## The Prosperity Secret of the Ages

Prosperity is a state of Consciousness, and anyone who has the Consciousness will demonstrate prosperity no matter where he is. It is not the job or business that makes a man prosperous but what he brings to it. The whole matter turns on Consciousness; without the Consciousness of success and prosperity, the finest business produces very little. The Law of Giving and Receiving (which is the Law of Prosperity) is infallible. The way to prove it is for you to specialize it for your good. "Look unto me and be ye saved all the ends of the earth." No one who looks to God for his supply can fail to be prosperous. "Faith without works is dead." So is knowledge without action. Live with this book until you have embodied the principles contained in it. You will know without question when the book has served its purpose for you by the changed conditions in your life.

worldwide. The unemployment rate is staggering, global debt is out of control, and the world is paralyzed in the grip of terror. What in the world is going on? What if all of this could be happening just for your benefit as a Christian believer? What if we are experiencing a great global orchestration of God's ability, plan and purpose to transfer the immense wealth of the world into the hands of those who serve Him? And what if this prosperity phenomenon forecasted in Scripture has already begun? Dr. Don G. Pickney's ministry is dedicated to proving that on the fateful day of September 11, 2001, the Lord of hosts began to unfold a biblical prophetic event revealed in Scripture as the Day of Jehovah Tsaba, during which He would plunder the nations of their “ created glory ” —their wealth, goods, substance, means, men and other resources—converting it into the hands of the righteous, a happening already being widely forecasted in charismatic Christianity. Insightful and thought provoking, A Prosperity Phenomenon will offer you a renewed sense of hope in the midst of global turmoil. This God-given message of purpose and prosperity will encourage you to face uncertain times in a different light, reminding you that God is in control and faithful to those who love Him.

The Blockchain Is The Future What if you could call yourself back in 1987 and tell yourself what a big deal the Internet was going to be? Would your younger self invest in Google? Or would Younger You be the first to build an auction site like eBay? Maybe it would have been you that created Craig's list. A similar opportunity is before you right now What if you could get in on the ground floor of a technology that will change the world as much as the Internet did? The New Big Bang In 2009, a new technology, called the blockchain, was quietly released that is as pivotal as the invention of the Internet itself. Even today, few people have heard of the blockchain. But it will change the lives of virtually everyone on this

planet. The first implementation of the blockchain was Bitcoin, a form of digital cash. But the blockchain is much more than Bitcoin and its spinoffs. The blockchain has the power to enable you and I to build grassroots economies that are freer, fairer, and more humane. The new forms of currency and the new economies that we invent can help us protect our Constitutional freedoms, provide real paths out of poverty, and set off a prosperity revolution. This is The Blockchain Book For Everyone You don't have to be a programmer to get in on the infancy of the blockchain revolution. The Prosperity Revolution provides you with the essentials of what the blockchain is, what it does, and how it has the power to reshape our world. And it does it all in clear concepts and examples that make the blockchain accessible to anyone. In this book, you'll get an overview of the biggest problems that we currently face. You'll also see how the blockchain, along with Constitutional freedoms and free market economics, can be applied to these problems in ways that will preserve liberty, fight income inequality, and provide real paths out of poverty. The Prosperity Revolution explains how the government was originally set up by the American Founders and describes the genius of the American Experiment. It sets forth the proper role of the government in the lives of the people and the economy. Next, The Prosperity Revolution shows why the free market is the embodiment of freedom itself. It spells out how the free market lifts nations from poverty, promotes equality, and walks hand-in-hand with Constitutional freedoms. The author also clarifies why Marxism, in all of its radical forms, can never work, and will only impoverish and oppress the masses. The Prosperity Revolution then shows that applying free market principles to money itself solves many of the insurmountable problems we face today. It introduces the idea of a free market of competing currencies, first proposed by Nobel Prize-winning economist F. A. von Hayek. The Prosperity Revolution provides examples of how we can use blockchain technology to reinvent money itself. And we can do it without curtailing freedoms or a forced redistribution of wealth. As radical as this all sounds,

it's only the beginning. The Prosperity Revolution describes how smart contracts and side chains, two derivatives of the blockchain, can enable us to solve insurmountable social problems and streamline business like never before. With these three technologies, we can build solutions to our healthcare crisis, growing poverty, and income inequality. We can also supercharge business and democratize the economy like never before. Simply put, we can bring the power of Wall Street to Main Street. You can compete directly with major corporations and win. The Prosperity Revolution will tell you how to get started. If you care about liberty, fighting poverty, protecting the environment, and leaving a better world for our children, then this book is for you.

This is one of Dr. Murphy ' s best books, on a par with his classic The Power of your Subconscious Mind. It explains the difference between the conscious and subconscious mind, and how the two work together to create the reality of the individual. As in Murphy ' s other books, examples are given of how people overcame problems or manifested their desires by changing their minds through belief, affirmation, and visualization. The chapters deal with: • HEALING • PRAYER • BECOMING SPIRITUAL-MINDED • THE CREATIVITY OF THOUGHT • THE MEANING OF EVIL • THE MEANING OF LIFE • CONTROLLING ONE ' S FEARS • THE POWER OF SUGGESTION • MARRIAGE, SEX, AND DIVORCE In his very engaging style, the author teaches us how to use both phases of the mind synchronously, harmoniously, and peacefully in order to bring harmony, health, and abundance into our lives. He also explains that Biblical statements are parables, allegories, metaphors, similes, and cryptic statements, and are thus not to be taken literally. The main message is that we are all children of the infinite, born to win, and to live in the joyous expectancy of the best. Exclusive to and approved by the estate of Joseph Murphy
