Three Sheets In The Wind

Breverton's Nautical Curiosities is about ships, people and the sea. However, unlike many other nautical compendiums, the focus of this book is on the unusual, the overlooked or the downright extraordinary. Thus, someone most of us do not know, Admiral William Brown, is given equal coverage to Admiral Nelson. Without Admiral Brown releasing Garibaldi, modern Italy might not exist. And without the barely known genius John Ericsson designing the Monitor, the Confederacy might have won the American Civil War. Readers will be stimulated to read more about the remarkable men - explorers, admirals and trawlermen - who have shaped our world. The sea has had a remarkable effect upon our language. We hear the terms 'steer clear of', 'hit the deck', 'don't rock the boat', 'to harbour a grudge' and the like, and give little thought to them. In the pages of this book, the reader will find the origin of 'bumpkin', a 'brace of shakes', 'born with a silver spoon', 'booby prize', 'to take on board', 'above board', 'bombed' (in the sense of being drunk), the 'blues', 'blind-side', 'blind drunk', 'the pot calling the kettle black', 'reach the bitter end', 'wasters', 'ahoy', 'all at sea', 'to keep aloof', 'piss-artist', 'taken aback', 'barbecue' and 'bamboozle'. Other colourful terms, which have passed out of common usage, such as 'bring one's arse to anchor' (sit down), 'belly timber' (food) and 'bog orange' (potato) are also included, as well as important pirate haunts, technical terms, famous battles, maritime inventors and ship speed records.

Being Dead Is No Excuse

Slang is the language of pop culture, low culture, street culture, underground movements and secret societies; depending on your point of view, it is a badge of honour, a sign of identity or a dangerous assault on the values of polite society. Over several centuries and across international borders, VULGAR TONGUES is the story of how the English language of Shakespeare's day fragmented and twisted into all kinds of shapes, as people like pickpockets, beggars, sailors, musicians, gangsters, whores, politicians, gypsies, soldiers, gays and lesbians, policemen, rappers, cockneys, biker gangs and circus folk seized the King's or Queen's English by the throat and took it to places it would probably regret in the morning.

Walking with the Wind

The original India Pale Ale was pure gold in a glass; a semi-mythical beer specially invented, in the 19th century, to travel halfway around the world, through storms and tropical sunshine, and arrive in perfect condition for a long, cold drink on an Indian verandah. But although you can still buy beers with "IPA" on the label they are, to be frank, a pale imitation of the original. For the first time in 140 years, a keg of Burton IPA has been brewed with the original recipe for a voyage to India by canal and tall ship, around the Cape of Good Hope; and the man carrying it is the award-winning Pete Brown, Britain's best beer writer. Brazilian pirates and Iranian customs officials lie ahead, but will he even make it that far, have fallen in the canal just a few miles out of Burton? And if Pete does make it to the other side of the world with "Barry" the barrel, one question remains: what will the real IPA taste like? Weaving first-class travel writing with assured comedy, Hops and Glory is both a rollicking, raucous history of the Raj and a wonderfully entertaining, groundbreaking experiment to recreate the finest beer ever produced.

A spectacular, large-format collection of Adam Dant's fine art maps giving a unique view of our history and life today. Artist and cartographer Adam Dant surveys London's past, present and future from his studio in the East End. Beautiful, witty and subversive, his astonishing maps offer a compelling view of history, lore, language and life in the capital and beyond. Traversed by a plethora of colourful characters including William Shakespeare, Charles Dickens, Mary Wollstonecraft and Barbara Windsor, Adam Dant's maps extend from the shipwrecks on the bed of the Thames to the stars in the sky over Soho. Along the way, he captures all the rich traditions in the capital, from brawls and buried treasure to gin and gentlemen's clubs. Accompanying text by the artist gives the background to each of the handsome cartographic artworks, revealing his inspirations and artistic process and outlining his cultural allusions. Reproduced in large format, the maps invite the reader to study all the astonishing and often hilarious details within, offering hours of fascination for the curious. Published in conjunction with the Spitalfields Life blog, Maps of London & Beyond includes an extensive interview with Adam Dant by the blog's founder The Gentle Author.

