The Tarot is much more than mere pictures on cards, the pictures are physical symbols for spiritual concepts. The images are symbolic representation of archetypal forces and/or beings which have always existed and have been identified and passed on to us by ancient initiates and which provide a focus for us to use in self-initiation, spiritual development, and the perception of hidden wisdom. The tarot deck included in this beautiful set was commissioned around 1451 by the Visconti and Sforza families, and it is one of the oldest tarot decks in existence. The images on the cards have been faithfully recreated, showing members of the Sforza and Visconti families in period garments. The borders of the elegant cards are adorned with gold metallic ink. The accompanying book provides a history of Visconti-Sforza cards, 35 of which are now in the collection of the Pierpont Morgan Library in New York City. The symbolism of the different cards is described, along with explanations of different ways to arrange the cards when seeking information about different aspects of life. This beautiful gift box holds the book and card deck side by side, with a purple satin reading cloth folded and placed underneath the book.

The court cards depict family roles: father, mother, daughter and son. The deck is a companion to the Jungian Tarot Trilogy by Robert Wang.

He eventually developed a style that featured a mood of horror lying just beyond what we normally see and hear, horror that is liable to break through into our unknowing world at any moment. The Angel Tarot is nothing like a traditional deck of angel cards. The 72 angels of the Kabbalah (or Shem HaMephorash) are extremely powerful heavenly beings that provide assistance to mortals while also ruling over their hellish counterparts, the 72 demons of the Goetia. When summoning an angel, their sigil (a kind of esoteric calling card) is supposed to be drawn on a piece of pure virgin parchment in red ink. To echo this color palette, the cards are made to look like fresh, pure parchment. The borders of each card are deep crimson, which creates a striking contrast. The magical symbols are real. The artwork is hauntingly divine. These aren't your Aunt Doreen's angel cards . . .
