Serial Winner

John Wayne Cheever keeps his obsession with serial killers in check by a set of rigid rules that he lives by, hoping to prevent himself from committing murder, but when a body turns up at a laundromat, must confront a danger outside himself.

The Best New True Crime Stories

Read Book Online The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers An Encyclopedia Of Serial Killers

Travel around the world and inside the minds of monsters in this true crime anthology featuring sixteen astonishing serial killer exposés. Serial killers: Ted Bundy, John Wayne Gacy, and Jeffrey Dahmer are often the first names that spring to mind. Many people assume serial killers are primarily an American phenomenon that came about in the latter part of the twentieth century—but such assumptions are far from the truth. Serial killers have been around for a long time and can be found in every corner of the globe—and they're not just limited to the male gender, either. Some of these predators have been caught and brought to justice whereas others have never been found, let alone identified. Serial killers can be anywhere. And scarier still, they can be anyone. Edited by acclaimed author and anthologist Mitzi Szereto, *The Best New True Crime Stories: Serial Killers* reveals all-new accounts of true-crime serial killers from the contemporary to the historic. The international list of contributors includes award-winning crime writers, true-crime podcasters, journalists, and experts in the dark crimes field such as Martin Edwards, Lee Mellor, Danuta Kot, Craig Pittman, Richard O. Jones, Marcie Rendon, Mike Browne, and Vicki Hendricks. This book will leave you wondering if it's ever really possible to know who's behind the mask you're allowed to see. Perfect for readers of true crime books such as *I'll Be Gone in the Dark*, *Mindhunter*, *The Devil in the White City*, or *Sons of Cain*. "An engrossing and multi-faceted anthology for a new era of true crime writing." —Piper Weiss, author of *You All Grow Up and Leave Me*

Serial Killers & Psychopaths

This illustrated book provides an extensively detailed look at some of the most dangerous individuals who have ever lived. Starting with examples of some of the earliest recorded psychopaths and serial killers, the authors present a carefully chosen cross-section of

I Am Not A Serial Killer

"Originally published in e-serial format online"--Colophon.

The Last Book on the Left

Cold North Killers

'The greatest, wildest author of his generation' Guardian We could tell you the year is 1944, that the main character is called Tyrone Slothrop and that he has a problem because bombs are falling across Europe and crashing to earth at the exact locations of his sexual conquests. But that doesn't really begin to cover it. Reading this book is like falling down a rabbit hole into an outlandish, sinister, mysterious, absurd, compulsive netherworld. As the Financial Times said, 'you must forget earlier notions about life and letters and even the Novel.' Forty years since publication, Gravity's Rainbow has lost none of its power to enthrall.

Weber's Big Book of Burgers

They are probably the most notorious and infamous of all multiple murders, yet these are the very same criminals that continue to fascinate us more than any other. Sometimes it is the sheer callous deliberation that seems to capture the public's attention; other times, the macabre double-life led by many such slaughterers. Although the phenomenon has probably existed throughout human history, it is only the advancement of modern police detection methods and

psychological profiling, as explained throughout this book, that have identified the deadly category now known as serial killers. From Jack the Ripper, Erszabet Batory, the countess vampire, and Big and Little Harpe to Ted Bundy, the Son of Sam and Jeffrey Dahmer, the whole era of the serial killer is unveiled here. These killers transfix us with an image of an apparently civilized society within which extremely intelligent and rational individuals can commit seemingly random, utterly savage acts of cruelty and depravity. It may well be the darkest side of human activity, but there can be little doubt that the killers listed and described in these pages remain horribly fascinating - sometimes enigmatic and inexplicable - but always terrifyingly gripping.

