The Parliamentary Debates (Authorized Edition)

Her courage and her heart will be tested in ways she never expected Beth Thatcher has spent her entire life in the safe, comfortable world of her family, her friends, and the social outings her father's wealth provides. But Beth is about to leave it all behind to accept a teaching position in the rugged foothills of western Canada. Inspired by her aunt Elizabeth, who went west to teach school several years ago, and gently encouraged by her father, Beth resolves to put her trust in God and bravely face any challenge that comes her way. But the conditions in Coal Valley are even worse than she'd feared. A recent mining accident has left the town grieving and at the mercy of the mining company. The children have had very little prior education, and many of the locals don't even speak English. There isn't even a proper schoolhouse. In addition, Beth's heart is torn between two young men--both Mounties, one a lifelong friend and the other a kind, quiet man who comes to her aid more than once. Despite the many challenges, Beth is determined to make a difference in the rustic frontier town. But when her sister visits from the East, reminding her of all the luxuries she's had to give up, will Beth decide to return to her privileged life as soon as the school year is over? A special companion story to Hallmark Channel's When Calls the Heart TV series

It has long been acknowledged that Jews and Christians distinguished themselves through charity to the poor. Though ancient Greeks and Romans were also generous, they funded theaters and baths rather than poorhouses and orphanages. How might we explain this difference? In this significant reappraisal of charity in the biblical tradition, Gary Anderson argues that the poor constituted the privileged place where Jews and Christians met God. Though concerns for social justice were not unknown to early Jews and Christians, the poor achieved the importance they did primarily because they were thought to be "living altars," a place to make a sacrifice, a loan to God that he, as the ultimate guarantor, could be trusted to repay in turn. Contrary to the assertions of Reformation and modern critiques, belief in a heavenly treasury was not just about self-interest. Sifting through biblical and postbiblical texts, Anderson shows how charity affirms the goodness of the created order; the world was created through charity and therefore rewards it.

Lies of Our Times

The International Academy of Estate and Trust Law: Selected Papers, 1997-1999

Why does trust collapse in times of crisis? And when, instead, does it become a driver of growth, generating value? Through a sociological interpretation of the thought of John Maynard Keynes, Padua introduces the innovative concepts of Economy of Trust and Nominal Economy within the context of the 2008 financial crisis.

Deficit Reduction Act of 1984

The Monthly Digest of Tax Articles

Free To Live, Free To Love is a book loaded with expressive musings about life, love, and everything in between and releases powerful darts aimed at readers corerapt at touching all the right heartstrings. This book is a genuine insignia of the truths echoing deep within the poets heart and soul. These truths are the blaring bellows of dominant feelings and reflective thoughts for emancipation. Inspiring Conclusion to a Popular Series with a TV tie-in When Beth Thatcher returns to Coal Valley, she has much to be excited about. She anticipates Jarrick's proposal of marriage and perhaps a spring wedding. The mine is expanding, and there are more schoolchildren than ever. But the town's rapid growth brings many challenges. A second teacher is assigned, and Beth finds herself going head-to-head with a very different philosophy of education--one that dismisses religion and rejects God. Fearful for the children who sit under the influence of Robert Harris Hughes, Beth struggles to know how to respond. At the same time, Beth wonders if Jarrick is considering a position at her father's company simply for her sake. Should she admit her feelings on the matter? Or keep silent and allow Jarrick to make up his own mind?

