Rhys Rivera is the star short-stop for the Longview
Lumberjacks. Many know him, even more love him. He
has a pretty face, a quick smile, and an air of danger

about him that everyone seems to adore. He's not known as the bad boy of baseball for nothing. It all started with his father, who decided to be a criminal mob boss, then die. Fortunately for his uncle, Rhys wants absolutely nothing to do with the family business and runs before anyone can figure out which way is up. By the time his uncle, the successor to his father's criminal empire, thinks to look for him, Rhys has made too big of a name for himself to be taken out quietly, and he wants to keep it that way. Fast forward eight years, and Rhys is living life one breath at a time, just waiting for the other shoe to drop. That shoe coming in the form of a nosy neighbor who has no idea just how hot she is in her mail carrier uniform. Her sweet little body and positive outlook on life make him want to laugh at how naïve she is when it comes to the way of the world. The harder he tries to stay away, the weaker he seems to get, until one day he decides to put his morals on hold long enough to satisfy his cravings. One time is all he needs—or so he tells himself. But then two pink lines change everything, and suddenly, he doesn't have just himself to worry about anymore.

There's No Crying in Football

Baseball is life, the rest is just details. Everyone who's played the game has heard those words a time or two. But Hancock has heard them his entire life from his parents. His family has lived and breathed baseball even before he started little league. Hancock "Parts" Peters has a name that inspires grins across many faces, but the moment those faces get their first look at him, those grins slide away. Hancock is gruff, filterless, and doesn't give a crap who he offends. He is the only man in baseball who doesn't care if he gets an endorsement or not. He's there to play the game. He's

there to win. He's there because baseball is his life. People think he's a jerk. And maybe he is. But if that's how he has to come off to get people to leave him the hell alone so he can play in peace, so be it. The less people he has to worry about offending, the better.***Don't let the fear of striking out hold you back. Sway Coffman didn't mean to rock the boat. She was just there to do her job. Sure, she was a woman in a man's world. Yes, she beat out several of those men to get the job as head athletic trainer for the professional baseball team, The Texas Lumberjacks. And yeah, she now got hate mail from those men. But she's good at her job, and she earned the position. What she is not good at, however, is talking to men. Men seem to see her curvy hips, large breasts and thick thighs and automatically think she is incompetent. Because surely a fat girl couldn't get the job treating some of the most fit and athletic men in the world, right? Wrong. This fat girl got the job, and she is proud of it. What else did she get? The attention of the sexiest bearded man she'd ever had the pleasure of laying eyes on. It was enough to bring her down to her knees in front of that man, the hot and grumpy baseball player, Hancock Peters.

There's No Crying in Baseball

What's wrong with my butt? She means those words to be directed toward the woman beside her, not him. But he can't stop himself from answering. Not when her ass is the most magnificent thing he's seen in his life. Apparently, answering her with 'not a damn thing' wasn't what she was expecting. She likely wasn't expecting the baseball she took to the face at his next at bat, either. All it takes is one ill-fated foul ball, and George Hoffman, Lumberjacks center fielder, falls head over heels in love with Wrigley Field-and yes, that is her real name. From that point forward, George and Wrigley fall into a fast whirlwind love that ends with them eloping to Vegas. And he has his potty mouth, titty bar owning, pain in the ass grandmother to thank for it. Not that he's complaining or anything. Who wouldn't want to be married to a woman that made his heart race like he was in the final game of the World Series? The only problem is trying to convince her of that.

This is the tasty story of Michel LeBorgne's journey through a culinary life, a life that started on a farm in Brittany and led eventually to the New England Culinary Institute. Michel learned the basics from master chefs in Paris. Like many other ambitious young men (Jacques Pepin comes to mind) Michel came to New York City and quickly found employment in some of the city's most fashionable restaurants. Eventually, however, Michel turned away from the grind of the

restaurant life and took a job with Yale University's food service. For more than a decade he combined the flair of French cuisine with the needs of a massive institution. When the opportunity arose to take on the teaching chef duties at a start-up educational institute in Montpelier, Vermont, Michel jumped at the chance. Now chefs and restaurant owners worldwide have learned their kitchen skills at New England Culinary Institute, many under the watchful eye and guiding hand of Chef Michel LeBorgne.

Doctor's orders confine a woman suffering from anxiety and depression to her bedroom, in an effort to prevent mental stimulation of any sort. Despite her forced "rest cure," she continues to write in her journal when her husband isn't looking. Her entries record her terrible and growing fascination with the hideous yellow wallpaper that dominates the room, documenting her slow descent into madness. This work by American author Charlotte Perkins Gilman was based on the author's own experiences. She knew firsthand that the nineteenth-century medical establishment often had dangerously misguided ideas about women's mental and physical health. It is considered to be a seminal feminist work by some, a prime example of Gothic horror by others. First published in 1892, this is an unabridged version of Gilman's controversial short story.

A breakthrough approach for a good night's sleep--with no tears There are two schools of thought for encouraging babies to sleep through the night: the hotly debated Ferber technique of letting the baby "cry it out," or the grin-and-bear-it solution of getting up from dusk to dawn as often as necessary. Wake Up, Sir!

Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a “ valuable and insightful ” (The Boston Globe) report on the disruption of the news media over the last decade, as shown via two legacy (The New York Times and The Washington Post) and two upstart (BuzzFeed and VICE) companies as they plow through a revolution that pits old vs. new media. “ A marvelous book ” (The New York Times Book Review), Merchants of Truth is the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials.

“ Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance ” (Vanity Fair). We get to know the

defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (The Washington Post), Arthur Sulzberger and Dean Baquet (The New York Times), Jonah Peretti (BuzzFeed), and Shane Smith (VICE) as well as their reporters and anxious readers. Merchants of Truth raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. "One of the best takes yet on journalism 's changing fortunes" (Publishers Weekly, starred review), Abramson 's book points us to the future.