Edmund Kemper: the True Story of the Co-Ed Killer

THE SERIAL KILLER ISN'T ON TRIAL. HE'S ON THE JURY

***** 'Books this ingenious don't come along very often.' Michael Connelly 'THIRTEEN is my favourite read of the year.' Sarah Pinborough 'Outstanding.' Lee Child 'Smart and original. This is a belter of a book.' Clare Mackintosh

***** 'To your knowledge, is there anything that would preclude you from serving on this jury?' Murder wasn't the hard part. It was just the start of the game. Joshua Kane has been preparing for this moment his whole life. He's done it before. But this is the big one. This is the murder trial of the century. And Kane has killed to get the best seat in the house. But there's someone on his tail. Someone who suspects that the killer isn't the man on trial. Kane knows time is running out - he just needs to get to the conviction without being discovered. *****

THIRTEEN REASONS WHY YOU MUST READ THIS BOOK:

'An oh so clever hook for an oh so clever, gripping book.

THIRTEEN is courtroom drama at its finest, blended with page-turning twists and characters you can't get enough of. Steve

Cavanagh is the John Grisham for a new generation. Slick, thrilling and unique, THIRTEEN is my favourite read of the year.' Sarah Pinborough 'Outstanding - an intriguing premise, a tense, gripping build-up, and a spectacular climax. This guy is the real deal. Trust me.' Lee Child 'Smart and original. This is a belter of a book.' Clare Mackintosh 'Great hook. Great plot. Great book. Thirteen is a real page turner and one you won't want to put down.' Simon Kernick 'A brilliant, twisty, ingeniously constructed puzzle of a book. Steve Cavanagh pulls off an enviable premise with panache.' Ruth Ware 'I've been tracking Steve Cavanagh for a few years now and Thirteen is his best, a dead bang beast of a book that expertly combining his authority on the law with an absolutely great thrill ride. Books this ingenious don't come along very often.' Michael Connelly 'Quite simply deserves to be HUGE. If you read a thriller as good this year, it's only because you've read this one twice.' Mark Billingham 'Tore through this between dusk and dawn. Absolute 5-star cracker from Steve Cavanagh, who's gotta be among top legal thriller writers out there nowadays. A powerhouse of a book that's much more than its high-concept hook.' Craig Susteron 'Wow! This book is friggin' awesome! Utterly immersive.' Emma Kavanagh 'Fantastically gripping? Guilty as charged!' Angela Clarke 'An absolute cracker.' Susi Holliday 'Guilty of thrills, twists, and expertly manipulating the reader.' Mason Cross 'An absolute rollercoaster of a read. Thrilling.' Cass Green

I'll Be Gone in the Dark

Canada is seen as a peaceful place, but this wake-up call shows us that there have been more than 60 serial killers in our history. Limited time offer. There are more than 60 serial murderers in Canadian history. For too long awareness of serial murder in Canada has been confined to West Coast butcher Clifford Olson and the "Schoolgirl Murderers" Paul Bernardo and Karla Homolka,

along with the horrific acts of pig farmer Robert Pickton. Unlike our American neighbours, Canada has been viewed as a nation untouched by the shadow of multiple murder. Then came Colonel Russell Williams and his bizarre homicides and serial home invasions, which were sensational news worldwide on the Internet and television and in scores of newspapers and magazines. The reason for Canada's serial killer blackout is clear: until now such information has never been compiled and presented in a single concise work. *ColdNorth Killers* is a wake-up call. This detailed and haunting account of Canada's worst monsters analyzes their crimes, childhoods, and inevitable downfalls. It is an indispensable compendium for any true crime lover, criminologist, or law-enforcement officer.