Between Drinks

Meet Pete Brown: beer journalist, beer drinker and author of an irreverent book about British beer, *Man Walks Into A Pub*. One day, Pete's world is rocked when he discovers several countries produce, consume and celebrate beer far more than we do. The Germans claim they make the best beer in the world, the Australians consider its consumption a patriotic duty, the Spanish regard lager as a trendy youth drink and the Japanese have built a skyscraper in the shape of a foaming glass of their favourite brew. At home, meanwhile, people seem to be turning their back on the great British pint. What's going on? Obviously, the only way to find out was to go on the biggest pub crawl ever. Drinking in more than three hundred bars, in twenty-seven towns, in thirteen different countries, on four different continents, Pete puts on a stone in weight and does irrecoverable damage to his health in the pursuit of saloon-bar enlightenment. 'A fine book. . . the exact tone that a work on this social drug requires.' *The Times* 'Over 300 bars later and the man still manages to make you laugh.' *Daily Mirror* 'Carlsberg don't publish books. But if they did, they would probably come up with *Three Sheets to the Wind*' *Metro* 'A marvellous book which is as enlightening about the countries he visited as any travel guide.' *Adventure Magazine*

The award-winning national bestseller, *Walking with the Wind*, is one of the most important records of the American civil rights movement as told by a true American hero, John Lewis, who Cornel West called a "national treasure." An eloquent and gripping first-hand account of the turbulent struggle for civil rights and the willingness and courage to change the course of history. Forty years ago, a teenaged boy named John Lewis stepped off a cotton farm in Alabama and into the epicenter of the struggle for civil rights in America. The ideals of nonviolence which guided that critical time of American history established him as one of the movement's most charismatic and courageous leaders. Lewis's leadership in the Nashville Movement—a student-led effort to desegregate the city of Nashville using sit-in techniques based on the teachings of Gandhi—established him as one of the movement's defining figures and set the tone for the major civil rights campaigns of the 1960s. During this decade, he was repeatedly a victim of violence and intimidation, but his singular belief in non-violent action, inspired by his mentor, Dr. Martin Luther King, was a defining characteristic of his leadership and vision. In 1986, he ran and won a congressional seat in Georgia, and remains in office to this day. *Walking with the Wind* is the story of an American hero. A boy from rural Alabama whose journey led him to Washington, and whose vision and perseverance changed a nation.

Breverton's Nautical Curiosities

It is the summer of 1987. Jason Prosper is eighteen and on his way to Bellingham Academy, a school known for offering wayward privileged students a second chance - and Jason needs a second chance: ever since his best friend's suicide, his life has been badly adrift. At Bellingham, Jason joins the sailing team, and meets a compelling young woman called Aidan. His friends warn him off, saying she is 'damaged goods'. But Jason feels like damaged too, and the pair form an intense connection. But when a major hurricane gathers just off the coast, Jason's world begins to cloud over again. And when the full extent of the storm's damage is finally revealed, the truths it lays bare - and the secrets it dredges up - look set to alter the course of Jason life forever.

Three Sheets to the Wind

This tale of a family in Little Italy is "a minor miracle . . . documenting the madness and the grace of God in everyday life" (Newsweek). On a 1950s September night so hot that the devout Catholics of Little Italy wonder if New York City has slipped into hell, the butcher Joseph Santangelo invites his friends to play pinochle. At the end of a long, sweaty, boozy evening, his friend Lino Falconetti, addled by wine and heat, bets the hand of his daughter, Catherine—and Santangelo wins. Santangelo's modern new wife clashes immediately with his superstitious, fiercely protective mother. But years later, it is Catherine who is horrified when the daughter they raise turns out to have more in common with the old world than the new. From a New York Times—bestselling author, this story of two generations of an Italian-American family is imaginative, evocative, funny, and warm—and was made into an acclaimed film directed by Nancy Savoca, starring Tracey Ullman, Vincent D'Onofrio, and Lili Taylor.

