## **Philosopher's Stone**

Regardie's resonance with the Golden Dawn derived in part from the intuitive knowledge that he demonstrated in his 1932 book, *The Tree of Life*. With the sponsorship of Dion Fortune, he joined the Stella Matutina in 1933 but quickly became disillusioned with its egotistical leadership and departed less than two years later after attaining the grade of Adeptus Minor. Three years after that, he published his landmark collection *The Golden Dawn*, making the "secret" rites and teachings of the on-again, off-again Order available to a wider public for the first time, and making possible today's resurgence of interest

in the Order. Several years later, Regardie and Crowley parted company after an acrimonious public clash of personalities. Regardie returned to the United States and studied chiropractic medicine in New York. He served in the Army during World War II, and afterward moved to Los Angeles to open a chiropractic clinic and also work as a Reichian therapist. He had studied psychology and psychiatry with several notable teachers and was a strong proponent of Jungian analysis all his life, as well as the more controversial work of Wilhelm Reich. Both writers are known among the 20th century's most unique and controversial psychological theorists, whose writings straddled the border between science, religion and myth, and incorporated a strong element of sexuality. It is easy to see how this emphasis blended well with Regardie's magical and esoteric studies.

traditional Tarot imagery with descriptions from the Golden Dawn initiation ceremonies. This is the first Tarot deck to incorporate the symbolism necessary for use in rituals. Written and created by internationally known adepts Chic Cicero and Sandra Tabatha Cicero, this is ideal for the beginning student but equally appealing to expert Tarot readers. The accompanying book provides an introduction to Cabalistic, Zodiacal and Alchemical symbolism creating a powerful tool for divination and spiritual growth. Complete with 256-page book and two versions of the Temperance card—as required in Golden Dawn rituals—this is the best Tarot available for students of the Golden Dawn and the Western magical tradition.

The Golden Dawn flourished in Great Britain and France from 1887 to about 1901. It appears to have been an outgrowth of the German order, Orden des Gold-und Rosenkreuz. In the Golden Dawn one studied Qabalah, astrology, tarot divination, geomancy, scrying, astral travel, alchemy, Ancient Egyptian religion, Theurgy, Freemasonry, Alchemy, Enochian magic, Christian mysticism, etc. It flourished until the London Adepts rebelled against their leader. This act of betrayal destroyed the Order, fragments of which carried on under other names.

### **Devil-Worship in France Or the Question of Lucifer**

Over the years many myths have built up about one of the founders of the Golden Dawn, Samuel L. MacGregor Mathers. Many of these have been created by those who wish to damn the Golden Dawn and its system of magic or by those who want to naively believe a bogus magical story about the Order and its founders. In King Over the Water, Golden Dawn magician Nick Farrell paints a picture of the founders of the Golden Dawn becoming out of their depth as the Order began to create magicians. Rather than painting Mathers as an eccentric genius, Farrell sees him as an autocratic fantasist. He sees Mathers struggling to keep up as his students rapidly became better than him at the system he created, and shows how he was unable to raise his game to help the Order develop further. In what is a portrait of the problems that could befall any esoteric leader, Farrell (author of Gathering The Magic, a textbook on magical group dynamics) reveals how Mathers' later rituals were an attempt to remove the magic from the system he created so that he could milk it for money. Included are

previously unpublished papers from Mathers' own version of the Golden Dawn, the Alpha et Omega, including the original Z documents, the full version of the Book of the Tomb (a key document for creating a Vault of the Adepts), the original method for the consecration of the sword, and much more. King Over the Water is the prequel to Farrell's groundbreaking expose on the Alpha et Omega, Mathers' Last Secret, and provides another look into the mind of a magician that helped develop the magic we use today.

Learn about spiritual alchemy and the connection between ancient magic and modern-day psychology. This book was designed for the intermediate and advanced practitioner of the Order of the Golden Dawn. Pat Zalewski was fortunate enough to work with original members of the Stella Matutina and was taught the inner secrets of the Adepts. Now for the first time, these secrets are being published so that those who could benefit from this knowledge will learn as Zalewski had done with his mentor, Jack Taylor. Also being released for the first time is the connection between the Admission Badges and the Temple floor diagrams. Zalewski also discusses in-depth the God-form assumption technique he learned. Arthur Edward Waite (October 2, 1857 - May 19, 1942) was an occultist and co-creator of the Rider-Waite Tarot deck. Born in the United States, and raised in England, A.E. Waite joined the Hermetic Order of the Golden Dawn in 1891 and also entered the Societas Rosicruciana in Anglia in 1902. The Golden Dawn was torn by further internal feuding until Waite's departure in 1914; a year later he formed the Fellowship of the Rosy Cross, not to be confused with the Rosicrucians. By that time there existed some half-dozen offshoots from the original Golden Dawn, and as a whole it never recovered.