The Big Book of Christmas Mysteries

From the author of *South's Best Butts* and *A Southern Gentleman's Kitchen*, an all-around grilling cookbook showcasing different methods and diverse cuisines, as well as sought-after stories and recipes from America's all-star grillers Matt Moore confesses: He is a serial griller. He can't help it--if there's food and flame, he'll grill it. In his newest book, he shares his indiscriminate appetite for smoky perfection with a broad collection of recipes varied in method, technique, and cuisine. After a review of the basics--the Maillard reaction, which grill is best for you, and more--he takes the reader on a tour across America to round up authentic stories, coveted recipes, and indispensable tips from grill masters of the South and beyond, including stops at unexpected but distinguished chefs' spots like Michael Solomonov's *Zahav* and Ashley Christensen's *Death & Taxes*. Moore offers his own tried-and-true grilling recipes for every part of the meal, from starters and salads to handhelds (Tacos al Pastor, Pork Gyros) and big plates (Country-Style Ribs with Peach Salsa) to desserts (Grilled-Doughnut Ice

Zodiac Unmasked

INSTANT NEW YORK TIMES BESTSELLER An Amazon "Best Book of 2019" A Washington Post "10 Books To Read in July" A Los Angeles Times "Seven Highly Anticipated Books for Summer Reading" A USA Today "20 of the Season's Hottest New Books" A New York Post "25 Best Beach Reads of 2019 You Need to Pre-Order Now" A Bustle "The Best New True Crime Books You Can Read Right Now" "Maureen Callahan's deft reporting and stylish writing have created one of the all-time-great serial-killer books: sensitive, chilling, and completely impossible to put down." --Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story

behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. American Predator is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement.

Death in the Air

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

Serial Killers

Our first volume caused such an impact that we've decided to bring you the long-awaited Volume 2 of the most comprehensive Serial Killer encyclopedia ever published! Murderers or monsters, normal people turned bad or people born with the desire to kill; it doesn't matter where they come from, serial killers strike dread into our hearts with a single mention of their names. Hunting in broad daylight or stalking from the shadows, we are their prey and their hunt is never done until they are caught or killed. With a worrying number of them living in our communities, working alongside us at our places of employment and sharing the same spaces where we spend time with our families, serial killers are typically just another neighbor that we barely think about. A worrying thought, to be honest. In The Big Book of Serial Killers Volume 2 we go through the lives of 150 serial killers who allowed themselves to fall under the influence of their darkest desires and took the lives anywhere from one to one hundred victims; we speak of their motives and how their stories ended (if they ended), and remind you of the fear and pain that they left behind. But what can you expect from The Big Book of Serial Killers Volume 2? You will find such things as: An excellent A-Z list of all of these deadly killers, allowing you to reference the encyclopedia whenever you need to find out more about any single murderer. All of the uncensored details of their crimes, with much effort taken into account to describe their horrific acts. Important information on their date and place of birth, date of arrest and number of victims, among other facts. A list of Trivia facts for each killer, allowing you to learn more about their personalities and any films or documentaries made about them. So, with nothing more to add - it's only time now for you purchase this book and begin learning about 150 of the sickest, most dangerous serial killers in world history. This is the next level in murder: are you ready to learn about the vilest men and women in history?

The Encyclopedia of Serial Killers

The predatory ritual, the escalating savagery of the crimes, the grisly trophies taken from his victim's bodies, the games played with his pursuers, the cannibalism: Jack the Ripper's reign of terror in London's East End during the autumn of 1888 casts a long shadow. Many have murdered more, but few have killed so brutally and none have forged such an enduring legend. For a century and a quarter the Ripper's crimes have appalled and fascinated in equal measure, inspiring over one hundred theories about this prototypical serial killer's identity and spawning thousands of works of fiction. This collection is the ultimate exploration of the Ripper legend. It sifts through Jack's legacy, blending the true story (told via contemporary reports and a century's worth of the best analysis) with the best crime and horror fiction his depraved deeds have inspired. Some of these stories are classics, some have been written especially for this volume. Including writing from Jeffery Deaver, Anne Perry, George Bernard Shaw, Ellery Queen, Boris Akunin, Ramsey Campbell, Harlan Ellison and Robert Bloch.

80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn •

Afterword by Patton Oswalt “A brilliant genre-buster. Propulsive, can’t-stop-now reading.” —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called “the Golden State Killer.” Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I’ll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman’s obsession and her unflinching pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle's dream: helping unmask the Golden State Killer.

