The Words for Harrison's Sacred Melodies, Anthems, &c., Consisting of Original and Selected Pieces, Etc. (Eighteenth Thousand.).

A celebration of waiting throughout history, and of its importance for connection, understanding, and intimacy in human communication We have always been conscious of the wait for life-changing messages, whether it be the time it takes to receive a text message from your love, for a soldier ’ s family to learn news from the front, or for a space probe to deliver data from the far reaches of the solar system. In this book in praise of wait times, award-winning author Jason Farman passionately argues that the delay between call and answer has always been an important part of the message. Traveling backward from our current era of Twitter and texts, Farman shows how societies have worked to eliminate waiting in communication and how they have interpreted those times ’ meanings. Exploring seven eras and objects of waiting—including pneumatic mail tubes in New York, Elizabethan wax seals, and Aboriginal Australian message sticks—Farman offers a new mindset for waiting. In a rebuttal to the demand for instant communication, Farman makes a powerful case for why good things can come to those who wait.

Ma! There's Nothing to Do Here!

My daughter described the book as "Dad's 'coming of age' statement" and I suppose that's a fairly accurate observation. Its an attempt to describe the successes and failures experienced by individuals who were totally innocent of the standards of military life. With few exceptions, the men - both officers and NCO's - who dominated my tour of duty during World War II, had little or no military background. We were all learning on the go. The average age in our Air Group must have been somewhere in the twenties, at the most, since there were so very many of us just entering our third decade of life. That fact alone supported the notion that our view of the world was based on something other than experience. In my case, in spite of "being on my own" during my senior year in high school and at the post high school Summer session with the Little Theatre of the Rockies at Colorado State, followed by the two or three months working in the Kaiser shipyards in Richmond, California, decisions made during that time weren't all that responsible or independent. Someone was always nearby to monitor, or more accurately, to mentor most of the things I did. And before that there was little or no independent thought or behavior that wasn't shaped or colored by the poverty and pressures of life during the great depression that frustrated any attempt at individual action. On the contrary, effort was concentrated on the well-being and survival of the family as a viable unit. It was selfish and irresponsible to go off on one's own. Even though the Navy provided considerable shelter for its young recruits, and certainly didn't encourage individual behavior over that of the group, it expected responsible compliance with its rules and regulations whether individually or otherwise. And so it was at the age of eighteen years, three months, I entered the maze of activities designed not only to produce an able

seaman, but would most certainly turn "boy" into a "man." The events and accompanying experiences that occurred during the several levels of training and more than seven months of combat duty contributed to the growth of technical as well as social skills, which in the long view, might have been of much greater importance. It was the interaction with other people that created the most memorable events that are described here. The military deeds were necessary, but it was the men who supported my efforts to do my share who remain forever on the shadows of my memory.

"Public figures as you rarely if ever hear them: strikingly personal, surprisingly open, and profoundly emotional." — Entertainment Weekly "I ' m British, so I ' m medically dead inside, but even I can ' t help but open up whenever I talk to Marc. He uses his honesty like a scalpel, cutting himself open in front of anyone he ' s talking to, and in doing so, invites you to do the same." —John Oliver From the beloved and wildly popular podcast WTF with Marc Maron comes a book of intimate, hilarious and life changing conversations with some of the funniest, and most important people in the world like you ' ve never heard them before. *Waiting for the Punch* features the stories and thoughts of such luminaries as Amy Schumer, Mel Brooks, Will Ferrell, Amy Poehler, Sir Ian McKellen, Lorne Michels, Judd Apatow, Lena Dunham, Jimmy Fallon, RuPaul, Louis CK, David Sedaris, Bruce Springsteen, and President Obama. simply a collection of these interviews, but instead something more wondrous: a running narrative of the world ' s most recognizable names working through the problems, doubts, joys, triumphs, and failures we all experience. With each chapter covering a different topic: parenting, childhood, relationships, sexuality, success, failures and others, Punch becomes a sort of everyman ' s guide to life. Barack Obama candidly discusses the challenges of the presidency, and the bittersweet moments of seeing your children grow up. Amy Schumer recounts the pain of her parents ' divorce. Molly Shannon uproariously remembers the time she and her best friend hopped a plane from Ohio to New York City when they were twelve on a dare. Amy Poehler dishes on why just because you become a parent doesn ' t mean you have to like anybody else ' s kids but your own. Bruce Springsteen expounds on the dual nature of desperation to both motivate and devastate. Full of stories that are at once laugh-out loud funny, heartbreakingly honest, joyous, tragic and powerful, Waiting for the Punch is a book to be read from cover to cover, but it is also one to return to again and again.