Preparation of the Fiduciary Income Tax Return

She loves her friends and students in the West, but family obligations have called her home. Where does she truly belong? After a year of teaching in the Canadian West, Beth Thatcher returns home to her family. She barely has time to settle in before her mother announces plans for a family holiday--a luxurious steamship tour along the eastern coast of Canada and the United States. Hoping to reconnect with her mother and her sisters, Beth agrees to join them, but she quickly realizes that things have changed since she went away, and renewing their close bond is going to be more challenging than she

expected. There's one special thing to look forward to--letters and telephone calls from Jarrick, the Mountie who has stolen her heart. The distance between them is almost too much to bear. But can she give her heart to Jarrick when it will mean saying good-bye to her family once again--and possibly forever? And will she still want to live in the western wilds after the steamship tour opens up a world of people and places she never imagined? Then comes a great test of Beth's faith. Someone in her family has trusted the wrong person, and suddenly everything Beth knows and loves is toppled. Torn between her family and her dreams, will Beth finally discover where her heart truly belongs? A companion story to Hallmark Channel's When Calls the Heart TV series!

Youth in Trust

This challenging, varied collection of articles is a reflection of the wide range of interests held by estate and trust lawyers today. The issues discussed here include: law in the context of an estate or trust control over the body itself, including the 'futuristic' issue of the status of frozen embryos in relation to an estate broad 'trusts' issues, including the place and nature of the trust in both civil and common law jurisdictions the resolution of family property concerns in relation to matrimonial law, forced heirship laws, or family provision on death. Other articles consider practical questions such as transnational tax planning, planning for the transition of a family business on death, retirement planning and the management of collective investments. The work takes a comparative approach, examining each issue from the perspective of a number of different jurisdictions. This collection arises from the annual meetings and discussion of members from the International Academy of Estate and Trust Law. It will be of great interest to researchers, academics, practitioners, law reform bodies, governmental groups and their advisers working in this complex and varied field of law.

The Living Age

Sex, Lies, and Rabbis: Breaking a Sacred Trust by Charlotte Rolnick Schwab, Ph.D. is a powerful book, a combination of memoir and nonfiction, about what happens when clergy, specifically, rabbis, are deified. It is about the betrayal and the cover up of the betrayal of teen aged girls and women by male rabbis, and thereby, the betrayal of these rabbis wives, families, congregations, communities, denominations, and all Judaism. Two murders are connected to rabbis sexual abuse. One rabbi is awaiting retrial for allegedly hiring a hit man to murder his wife because of his sexual misconduct. This author writes about her own frightening, shocking experience as the wife of a rabbi-perpetrator of sexual abuse of other women, his violence toward her, and threat to kill her if she told about his nefarious double life. The book delineates in one volume: the crisis in the rabbinate, in congregational Judaism; what needs to be done to bring about healing and change; gives description of cases of rabbis sexual abuse as told to the author (these cases are all composites; the victims/survivors identities are disguised), and as reported in the media, including the two murders related to rabbis sexual abuse; the alarming extent of this problem; outlines policies that synagogues and denominations need to adopt; provides definitions of sexual abuse; discusses the kinds of personalities of rabbis which can lead to rabbis becoming sexual predators; and offers some suggestions for prevention. The book offers a Resources List and extensive Bibliography, including articles from Jewish and secular newspapers around the country, about rabbis sexual abuse. The book provides a healing program geared toward Jewish victims/survivors or rabbis sexual abuse; it can be adapted for victims/survivors of abuse by other clergy and of other kinds of abuse, including abuse by batterers. Women who suffered abuse of any kind will find this book validating and helpful for healing and recovery. "12 Steppers" will be especially interested in this book. The book is helpful to people of all religions who are experiencing the crisis of their religious authorities sexual abuse and covering up of that abuse, including Buddhists, Catholics, and Protestants. It is an urgent read for all Jewish people concerned about the safety of their teen aged children and women, and about the future of their religious organizations and communities. Books have been written about Catholic priests and Protestant ministers and sexual abuse; this is the first about rabbis sexual abuse. Rabbis Arthur Gross-Schaefer and Marcia Zimmerman, and Rev. Nils Friberg praise the book on the book jacket. Maj-Britt Rosenbaum, MD, psychiatrist and former Director of the Long Island Hillside Medical Center Sexuality Center, wrote the Preface. Gary Schoener, Ph.D., clinical psychologist, who treat both clergy-perpetrators and victims, wrote the Foreword.
