For more than a decade, Peter Hince worked alongside one of the greatest bands in the history of rock, touring the world and heading up their road crew as they performed at some of the best and biggest music venues in the world. Here he recalls the highlights of those years with the band. He was with Freddie Mercury when he composed "Crazy Little Thing Called Love;" he was responsible for making sure that Freddie's stage performances went without a hitch; and he was often there to witness Freddie's famed tantrums. He was also party to the sex, drugs, and rock and roll which are invariably part of life on the road with a rock band. Many books have been written about Queen and Freddie Mercury, but this is the first real insider's story. Packed with the author's own exclusive photos, including never-before-seen shots of Freddie, his female lover Mary, and other band members, this warm and witty book will entertain and inform as a must-read for any music fan.

Stephen Leacock is an unjustly forgotten master of the short-story genre who was considered the best-known humorist in the world in the early twentieth century. Although he was a prolific writer, publishing about fifty novels, memoirs and histories in his lifetime, Leacock was best known for the humorous articles he published in various magazines, which he later collected in *Literary Lapses*, *Nonsense Novels* and *Frenzied Fiction*. One of his later works, *Frenzied Fiction* is a collection from a master of a genre at the height of his game, and contains all the hallmarks of his earlier work, written in the trademark style which he had refined over the previous two decades. Containing such gems as 'My Recollections as a Spy' and 'Simple Stories of Success, or How to Succeed in Life', this collection demonstrates why he met with such

success and earned the respect of those as far removed as John Lane, A.P. Herbert and Groucho Marx.

A thoughtfully curated and gloriously illustrated retrospective of the band's studio releases, *Queen*, comes just in time for the 45th anniversary of their debut LP and biopic. Formed in 1970, Queen went on to become one of the most popular—and most successful—rock bands of all time. Even following the untimely death of beloved and magnetic frontman Freddie Mercury, and nearly 50 years after their formation, interest in the band has continued, evidenced by scores of reissues, arena tours with surviving members, and a feature-film biopic. In this new installment in Voyageur Press's *Album by Album* series, rock journo Martin Popoff convenes a cast of 19 Queen experts and superfans to discuss all 15 of the band's studio albums (including their soundtrack for the 1980 film *Flash Gordon*). Panelists include Queen experts, rock journalists, musicians, and record industry figures. The results are freewheeling discussions delving into the individual songs, the circumstances that surrounded the recording of each album, the band and contemporary rock contexts into which they were released, and more. The engaging text of this beautifully designed book is illustrated throughout with rare live performance and candid offstage photography, as well as scads of rare Queen ephemera. The *Album by Album* series is a unique approach to the rock bio, injecting the varied voices of several contributors. Every album and every song ever released by the Beatles?from "Please Please Me" (U.S. 1963) to "The Long and Winding Road" (U.S. 1970)?is dissected, discussed, and analyzed by two music historians in this lively and fully illustrated work. All the Songs delves deep into the history and origins of the Beatles and their music. This first-of-its-kind book draws upon decades of research, as music historians Margotin and Guesdon recount the circumstances that led to the composition of every song, the recording process, and the instruments used. Here, we learn that one of John Lennon's favorite guitars was a 1958 Rickenbacker 325 Capri, which he bought for £ 100 in 1960 in Hamburg, Germany. We also learn that "Love Me Do," recorded in Abbey Road Studios in September 1962, took 18 takes to get right, even though it was one of the first songs John and Paul ever wrote together. And the authors reveal that when the Beatles performed "I Want to Hold Your Hand" on The Ed Sullivan Show in 1964, John's microphone wasn't turned on, so viewers heard only Paul singing. All the Songs is the must-have Beatles book for the any true Beatles fan.

Maiwa's Revenge

Everyone knows Queen and their most famous songs. 'Crazy Little Thing Called Love', 'Another One Bites the Dust', 'Under Pressure' and 'Bohemian Rhapsody' were huge hits wherever anyone could hear a radio. However, many contemporary reviews were savage, and yet their songs-from the radio-friendly hit singles to the early prog rock epics, from the cod-heavy bombast to the jazz pastiches, from the introspective ballads to the thumping anthems-continue to be heard all around the world. This book examines Queen's music, album by album, track by track, in detail. Where possible, recourse to the original multi-track master tapes has provided extra insight. Those familiar hits are revisited, but the classic album cuts - like 'Liar', 'March of the Black Queen', 'Death on Two Legs', and 'Dragon Attack', are given equal precedence. The book also examines the changes that these same four musicians went through - from heavy and pomp rock to pop as the chart hits began to flow - with a keen and unbiased eye. Whether as a fan your preference is for the albums *A Night at the Opera*, *Jazz* or *Innuendo* this detailed and definitive guide will tell you all you need to know. Queen had strength in depth. These are the songs on which a legend was built.
