Life Logbook: Vance Hallam Morrison 1938-2019 By: Vance H. Morrison
Life Logbook is the story of the colorful life of Vance Hallam Morrison as he documents his experiences for his family and others who may be interested in his adventures, especially naval Cold War historians. Too often is "I wish they were still here to explain how these events came to pass" lamented. For Morrison, this insightful transcript attempts to answer many questions that may be asked of his life experiences. In this case, he formats his story into that of a ship's deck log which those with Navy careers will find intimately familiar.

Throw Like a Girl

The evidence is overwhelming: sports help girls grow into strong women. Both scientific studies and anecdotal evidence confirm that athletic girls not only grow up to be healthier; they learn teamwork, gain inner confidence, and grow into society's leaders. Sports help preteen and teenage girls make the right choices in a society that is sending them incredibly mixed messages about who they are supposed to be. Yet no one is speaking directly to these girls. Jennie fills the role of girlfriend, big sister, team captain, and mentor. A smart, credible, and accomplished voice from an athlete who is strong and feminine, fiercely competitive, and fashionably cool, Jennie is

From tween advocate for limb difference and founder of Project Unicorn Jordan Reeves and her mom, Jen, comes an inspiring memoir about how every kid is perfect just the way they are. When Jordan Reeves was born without the bottom half of her left arm, the doctors reassured her parents that she was “born just right.” And she has been proving that doctor right ever since! With candor, humor, and heart, Jordan’s mother, Jen Lee Reeves, helps Jordan tell her story about growing up in an able-bodied world and family, where she was treated like all of her siblings and classmates—and where she never felt limited. Whether it was changing people’s minds about her capabilities, trying all kinds of sports, or mentoring other kids, Jordan has channeled any negativity into a positive, and is determined to create more innovations for people just like her. Her most famous invention, aptly called Project Unicorn, is a special prosthetic (that shoots glitter!) made with the help of a 3-D printer. A real-life superhero, Jordan is changing the world with her foundation, Born Just Right, which advocates and celebrates kids with differences, and helps them live their best possible life—just like Jordan is today!

Ebook PDF Format Softball Mom 2019 2020 Weekly Planner An 18 Month Academic Planner July 2019 December 2020

A powerful coming-of-age novel pulled from personal experience about the meaning of friendship, the joyful beginnings of romance, and the racism and religious intolerance that can both strain a family to the breaking point and strengthen its bonds. Growing up in an affluent suburb of New York City, sixteen-year-old Nevaeh Levitz never thought much about her biracial roots. When her Black mom and Jewish dad split up, she relocates to her mom's family home in Harlem and is forced to confront her identity for the first time. Nevaeh wants to get to know her extended family, but because she inadvertently passes as white, her cousin thinks she's too privileged, pampered, and selfish to relate to the injustices African Americans face on a daily basis. In the meantime, Nevaeh's dad decides that she should have a belated bat mitzvah instead of a sweet sixteen, which guarantees social humiliation at her posh private school. But rather than take a stand, Nevaeh does what she's always done when life gets complicated: she stays silent. Only when Nevaeh stumbles upon a secret from her mom's past, finds herself falling in love, and sees firsthand the prejudice her family faces that she begins to realize she has her own voice. And choices. Will she continue to let circumstances dictate her path? Or will she decide once for all who and where she is meant to be?

Would Jesus wear a mask? In a crazy era where Christians make such little sense and science makes even less, thinking critically is vitally important. Culture would rather win arguments and assimilate followers than find the truth. The world has lost its collective mind

over how to best act and serve human interests during this season of pandemic. Nobody asks "should we steal people's liberty?" Instead, they ask "how much freedom is too much to lose?" Logical fallacies are lobbed like grenades from every side and the goal posts move every week; my own son very nearly died because of it. This book is far more libertarian than partisan in nature. It may challenge you to question everything and asks more questions than it answers. "I prefer dangerous freedom over peaceful slavery." Thomas Jefferson. Is there cause for a religious exemption to forced mask mandates? What role does liberty play in faith... ..how should that affect our politics?

Maine has never been regarded as a pirate haven, but only because witnesses were few and far between. With a rugged coast and more than four thousand offshore islands, Maine's dark waters attracted sea raiders like Dixie Bull from the 1600s through colonial times. Pirate treasure still awaits discovery in Phippsburg and Machias, and pirate deceit prompted a massacre in ancient Fort Loyall. The infamous Captain Kidd may have prowled the waters off Deer Isle, while farther down the coast a woman and a bloodthirsty band of cutthroats lured ships to disaster at Isles of Shoals. Award-winning investigative journalist Greg Latimer separates historical fact from fiction and leads readers on an adventure through the state's foggy and treacherous past.