Soils are affected by human activities, such as industrial, municipal and agriculture, that often result in soil degradation and loss. In order to prevent soil degradation and to rehabilitate the potentials of degraded soils, reliable soil data are the most important prerequisites for the design of appropriate land-use systems and soil management practices as well as for a better understanding of the environment. The availability of reliable information on soil morphology and other characteristics obtained through examination and description of the soil in the field is

Most people have a few drinks to relax after work. For Zane Lamprey, however, having a few (or a few too many) drinks is work. But he's not complaining. Zane has circled the globe knocking back an endless variety of booze while capturing his imbibing exploits for the cult-hit TV show *Three Sheets*. And now the Indiana Jones of alcohol consumption has gathered a round of his most amusing adventures, fascinating factoids, and tips for adventurous tipplers into this, the ultimate pub crawler's memoir. Join him as he ventures, glass in hand, to Ireland, where whiskey was invented, drinking is a way of life, and beer is the best medicine; Tanzania, where the popular "bee brew," *engortorogi*, was accidentally discovered by a woman trying to poison her two-timing husband; Las Vegas, where the scary-to-look-at, tasty-to-sip, and impossible-to-finish-alone Witch Doctor is a better bet than the gaming tables, and a bacon martini is a savory way to wash down Sin City's famed \$777 burger; Japan, where the celebrated sake is brewed like beer and once featured saliva as a secret ingredient; Poland, where vodka is the equivalent of America's apple pie (one of the most popular brands is infused with flakes of gold) and lovers of beer constitute an official political party. Zane also sips champagne in the French region that gave the bubbly its name and heads to Tequila, Mexico to sample the infamous local spirit from the blue agave plant. He also bellies up to bars in Scotland, Jamaica, Argentina, New Zealand, Belgium, St. Martin, South Africa, and Taiwan. Each destination is a new adventure in libation. Packed with anecdotes, recipes and drinking games, and more hangover remedies than you can shake a swizzle stick at, *Three Sheets* makes for a delightfully intoxicating cocktail.

Life: As Fragile As Dust (Book One of the Life Series), is twelve narratives of people living on life's ragged edge until the harsh winds come and in a pfft, life changes. To what shall we compare our fragile life? Life is like a speck of dust that alights upon a surface. It remains there, unmoved, until a draft threatens it. When a breeze comes it holds on till the last. Finally, a gust of wind comes and it is blown asunder. That's how fragile life is, like a speck of dust blown to nothingness.

"A whole new perspective on drinking. Highly recommended" - Dr Rafal Zakrzewski, Cambridge University TAKE A BREAK FROM DRINKING TO IMPROVE YOUR LIFE Drinking is awesome, but if the grog monster has you by the tail then it is easy to get into a rut and waste your life away, especially if you are in a soul destroying job. Whether you are curious about improving your health, relationships or simply creating a better version of you, this book will show you how giving up alcohol for a period can let you do this. THIS GUIDE TO TAKING A BREAK FROM THE DRINK TEACHES: - How David went from one of Australia's leading beer experts and writers to going off the drink for a year and giving up his job as a partner in a major law firm to become a children's book writer - How to justify taking a break from drinking to yourself and to your peers - How to cope with risk of boredom - How to gain zen like clarity after breaking the drinking cycle - How to redesign your life to become a better, more joyous version of you - How to make a decision about your future after your time off the drink.

