more, Oesterritter also explores wood-fired kilns. Drawing on years of experience and extensive interviews with fellow wood-fire potters, there is no comparable resource on the market. Features on top potters working today get to the heart of specialty techniques and asides show firing variations and traditional kilns in different cultures around the world. A gallery of showstopping work from a diverse group of artists round out the package and inspire you to get started.