Based on a TRUE story Finally, she speaks ... After three hundred years of silence, Virginia ' s only convicted witch finally speaks! And the story she tells varies substantially from the rumors and wild speculation that have passed for truth concerning Grace Sherwood ' s famous 1703 witchcraft trial. For indeed, Grace ' s accusers suffered long after the trial ended, but it was not as a consequence of magic, but rather, from their own boundless greed. But what of those who follow? How long will a curse last? Richard Hill is about to find out when he moves to Virginia Beach in 2005 to rebuild his life. And they that are left of you shall pine away in their iniquity in your enemies' lands; and also in the iniquities of their fathers shall they pine away with them. Leviticus 26:40

There are many devotional books available containing brief, daily inspirations that benefit all who read them. This book is different in two respects. The first is obvious: it contains two readings per day—732 in all. The second, more important difference is that the author wanted to do more than offer inspiration; this would make this book no different than so many others. The messages in the book are study sketches in that the content is not only inspirational, but also educational, challenging, and encouraging. Most of these writings were based on author Michael J. Akers' s teaching of adult Bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the Word of God.

The Quiver

Waiting on the Spirit of Promise is a study of the life and ministry of Abraham Cheare (1626-1668), containing selections from Cheare's works, and rescuing an important seventeenth-century Baptist from obscurity. Cheare has been overshadowed by other more celebrated Baptist contemporaries, but as the pastor of the Particular Baptist work in Plymouth, Devon, Cheare played a key role in the advance of the Baptist cause in the West Country in the 1650s. His Sighs for Sion is an excellent illustration of early Baptist piety. With the Restoration of the monarchy in 1660, Cheare, like many other Dissenters, suffered arrest for his refusal to give up preaching. Cheare's prison writings reveal both a sturdy faith in God and a deep-seated piety. Despite the fact that he was incarcerated in a series of "nasty prisons," Cheare used this time of suffering to deepen his walk with God and so provide a model for his congregation of Christian integrity and joy in the midst of trial. To the very end of his life, Cheare eagerly awaited further outpourings of the Spirit of Promise upon the Church and looked forward to that day when his Lord Jesus would make all things right.

"Christianity, as faith centered in Jesus as the Christ came to be called, got a foothold in the world, and for a vital and vocal minority changed the world, because it proclaimed a message that awakened men and women to possibilities for human life that they had either lost or never entertained. That message the first Christian evangelists (and Jesus himself, according to the record) called euangellion--good news, gospel. For its first two or three hundred years, Christianity was largely dependent for its existence upon the new zest for life that was awakened in persons who heard and were, as they felt, transformed, by that gospel; and at various and sundry points in subsequent history the Christian movement has found itself revitalized by the spirit of that same 'good news' in ways that spoke to the specifics of their times and places. "The lesson of history is clear: the challenge to all serious Christians and Christian bodies today is not whether we can devise yet more novel and promotionally impressive means for the transmission of 'the Christian religion' (let alone this or that denomination); it is whether we are able to hear and to proclaim . . . gospel! We do not need statisticians and sociologists to inform us that religion--and specifically our religion, as the dominant expression of the spiritual impulse of homo sapiens in our geographic context--is in decline. We do not need the sages of the new atheism to announce in learned tomes (and on buses!) that 'God probably does not exist.' The 'sea of faith' has been ebbing for a very long time." --from the Introduction

Since the publication of the bestselling *Sounding the Seasons*, Malcolm Guite has repeatedly been asked for more sonnets. - Poetic reflections on music, hospitality and ecology.
- Seven short poems celebrating the days of creation.
- A biblical index pairing the poems with scripture readings for use in worship.