Testimonials A whole new perspective on drinking. Highly recommended - Dr Rafal Zakrzewski, Cambridge University In this amazing little book, author David Downie writes of his experience with setting down the drink for a predetermined time as "an experiment," and discovering a richer, more meaningful life because of it The simple fact is David Downie has distilled the essence of the 12 Steps and packaged it for us here. I would recommend this book to anyone, with the "true-blue alcoholic" as a major exception, as the author himself points out. He delivers pints of wisdom liberally sparkled with humor throughout. Included are vivid descriptions of his life as a drinker, as well as what his life has become after the experiment. Along way, he offers general actions anyone who wishes can try for their own experiment with life between drinks. If this book had been available thirty-some years ago, it likely would have saved me and everyone else in my life a lot of heartache. Five stars and extra kudos for a book well done. - Ron, The Spirit of Recovery Blog What David has done is in fact absolute genius. I think my favourite sentence in the whole book is when he states simply that his life changed when he stopped living it in the night-time and started living in the day. It's beautifully simple and totally accurate Between Drinks fills a niche that has been sadly lacking in recovery literature. David is not interested in converting alcoholics. He just wants people who are unhappy abusing alcohol to know that it does not have to be that way. I f*cking loved this book. It's long overdue and I fully recommend it without reservation. Carrie, New Life After Blog As someone who has had a break from the booze for an extended period (10 months) I can honestly say that this book has inspired me to have another break. I give this book the highest rating possible at 5 stars. It could quite possibly change your life! That is if you are ready for it.

Cork High and Bottle Deep

A hilarious guide to the intricate rituals, customs, and etiquette surrounding death in the South-and a practical collection of recipes for the final send-off. As author Gayden Metcalfe asserts, people in the Delta have a strong sense of community, and being dead is no impediment to belonging to it. Down south, they don't forget you when you've up and died-they may even like you better and visit you more often! But just as there is an appropriate way to live your life in the South, there is an equally essentially tasteful way of departing it-and the funeral is the final social event of your existence so it must be handled flawlessly. Metcalfe portrays this slice of American culture from the manners, customs, and the tomato aspic with mayonnaise that characterize the Delta way of death. Southerners love to swap tales, and Gayden Metcalfe, native of Greenville, MS, founder of the Greenville Arts Council and chairman of the St. James Episcopal Church Bazaar, is steeped in the stories and traditions of this rich region. She reminisces about the prominent family that drank too much and got the munchies the night before the big event-and left not a crumb for the funeral (Naturally some early rising, quick-witted ladies from the church saved the day, so the story demonstrates some solutions to potential entertaining disasters!). Then there was the lady who allocated money to have "Home on the Range" sung at the service, and the family that insisted on a portrait of their mother in her casket, only to refuse to pay for it on the grounds that "Mama looks so sad." Each chapter ends with an authentic southern recipe that will come in handy if you "plan to die tastefully", including Boiled Bourbon Custard; Aunt Hebe's Coconut Cake; Pickled Shrimp; Homemade Mayonnaise; and Homemade Rolls.

Did you know that the English language has over 150 words for the adjective 'drunk' developed over 1,000 years? Be prepared to learn words you have never heard before, find out fascinating facts behind everyday words, and be surprised at how lively and varied the English language can be. Published to critical acclaim in 2009, the Historical Thesaurus of the Oxford English Dictionary is the first comprehensive thesaurus in the world to arrange words by meaning in order of first recorded use. Using its unique perspective on how the English language has developed, *Words in Time and Place* takes 15 themes and explores the language in these areas over time - explaining when new words appeared, where they came from, and what such changes say about times in which they emerged. The themes chosen are varied, universal topics and show the semantic range of the thesaurus and what it can tell us about the words used in areas of everyday life. Learn about the different words for dying and money, or types of pop music, as well as words for a privy, oaths, and words for being drunk. Written by the world's leading expert on the English language, David Crystal, the book carries his trademark style of engaging yet authoritative writing. Each chapter features an introduction to the language of that topic, followed by a timeline of vocabulary taken from the historical thesaurus showing all the synonyms arranged in chronological order. The timelines are annotated with additional quotations, facts, and social and historical context to give a clear sense of how words entered the English language, when, and in which context they were used. *Words in Time and Place* showcases the unique and excellent resource that is the Historical Thesaurus and reveals the linguistic treasures to be found within. This fascinating book will appeal to anyone with an interest in words and in the development of the English language.