The Big Book of Serial Killers Volume 2

From JFK to Marilyn--the morbid, medical, and mysterious facts behind the most famous celebrity deaths. When a life ends tragically whether by violence or accident, pathologists perform an autopsy to determine the cause of death. It is a methodical, morbid, and necessary task. These autopsy reports, often filled with medical

terminology and intriguing diagrams of the bodies we knew so well from their lives on the big screen, offer an unusual insight into the nature of death itself. The reports you'll find here provide a fascinating glimpse into the underworld that hovers just beyond the reach of the living. Includes the autopsy files or transcriptions from dozens of famous people including: Presidents: Abraham Lincoln and John F. Kennedy Politicians: Simon Bolivar, Adolf Hitler, Vladimir Lenin, and Malcolm X Assassins and Criminals: Lee Harvey Oswald, Jesse James, and Bonnie and Clyde Musicians and Movie Stars: Elvis Presley, Marilyn Monroe, Notorious B.I.G., Janis Joplin, Whitney Houston, and Ludwig Van Beethoven In a world more obsessed with celebrity than ever before, these reports are a sobering reminder of how fleeting real fame can be--and how destructive and dangerous as well. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The ONE Thing

From the author of *Serial Killers: The Method and Madness of Monsters* comes an in-depth examination of sexual serial killers throughout human history, how they evolved, and why we are drawn to their horrifying crimes. Before the term was coined in 1981, there were no "serial killers." There were only "monsters"--killers society first understood as werewolves, vampires, ghouls and witches or, later, Hitchcockian psychos. In

Sons of Cain--a book that fills the gap between dry academic studies and sensationalized true crime--investigative historian Peter Vronsky examines our understanding of serial killing from its prehistoric anthropological evolutionary dimensions in the pre-civilization era (c. 15,000 BC) to today. Delving further back into human history and deeper into the human psyche than Serial Killers--Vronsky's 2004 book, which has been called the definitive history of serial murder--he focuses strictly on sexual serial killers: thrill killers who engage in murder, rape, torture, cannibalism and necrophilia, as opposed to for-profit serial killers, including hit men, or "political" serial killers, like terrorists or genocidal murderers. These sexual serial killers differ from all other serial killers in their motives and their foundations. They are uniquely human and--as popular culture has demonstrated--uniquely fascinating.

The Big Book of Celebrity Autopsies

The Encyclopaedia of Serial Killers, Second Edition provides accurate information on hundreds of serial murder cases - from early history to the present. Written in a non-sensational manner, this authoritative encyclopaedia debunks many of the myths surrounding this most notorious of criminal activities. New major serial killers have come to light since the first edition was published, and many older cases have been solved (such as the Green River Killer) or further investigated (like Jack the Ripper and the Zodiac Killer). Completely updated entries and appendixes pair with more than 30 new photographs and many new entries to make this new edition more fascinating than ever. New and updated entries include: Axe Man of New Orleans; BTK Strangler; Jack the Ripper; Ciudad Juarez, Mexico; John Allen Muhammad and Lee Boyd Malvo, the Sniper Killers; Gary Leon Ridgway, the Green River Killer; and Harold Frederick Shipman.

The Ultimate Collection of Serial Killer Trivia for True Crime Fanatics This bloody and completely true trivia collection will horrify and intrigue readers, with answers to questions like “What was John Wayne Gacy’s last meal?”, “Which serial killer was captured because of a bloody footprint left on his victim?”, “Who was the FBI agent credited with coining the term 'serial killer'?” and “How was one mass murderer able to get away with selling his victim’s skeletons to medical students?” Perfect for any murderino, true crime junkie or connoisseur of macabre tales, this fact-packed book quizzes readers on their true crime knowledge and offers fascinating stories of well-known murderers as well as lesser-known, but just as nefarious, killers. You’ll be surprised at how many fascinating tidbits you’ll learn about the world’s most cold-blooded and dangerous people.