Muzzling Jesus: Liberty, Faith, Politics, and the Mask Debate

If the Bible isn't a science book, instruction manual, or position paper, then what is it? New York Times bestselling author Rachel Held Evans invites readers on a journey of rediscovery as she explores the magic of the Bible, engaging the old, familiar stories in new ways that honor the past and enlighten the present. Is the Bible relevant to modern people of faith? This is the question Rachel Held Evans, bestselling author of *Searching for Sunday*, found herself asking, launching her on a quest to understand better what the Bible is and how it is meant to be read. What she discovered changed her forever. Drawing upon recent scholarship and literary analysis, Evans creatively retells our favorite Bible stories, explaining their contexts and possible interpretations, and then connects these ancient stories to our present-day ones. Using her well-honed literary instincts and experience in both evangelical and mainline Protestant

traditions, Evans discovers a way of understanding that avoids noncommittal liberalism on one hand and strident literalism on the other. Readers are invited to fall in love with Scripture all over again without checking their intellect--or their imaginations--at the door.

The longer WorldCom Chief Audit Executive Cynthia Cooper stares at the entries in front of her, the more sinister they seem. But the CFO is badgering her to delay her team's audit of the company's books and directing others to block Cooper's efforts. Still, something in the pit of her stomach tells her to keep digging. Cooper takes readers behind the scenes on a riveting, real-time journey as she and her team work at night and behind closed doors to expose the largest fraud in corporate history. Whom can they trust? Could she lose her job? Should she fear for her physical safety? In *Extraordinary Circumstances*, she recounts for the first time her journey from her close family upbringing in a small Mississippi town, to working motherhood and corporate success, to the pressures of becoming a whistleblower, to being named one of Time's 2002 Persons of the Year. She also provides a rare insider's glimpse into the spectacular rise and fall of WorldCom, a telecom titan, the darling of Wall Street, and a Cinderella story for Mississippi. With remarkable candor, Cooper discusses her struggle to overcome these challenges, and how she has found healing through sharing the lessons learned with the next generation. This book reminds us all that ethical decision-making is not forged at the crossroads of major events but starts in childhood, "decision by decision and brick by brick." At a time when corporate dishonesty is dominating public attention, *Extraordinary Circumstances* makes it clear that the tone set at the top is critical to fostering an ethical environment in the work-place. Provocative, moving, and intensely personal, *Extraordinary Circumstances* is a wake-up call to corporate leaders and an intimate glimpse at a scandal that shook the business world.

A rousing and empowering story of dedication and overcoming all odds,

featuring the tough and unforgettable athletes of the champion Lady Tigers softball team. Violence was a way of life for the girls of Mott Middle School in the South Bronx. Some woke up to it at home, and others dodged it on the way to school. Vicious physical fights broke out in classrooms, hallways, and bathrooms. These girls filed their fingernails into sharp points because they had to be ready to go at any time. Then a new coach joined the ranks at Mott Middle, and a new program began: girl's softball. Coach Astacio offers the girls the time and attention they need to take their first steps to success. As they learned to throw, hit and field, they also dealt with the foul balls life threw at them: abuse, fractured homes, and violence wherever they looked. But the biggest challenge they faced was learning to think and act like a team, not just a bunch of fierce girls against each other—and the world. Lady Tigers in the Concrete Jungle is the incredible true story that captured the hearts of millions when they were invited to appear on Ellen earlier this year. The Lady Tigers were invited onto the field at Yankee Stadium where the Yankees honored Coach Astacio with "Coach of the Year" at their Hispanic Heritage Month Community Achievement Awards in September 2017. But beyond the headlines, this is a story of a self-selected community coming together with faith, courage, and new-found values to overcome fear, violence, and crippling doubt. These girls have ushered in a new confidence and pride not only in themselves, but in their school, the faculty, and their friends. And while not all of them have continued down this new path, many are now the first in their families to go to college and are beginning to see how being a Lady Tiger will always be a part of their lives.

AN AUSPICIOUS DEBUT EXAMINING THE CULTURE OF HAIR FROM THE RONA JAFFE FOUNDATION AWARD-WINNING CARTOONIST Hot Comb offers a poignant glimpse into Black women's lives and coming of age stories as seen across a crowded, ammonia-scented hair salon while ladies gossip and bond over the burn. The titular story "Hot Comb" is about a young girl's first perm—a doomed ploy to look cool and to stop seeming "too white" in the all-black neighborhood her family has just moved to. In "Virgin Hair" taunts of "tender-headed" sting as much as the perm itself. It's a scenario that repeats fifteen years later as an adult when, tired of the maintenance, Flowers shaves her head only to be hurled new put-downs. The story "My Lil Sister Lena" traces the stress resulting from being the only black player on a white softball team. Her hair is the team curio, an object to be touched, a subject to be discussed and debated at the will of her teammates, leading Lena to develop an anxiety disorder of pulling her own hair out. Among the series of cultural touchpoints that make you both laugh and cry, Flowers recreates classic magazine ads idealizing women's needs for hair relaxers and product. "Change your hair form to fit your life form" and "Kinks and Koils Forever" call customers from the page. Realizations about race, class, and the imperfections of identity swirl through Flowers' stories and ads, which are by turns sweet, insightful, and heartbreaking. Flowers began drawing comics while earning her PhD, and her early mastery of sequential storytelling is nothing short of sublime. Hot Comb is a propitious display of talent from a new cartoonist who has already made her mark.