New York-based artist Peggy Preheim is known for her minutely detailed, miniscule graphite drawings on otherwise blank sheets of paper, creating a mood and atmosphere specific to her work. Her drawings are influenced by the small sixteenth century panel paintings of the Low Countries, while their lush black-and-white tonalities evoke early found photographs on which they are often based. Published on the occasion of Preheim's first retrospective, which originates at The Aldrich Contemporary Art Museum in Connecticut, this monograph is the artist's first and features rich reproductions of works from throughout her 20-year career, including sculpture and photography. Three Sheets to the Wind

Welcome to the George Inn near London Bridge; a cosy, wood-pannelled, galleried coaching house a few minutes walk from the Thames. Grab yourself a pint, listen to the chatter of the locals and lean back, resting your head against the wall. And then consider this: who else has rested their head against that wall, over the last 600 years? Chaucer and his fellow pilgrims almost certainly drank in the George on their way out of London to Canterbury. It's fair to say that Shakespeare will have popped in from the nearby Globe for a pint, and we know that Dickens certainly did. Mail carriers changed their horses here, before heading to all four corners of Britain - while sailors drank here before visiting all four corners of the world The pub, as Pete Brown points out, is the "primordial cell of British life" and in the George he has found the perfect case study. All life is here, from murderers, highwaymen and ladies of the night to gossiping pedlars and hard-working clerks. So sit back and watch as buildings rise and fall over the centuries, and "the beer drinker's Bill Bryson" (TLS) takes us on an entertaining tour through six centuries of history, through the stories of everyone that ever drank in one pub.

Words in Time and Place

It's an extraordinary tale of yeast-obsessed monks and teetotal prime ministers; of how pale ale fuelled an Empire and weak bitter won a world war; of exploding breweries, a bear in a yellow nylon jacket and a Canadian bloke who changed the drinking habits of a nation. It's also the story of the rise of the pub from humble origins through an epic, thousand-year struggle to survive misunderstanding, bad government and misguided commerce. The history of beer in Britain is a social history of the nation itself, full of catastrophe, heroism and an awful lot of hangovers. 'a pleasant antidote to more po-faced histories of beer' Guardian 'Like a good drinking companion, Brown tells a remarkable story: a stream of fascinating facts, etymologies and pub-related urban phenomena' TLS 'Packed with bar-room bet-winning facts and entertaining digressions, this is a book into which every pub-goer will want to dip.' Comparing his progression through life to the erratic gait of a drunken sailor, Gropman recounts his life at sea on a three-masted schooner, then proceeds to the story of two years in the CCC (Civilian Conservation Corps) during the 1930s. Working in the forests of coastal Oregon and then on the slopes of snow and ice covered mountains in Montana's Glacier Park, he tells the gripping story of fighting a leaping crown fire in the forest near St. Mary's Lake. These early adventures are followed by his escapade when picked up as a hitch-hiker by a man driving a stolen car.

Virgil Partch, tutor to the tanked, scholar of the sloshed, professor to the plastered, and endowed with a scholarship from the School of Advanced Study of Alcoholic Endeavor, flung himself into months-long research of the most arduous kind in order to produce "for our collective betterment" this report on the hangover, and how one may acquire it. At the height of his career, working in quiet obscurity, Partch pursued his goal quietly and selflessly, often confining himself for long hours without food or sleep in dim, ill-ventilated holes-in-the-walls, doggedly researching, testing, rejecting, seeking no reward but that elusive ideal mixture to satiate one's palate and wet one's whistle. The foamy formula of excess ($C_2H_5OH + homo\ sapiens$) has created a combustible concoction that has long fueled sleepless nights, great passions, artistic achievement, and regretful mornings, but never before has it produced such inspired hilarity.