The exercise known as the "Middle Pillar" was devised by the Hermetic Order of the Golden Dawn. Regardie expanded upon it and made it public over 60 years ago in the first edition of this book. Since that time, the exercise has been altered and adapted for just about any spiritual use

This classic work provides an introduction to magic and occultism while providing directions as to how to perform the Qabalistic Cross, the Lesser Banishing Ritual of the Pentagram and the Middle Pillar exercise. It remains a classic book in the field.

### **The Wisdon of Israel Regardie**

The Western magical traditions are currently undergoing an international resurgence. In *Stealing Fire from Heaven*, Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems. Gnosticism and the Hermetica, the medieval Kabbalah, Tarot and Alchemy, and more recently, Rosicrucianism and Freemasonry, collectively laid the basis for the modern magical revival, which first began to gather momentum in Europe at the end of the nineteenth century. Western magic has since become increasingly eclectic, drawing on such diverse sources as classical Greco-Roman mythology, Celtic cosmology, Kundalini yoga and Tantra, shamanism, chaos theory, and the various spiritual traditions associated in many different cultures with the Universal Goddess.

Drury traces the rise of various forms of magical belief and practice, from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality. He also explores Chaos Magick and the occult practices of the so-called Left-Hand Path, as well as twenty-first-century magical forays into cyberspace. He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred--a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as "stealing fire from heaven." Considered in this light, Drury argues, modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm.

### **The Tree of Life**

Israel Regardie wrote *The Tree of Life*, a book many consider his magnum opus, in 1932. It has continued to sell for decades. And no wonder. Up until the time this book was published, very little information about true high magic was available to the public. In this book, Regardie reveals the secrets of real magic. He begins with an explanation of what magic is and, just as importantly, what magic is not. He explains that it is a spiritual study and practice which, along with forms of yoga, forms the two branches of the tree that is mysticism. Magic is not being a medium or a psychic. Then he explains the tools of the magician, what they mean, and how to use them. He explains the techniques of evocation and invocation, skrying, and astral travel. He shows how the Qabalah unites everything. He even gives a description of the secrets of sexual magick. All of this is in a clear, lucid writing style. This book is simply a must for anyone who is, or aspires to be, a real magician. Although Chic and Sandra Tabatha Cicero were friends of Regardie and are Senior Adepts of the Hermetic Order of the Golden Dawn, what changes could they have made

to this classic book? Well, they did change the spelling from British style to American. And they did change his transliterations of Hebrew into the more popular style he used in his later books. But nothing vital was changed or removed. Everything else they added was complementary to the text that was there. And what incredible additions they are! Extensive annotations throughout every chapter; over 100 illustrations; more descriptive contents pages; a glossary, a bibliography and an index. They've even added a biographical note on Regardie and the importance of this book to him and to the occult world. This book contains some of the finest occult writing that has ever been produced. Deluxe edition (4½ x 6 7/10) includes 78 full-color cards, instructions, and an embroidered satin bag Publisher Review #1: The concept of this deck is fascinating. A knowledgeable deck designer and historian, Giordano Berti, used primary source material to create instructions and direction for an artist who has not viewed other versions of Golden Dawn or Golden Dawn—

tradition-based decks. This allows for an entirely fresh composition and depiction of these meanings, including illustrated pips. This deck moves away from numeric pips, expanding on the original design (just as Waite and Smith did) to create the first truly all-pictorial Golden Dawn deck. What an exciting technique to create a deck that is based on a specific foundation but not derivative. Is this what the tarot world has been waiting for? Is this a step in evolution for tarot, a way to break out of the clone rut? Time and usage by readers will tell. . . . read more.

**Publisher Review #2:** Before discussing the deck itself, I'd like to look at the LWB (Little White Booklet) that accompanies the deck. Because Lo Scarabeo sends decks all over the world, their LWBs are in multiple languages, resulting, unfortunately, in even less information than is found in decks from other publishers. This one, however, uses its limited space very effectively. It doesn't describe the symbolism on each card (you can look at the card), but does give the divinatory meaning based on the Golden Dawn system. The creative force behind the deck, Giordano Bertia, only gave basic information about the meanings of the cards to artist Patrizio Evangelisti, so on this basis, the deck is a Golden Dawn deck. The LWB also includes an original six-card spread called the "Method of the Rosacroce." It has a unique method of selecting the cards for the layout, but the meaning of the positions for the cards is fairly mundane. . . . read more.
