### **The Ancient Secret**

Legend has it that hidden in the remote reaches of the Himalayan mountains lies an ancient secret. There, generations of Tibetan monks have passed down a series of exercises with mystical, age-reversing properties. Known as the Tibetan Rites of Rejuvenation, or the Five Rites, these once-secret exercises are now available to us all in *Ancient Secret of the Fountain of Youth* by Peter Kelder. Beginning with an account of his own introduction to the rites by way of Colonel Bradford, a mysterious retired British army officer who learned of the rites while journeying high up in the Himalayas, Kelder then reveals to us the five ancient Tibetan rites that can make you feel and look younger. The philosophies in the book combine with the practical yoga-like positions of the rites and lifestyle/diet advice to provide you with the ultimate guide to preserving your youth. Taking just minutes a day to perform, benefits include increased energy, weight loss, better memory, new hair growth, pain relief, better digestion, and just feeling much more youthful!

THE KYBALIONThe Ancient SecretThe Kybalion goes back several years and is based on the ancient hermetic writings. It is truly one of the most mysterious books ever written within the word of "New Thought."I have decided to republish this historical piece of ancient writing because this book throughout history has been considered one of the very first writings involving the concepts and beliefs of Mentalism, quantum physics, and The Laws Of Attraction.There have been several very famous books that have been composed over time that many people consider to be the original books based on (LOA). But to name a few; "The Secret", written by Rhonda Byrne in 2006, "The Science Of Getting Rich", 1910 written by Wallace D. Wattles, "The Master Key System", in 1912 by Charles F. Haanel.I too have written some amazing books based on (LOA) as well. But to mention a few, they are "Above The Secret" and "Mind Over Thought, both from 2018, and The Hermetic Secret.Nevertheless, I did my research. And I as well as many other new thought authors like myself and various scholars agree that the very beginnings of "The Laws Of Attraction" (LOA) goes all the way back well over 2,000 years to the Hermetic philosophies and how they perceived the very bedrock of (LOA).Later in 1912 The Kybalion was written by three initiates (Authors Unknown).It is said that the three authors did not want this mysterious book linked back to them because of its mystical powers and agreed by many to have mysterious connections to the occult world.I will have to say that The Kybalion is the ancient version of to what we understand today as "The Laws Of The Universe", better known as "The Secret" or simply The Laws Of Attraction" (LOA)In this book we will cover the following subjects:The Seven Hermetic

Once, all life in the universe knew the Flower of Life as the creation pattern - the geometrical design leading us into and out of physical existence. Then from a very high state of consciousness we fell in darkness and forgot who we were. For thousands of years the secret was held in ancient artifacts and carvings around the world, and encoded in the cells of all life. Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty. Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow

that order form the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding. Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life. Volume 2 will explore in great detail the Mer-Ka-Ba, the 55-foot-diameter energy field of the human lightbody. This knowledge leads to ascension and the next dimensional world. About the Author Drunvalo Melchizedek's life experience reads like an encyclopedia of breakthroughs in human endeavor. He studied physics and art at the University of California at Berkeley, but he personally feels that his most important education came after college. In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings, providing him with a wide breadth of knowledge, compassion and acceptance. Not only is Drunvalo's mind exceptional, but his heart, his warm personality, his love for all life everywhere, is immediately understood and felt by anyone who meets him. For some time now he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation.

## **The Ancient Secret of the Big Fake-Out**

In this book, Andrew Collins reveals that the Cygnus constellation is the key to unlocking humanity's belief in the origin of life in the heavens.

## **The Eye of Revelation**

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The

proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

## **The Ancient Secret in Search of the Holy Grail, by Flavia Anderson**

Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its

brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

## **The Ancient Secret of the Flower of Life, Volume 2**

I believe one of the greatest blessings of God in my life, aside from the gracious knowledge of the person of the Holy Spirit, is the deliverance He brought to my mind by letting me know that the kingdom is founded upon definite structures. I grew up with the teaching that whatever will be will be. I was taught that whatever happens, just give thanks and don't ask any question. I was taught that whatever you don't understand, God does not want you to understand. If He wants you to, He will reveal it to you. So I grew up letting God become absolutely responsible for my life and it looked very spiritual. Then I found out that my life was like a chess, anything can just be placed any where just like many of our lives. But then I got to understand by revelation and by the ministry of treasures in the body of Christ how that when it comes to the gospel of the Kingdom, it is a gospel of partnership. Many men of God call it covenant. I choose to call it partnership. The reason is because in a covenant, if you break the terms of the covenant, you will suffer but in partnership, your partner can help you even if you default. I am not against the concept of covenant, but I feel comfortable

knowing that I am in partnership with the Holy Spirit. It means it is possible to be in partnership with someone who is able to cover up for your limitations and that is where the mercy of God comes in. But the fact that the mercy of God is available does not mean that I will not play my role. Read this Book and be Blessed

Sepher Yetzira is a second or third century Hebrew book that is considered to be the seminal work of Kabbalah because it is a mystical interpretation of the Old Testament's creation story, and Kabbalists delve beneath the surface of the Bible to understand the unspoken mysteries of how the world came to be. Ancient Secrets of Creation is a new translation and reinterpretation of Sepher Yetzira that provides the answers to questions about how God created the world, especially how the expression, "And God said" is used. Because of Sepher Yetzira's succinctness and the passage of time, its implicit meanings have been lost. However, this work provides a fresh understanding of Sepher Yetzira by rediscovering and clearly explaining those mathematical, scientific, philosophical, and theological foundations on which it rests. These include pertinent pre-Socratic Greek philosophies; the ideas of Plato,

Plotinus, Iamblichus, Neopythagoreanism, and Neoplatonism; as well as the works of Philo of Alexandria, the Old Testament, and rabbinic understandings at the time that Sepher Yetzira was written. This translation and explication unlock the secrets hidden within the Hebrew-language text of Sepher Yetzira, the book that started Kabbalah.

## **I've Decided to Live 120 Years**

It was a universal belief among ancient civilizations that life came originally from the cosmos, and ultimately would return there after death. The shamanic journey was always to this sky-world - and it appears that it was always located in the direction of the stars of Cygnus - also known as the Northern Cross - accessed either via the Milky Way or an imagined cosmic axis. Andrew Collins demonstrates that this belief is based on an ancient astronomy - around 17,000 years old. All over the world, standing stones, temples and monuments are orientated towards the rising and setting of the stars of the Cygnus constellation or the "entry point" of the Milky Way. Collins has discovered that the use of deep caves by palaeolithic man was essential to the rise of religious thought and the belief in life's stellar origins. Science has now confirmed the existence of high-energy particles in the caves - particles that come from a binary star known as Cygnus X3. It would seem that these ancient people were aware of what science is now telling us - that the DNA of life came originally from deep space.