The Serial Killer Coloring Book

How Anyone Can Win . . . Again and Again We all know people who seem to move from success to success, with barely a pause or dip in between. They're always excited about the next big project or goal. When trouble comes, they land on their feet. They are role models and opinion makers who lead rewarding lives. In a world full of people who almost win, these are the few who do it repeatedly and consistently. Larry Weidel has benefitted tremendously from the mentorship of some of these serial winners. Applying and adapting their lessons allowed him to achieve extraordinary success and coach others to do the same. In *Serial Winner*, he distills the 5 basic actions of the Cycle of Winning to help you: -Move forward when you feel stuck.? -Crush early doubts and give yourself the best shot of succeeding.? -Overcome obstacles to win anyway.? -Maintain your mental toughness until you cross

the finish line.? -Avoid the winner's trap and use the momentum of each win to achieve the next. Through inspiring and funny stories and no-nonsense advice, Larry exposes the myths and facts about successful people and shares essential insights into achieving whatever you want in life. Whether you're just starting a venture or looking to get out of a longstanding rut, Serial Winner shows you the steps for creating a regular pattern of success!

Gravity's Rainbow

From her first assignment in 1998 to explore an increase in the number of missing women to the harrowing 2002 interrogation of convicted serial killer Robert Pickton, Lori Shenher tells a story of massive police failure—failure of the police to use the information about Pickton available to them, failure to understand the dark world of drug addiction and sex work, and failure to save more women from their killer. Shenher explains how police unwillingness to believe the women were missing or murdered, jurisdictional squabbles, and a fear of tunnel vision conspired to leave women unprotected and vulnerable to a serial killer nearly three years after she first received a tip that Pickton could be responsible. She unflinchingly reveals her own pain and psychological distress as a result of these events, which left her unable to work with or trust the police and the criminal justice system. That Lonely Section of Hell reveals the deeper truths behind the causes of this tragedy and the myriad ways the system—and society—failed to protect vulnerable people.

Thirteen

Serial Killers Adult Coloring Book

American serial killer Edmund Kemper III stalked co-eds in California at the height of the era of peace and free love, dismembering his victims and tossing their body parts in remote areas around Santa Cruz. As pieces of young women began washing up on shore and turning up alongside rural highways, female residents - especially college students - were decidedly on edge. A lust killer who savored the act of decapitating his victims - and often used their severed heads for sexual pleasure - Kemper's story is particularly twisted among historical serial killers. Still, the true crime tale of Edmund Kemper is particularly fascinating, because the man many people called "a gentle giant" was a near genius whose cunning manipulation of others made him particularly depraved and dangerous. This true crime story, a detailed biography of one of the most psychopathic serial killers of our time, shares some insight into the troubled childhood and awkward nature that led the American serial killer to take 10 lives, including those of six pretty co-eds, his paternal grandparents, his calculatingly cruel mother and his mother's best friend. Among historical serial killers, Kemper is especially depraved, since he included necrophilia and cannibalism in his gruesome mix of sordid criminal activity. Ultimately, Kemper's murderous inclinations and urges to kill were satisfied after he bludgeoned to death his mother, a woman he'd hated since he was eight years old, and he turned himself in. But if

he hadn't finally acted on his long-held fantasy to end his mother's life, he might still be trolling California highways, getting away with murder.

