The book is divided into four parts. Each part is devoted to an important area of communication study and research that Elwood Murray helped integrate into speech and communication curricula: Communication Methodology, Group Communication, Linguistics, and Communication Disorders. The introductions to each section provide the reader with an overview of the specialty and acquaint him with the material to follow. They are written for the student who is just beginning his studies in speech and communication. The readings in each of the four sections vary considerably in focus, level, and content. Some are highly general and theoretical, others are rather specific and more data oriented. Some consist of a broad review of the literature while others deal with a very narrow aspect of some problem. The topics are treated with enough rigor to satisfy the specialist and collectively they cover sufficient ground to meet the needs of the novice or generalist for a look at some of the major and minor interest areas in speech and communication.

Bible Readings for the Home Circle—Illustrated

A central theme of this collection is that the philosophy of language, at least a core portion of it, has matured to the point where it is now being spun off into linguistic theory.

Readings/writings

The twelve essays in this edited collection examine the experience of reading, from the late medieval period to the

twentieth century. Central to the theme of the book is the role of materiality: how the physical object — book, manuscript, libretto — affects the experience of the person reading it.

Theology

Ferment is the correct word by which to characterize current Jeremiah studies, a deep and broad stirring that relies on previous scholarship but that seeks to move beyond that scholarship in bold and new ways. This collection of fine essays not only reflects that ferment but in important ways contributes to it and advances the discussion. Most broadly, the current discussion seeks to move beyond the historical-critical categories of Sigmund Mowinckel and Bernhard Duhm and the classic formulation of three sources, A, B, and C. In Jeremiah as in other parts of biblical scholarship, the new questions concern the inadequacy of historical-critical readings of a positivistic kind and the prospect of synchronic readings, either through ideological analysis that seeks to show that ideology shapes the book, or through canonical readings that find a large theological intentionality to the whole of the book. It turns out, perforce, that ideological and canonical readings are closely twinned in their judgment about the literature. This present collection, which includes both new voices and some of the established major players in the discussion, merits important attention." From the preface, by Walter Brueggemann

Images and Ideas of Debated Readings in the Book of Lamentations

Reading is a dance on the beaches of the mind, writes Greg Dening. His reading-dances are about the pain of cross-cultural encounters, of loomings beyond the horizons of discipline, gender and race, of the pleasures of a hundred texts. In *Readings/Writings* his aim is to cultivate our imaginations so that we might see further, understand more deeply and hear more acutely. This book opens with Dening's extraordinary piece, 'Memorial', a deeply moving reading of the Vietnam Veterans Memorial in Washington, DC. Dening's profound yet lucid reflections on the meanings contained in this stark, simple memorial set the tone for the book.

Heritage Edition—interlaced with nearly 300 special illustrations, some 20 charts, and over 100 poems from a century ago. This is a collection of readings on two hundred topics in which are answered nearly four thousand questions on important spiritual and religious subjects, contributed by a large number of Bible students. First published in 1914 as a "NEW, REVISED, AND ENLARGED EDITION," "Illuminated With Nearly Three Hundred Beautiful Illustrations" with "Over 1,250,000 Copies of Former edition Sold." Briefly stated, a Bible reading consists of questions asked concerning some subject, and answers to them from the Bible. In other words,

Bible readings mean a topical study of the Bible by means of questions and answers. There are two introductory chapters, "The Bible; Its Origin, History, and Place in the World," and "The Value of Bible Study." The two hundred readings are organized under eighteen headings: I. THE BIBLE; HOW TO STUDY AND UNDERSTAND IT II. SIN; ITS ORIGIN, RESULTS, AND REMEDY III. THE WAY TO CHRIST IV. LIFE, PARABLES, AND MIRACLES OF CHRIST V. THE HOLY SPIRIT VI. THE SURE WORD OF PROPHECY VII. COMING EVENTS AND SIGNS OF THE TIMES VIII. THE LAW OF GOD IX. THE SABBATH X. CHRISTIAN LIBERTY XI. LIFE ONLY IN CHRIST XII. CHRISTIAN GROWTH AND EXPERIENCE XIII. PRAYER AND PUBLIC WORSHIP XIV. CHRISTIAN SERVICE XV. ADMONITIONS AND WARNINGS XVI. THE HOME XVII. HEALTH AND TEMPERANCE XVIII. THE KINGDOM RESTORED The readings in this book as originally prepared were contributed by a large number of Bible workers, whose experience in giving Bible readings had taught them the most effective methods of presenting the different subjects treated. The reader and student of this volume will gain a richer and clearer understanding of the Bible and of its practical value in everyday life. Especially, will there be a more comprehensive understanding of the end-time prophecies of the books of Daniel and Revelation with such subjects such as the Antichrist; the Rapture; the Mark of the Beast; Armageddon; the Millennium; and Eden Restored. A clear understanding of Bible teaching regarding such subjects as the State of the Dead; What, When, and Where is Hell; and Which is the True Lord's Day will prove to greatly protect one from Satan's end-time deceptions. "Bible Readings for the Home Circle" will be found an excellent aid to private, family, and public study of the Word of God.

Progressive Christians have largely resisted studying the book of Revelation, but *Reclaiming the Book of Revelation* shows that the last book of the Bible has great relevance for progressive Christians and congregations in this world. It addresses themes such as how to avoid being drawn into the values of a consumerist society, how to describe our fears instead of fleeing from them, and how to live with hope in difficult times. Because Revelation has been claimed by the «religious right» and proponents of rapture theology, Wilfried E. Glabach addresses the need for more progressive Christians to give another interpretation of the book. *Reclaiming the Book of Revelation* offers an interpretation that stresses God's forgiveness and the «healing of the nations» rather than the destruction of many and the redemption of a few. Dr. Glabach motivates and encourages preachers, teachers, and lay readers to explore Revelation's vision of assurance, justice, and peace.

Reading from this Place: Social location and biblical interpretation in the United States

This volume introduces the hermeneutical approach and ecojustice principles developed by the Earth Bible project team. Following this approach, biblical scholars illustrate how a reading of the biblical text from the perspective of Earth yields fresh insights. Though the text may seem anthropocentric, these studies are able to retrieve evidence of the living voice and intrinsic value of Earth. It is an approach that can be harmonized with other recognized critical approaches to the Bible, from historical criticism to ecofeminist criticism. The texts chosen are from many parts of the Bible (Psalms, Prophets, Gospels, Romans, Revelation) and the intertestamental literature (Tobit and Wisdom of Solomon).