The A to Z Encyclopedia of Serial Killers

Bestselling true-crime writer Harold Schechter, a leading authority on serial killers, and coauthor David Everitt offer a guided tour through the bizarre and blood-chilling world of serial murder. Through hundreds of detailed entries that span the entire spectrum -- the shocking crimes, the infamous perpetrators, and much more -- they examine all angles of a gruesome cultural phenomenon that grips our imagination. From Art (both by and about serial killers) to Zeitgeist (how killers past and present embody their times) from Groupies (even the most sadistic killer can claim devoted fans) to Marriage (the perfect domestic disguise for demented killers) from Homebodies (psychos who slay in the comfort of their homes) to Plumbing (how clogged drains have undone the most discreet killer), **THE A TO Z ENCYCLOPEDIA OF SERIAL KILLERS** is the ultimate reference for anyone compelled by the personalities and pathologies behind the most disturbing of crimes.

Weber's Big Book of Burgers also includes: The Five Steps to Burger Perfection for perfect patties and big, juicy burgers time and time again Tried-and-true expert advice on grinding your own meat for burgers; building a better burger; grill setups, maintenance, and safety; tools of the trade; ten tips for grilling greatness; and more A visual sausage guide detailing many different varieties' flavor profiles and origins Regional burger and hot dog features on these American favorites with full-color illustrations from artist Linda

Kelen Feature stories on who invented the hamburger; the New England-style top-loading bun; Sheboygan: the home of the brat; pickles; and understanding the science behind food euphoria

Child Killer

This book explores the aesthetics, medial affordances, and cultural economics of monumental literary works of the digital age and offers a comparative and cross-cultural perspective on a wide range of contemporary writers. Using an international archive of hefty tomes by authors such as Mark Z. Danielewski, Roberto Bolaño, Elena Ferrante, Karl Ove Knausgård, George R.R. Martin, Jonathan Franzen, and William T. Vollmann, van de Ven investigates multiple strands of bigness that speak to the tenuous position of print literature in the present but also to the robust stature of literary discourse within our age of proliferating digital media. Her study makes a case for the cultural agency of the big book--as a material object and a discursive phenomenon, entangled in complex ways with questions of canonicity, materiality, gender, and power. Van de Ven takes us into a contested terrain beyond the 1,000-page mark, where issues of scale and reader comprehension clash with authorial aggrandizement and the pleasures of binge reading and serial consumption.

People are using this simple, powerful concept to focus on what matters most in their personal and work lives. Companies are helping their employees be more productive with study groups, training, and coaching. Sales teams are boosting sales. Churches are conducting classes and recommending for their members. By focusing their energy on one thing at a time people are living more rewarding lives by building their careers, strengthening their finances, losing weight and getting in shape, deepening their faith, and nurturing stronger marriages and personal relationships. **YOU WANT LESS.** You want fewer distractions and less on your plate. The daily barrage of e-mails, texts, tweets, messages, and meetings distract you and stress you out. The simultaneous demands of work and family are taking a toll. And what's the cost? Second-rate work, missed deadlines, smaller paychecks, fewer promotions--and lots of stress. **AND YOU WANT MORE.** You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. **NOW YOU CAN HAVE BOTH — LESS AND MORE.** In **THE ONE Thing**, you'll learn to * cut through the clutter * achieve better results in less time * build momentum toward your goal * dial down the stress * overcome that overwhelmed feeling * revive your

energy * stay on track * master what matters to you The ONE
Thing delivers extraordinary results in every area of your
life--work, personal, family, and spiritual. WHAT'S YOUR ONE
THING?

Talking with Serial Killers

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

The Big Book of Serial Killers

From the summer of 1979 through the spring of 1981, Atlanta, Georgia was held under siege by a serial killer and dozens of victims started to appear. The series of murders, which became

known as the "Atlanta Child Murders case," gripped the city of Atlanta with fear and shocked the nation because most of the victims were children. The fact that the victims were all black and mostly male caused many in Atlanta's black community to fear that their children were being targeted by a racist conspiracy. In this true crime book you will read about how the Atlanta Child Murders case put a city under siege and how a task force of law enforcement officers from several different agencies eventually captured the killer. You will follow the investigation as the police use what was at the time fairly new techniques of criminal profiling and fiber evidence to capture and convict the killer. For many around the country, once the killer was arrested, it was difficult to accept. The killer was a young, nerdy-looking man named Wayne Williams. To many people his background didn't seem to indicate he was a serial killer, but the professional profilers knew otherwise! Open the pages of the following book and learn the true story of Wayne Williams and the Atlanta Child Murders. You will learn about how Williams evolved from a nerdy kid who loved electronics into what is perhaps the most prolific black serial killer. You will be horrified by some of the details of this case, but you will not be able to put down this book.

Sons of Cain

American Predator

A perfect first visual reference book for children ages 7-10 eager to learn about all things science, now revised and updated. Packed with amazing photography and fun facts, First Science Encyclopedia will take kids on a journey of discovery with its comprehensive look at the forces and elements that make up our amazing world. This visual reference covers many different

subjects, from the human body and animals to space and matter. Kids can discover how a flower grows, what's in the air we breathe, and why what goes up must come down. Photos and illustrations bring science to life and quizzes make learning even more fun. A glossary at the back provides a quick reference of key science terms, from bacteria and genes to global warming and fossil fuels.

Serial Killer Trivia

An equal parts haunting and hilarious deep-dive review of history's most notorious and cold-blooded serial killers, from the creators of the award-winning Last Podcast on the Left Since its first show in 2010, The Last Podcast on the Left has barreled headlong into all things horror, as hosts Henry Zebrowski, Ben Kissel, and Marcus Parks cover subjects spanning Jeffrey Dahmer, werewolves, Jonestown, and supernatural phenomena. Deeply researched but with a morbidly humorous bent, the podcast has earned a dedicated and aptly cultlike following for its unique take on all things macabre. In their first book, the guys take a deep dive into history's most infamous serial killers, from Ted Bundy to John Wayne Gacy, exploring their origin stories, haunting habits, and perverse predilections. Featuring newly developed content alongside updated fan favorites, each profile is an exhaustive examination of the

darker side of human existence. With appropriately creepy four-color illustrations throughout and a gift-worthy paper over board format, *The Last Book on the Left* will satisfy the bloodlust of readers everywhere.

Jack the Ripper

A real-life thriller in the vein of *The Devil in the White City*, Kate Winkler Dawson's debut *Death in the Air* is a gripping, historical narrative of a serial killer, an environmental disaster, and an iconic city struggling to regain its footing. London was still recovering from the devastation of World War II when another disaster hit: for five long days in December 1952, a killer smog held the city firmly in its grip and refused to let go. Day became night, mass transit ground to a halt, criminals roamed the streets, and some 12,000 people died from the poisonous air. But in the chaotic aftermath, another killer was stalking the streets, using the fog as a cloak for his crimes. All across London, women were going missing--poor women, forgotten women. Their disappearances caused little alarm, but each of them had one thing in common: they had the misfortune of meeting a quiet, unassuming man, John Reginald Christie, who invited them back to his decrepit Notting Hill flat during that dark winter. They never left. The eventual arrest of the "Beast of Rillington Place" caused a media frenzy: were there more bodies buried in the walls, under the floorboards, in the back garden of this house of horrors? Was it the fog that had caused Christie to suddenly snap? And what role had he played in the notorious double murder that had happened in that same apartment building not three years before--a murder for which another, possibly innocent, man was sent to the gallows? The Great Smog of 1952 remains the deadliest air pollution disaster in world history, and John Reginald Christie is still one of the most unfathomable serial killers of modern times. Journalist Kate Winkler Dawson braids

these strands together into a taut, compulsively readable true crime thriller about a man who changed the fate of the death penalty in the UK, and an environmental catastrophe with implications that still echo today.

Serial Griller

A Thorough, Comprehensive Guide to Serial Killers for True-Crime Fans Equal parts fascinating and horrifying, the stories of serial killers like Ted Bundy and Jeffrey Dahmer have taken on a new cultural prominence with the rise of the true-crime genre.
