Far Apart, Close in Heart

From news and speeches to informal chatter on social media, natural language is one of the richest and most underutilized sources of data. Not only does it come in a constant stream, always changing and adapting in context; it also contains information that is not conveyed by traditional data sources. The key to unlocking natural language is through the creative application of text analytics. This practical book presents a data scientist's approach to building language-aware products with applied machine learning. You'll learn robust, repeatable, and scalable techniques for text analysis with Python, including contextual and linguistic feature engineering, vectorization, classification, topic modeling, entity resolution, graph analysis, and visual steering. By the end of the book, you'll be equipped with practical methods to solve any number of complex real-world problems. Preprocess and vectorize text into high-dimensional feature representations Perform document classification and topic modeling Steer the model selection process with visual diagnostics Extract key phrases, named entities, and graph structures to reason about data in text Build a dialog framework to enable chatbots and language-driven interaction Use Spark to scale processing power and neural networks to scale model complexity

All This Time

This explores some of the fibs we tell children and children tell us about reading and books in a fun picture book. From excuses like 'I haven't got time to read' to misconceptions about those who struggle with reading, the book turns negatives on their head and celebrates the right we all have to access story, and the wonders of the printed page.

How To Win Friends And Influence People

Read Free While Were Far Apart

The Encyclopaedia Britannica

Chances are, at some point in your life you 've noticed the connection between your brain and your gut. If you 've ever felt queasy as you walked into an uncomfortable situation or based a life decision based on a "gut feeling," then you know that sometimes our bodies react faster than our minds. Most of us have also experienced the same phenomenon in reverse, where our mental state has affected our digestive system—like the butterflies in our stomach before an important meeting or a first date. But while the dialogue between the mind and the gut has been recognized for centuries, scientists today are just starting to understand how powerful that connection is. In *The Mind-Gut Connection*, Dr. Emeran Mayer, executive director of the UCLA Oppenheimer Center for the Neurobiology of Stress, offers a cutting-edge view into this developing science, showing us the full impact of how the brain, gut, and microbiome—the community of microorganisms that live inside the digestive tract—communicate. As Dr. Mayer explains, when this communication channel is out of whack, major health problems can crop up, including food sensitivities and allergies, digestive disorders, obesity, depression, anxiety, and fatigue. *The Mind-Gut Connection* teaches us how, with a few simple changes to our diet and lifestyle, we can enjoy a happier mindset, enhanced immunity, a decreased risk of developing neurological diseases such as Parkinson 's and Alzheimer 's, and even lose weight. With a simple, practical regimen drawn from the latest research, Dr. Mayer shows us that paying attention to the mind-gut balance is the key to unlocking vibrant health.

Five Feet Apart

Siblings Susan and Charles receive a mysterious book before leaving to visit their Uncle Farley at his time-traveling house, where they become separated in the Sea of Time and struggle to find their way home.

Fractured Lands

Writer's block and a looming Christmas novel deadline have romance novelist, Sarah Jones, heading for the other side of the world on a whim. Niklas Toivonen offers cosy Lapland accommodation, but when his aging father falls ill, Niklas is called upon to step into his father's work clothes to make children happy. Red is quite his color. Fresh off the airplane, a visit to Santa sets Sarah's muse into overdrive. The man in red is not only entertaining, he's young-with gorgeous blue eyes. Much like her new landlord's, she discovers. Santa and Niklas quickly become objects of research-for her novel, and her curiosity. Though she's written countless happily-ever-afters, Sarah doubts she'll ever enjoy her own. Niklas must find a way to show her how to leave the pain of her past behind, so she can find love and faith once more.

Never Far Apart

This book challenges the standard conception of the Middle Ages as a time of persecution for Jews. Jonathan Elukin traces the experience of Jews in Europe from late antiquity through the Renaissance and Reformation, revealing how the pluralism of medieval society allowed Jews to feel part of their local communities despite recurrent expressions of hatred against them. Elukin shows that Jews and Christians coexisted more or less peacefully for much of the

Read Free While Were Far Apart

Middle Ages, and that the violence directed at Jews was largely isolated and did not undermine their participation in the daily rhythms of European society. The extraordinary picture that emerges is one of Jews living comfortably among their Christian neighbors, working with Christians, and occasionally cultivating lasting friendships even as Christian culture often demonized Jews. As Elukin makes clear, the expulsions of Jews from England, France, Spain, and elsewhere were not the inevitable culmination of persecution, but arose from the religious and political expediencies of particular rulers. He demonstrates that the history of successful Jewish-Christian interaction in the Middle Ages in fact laid the social foundations that gave rise to the Jewish communities of modern Europe. Elukin compels us to rethink our assumptions about this fascinating period in history, offering us a new lens through which to appreciate the rich complexities of the Jewish experience in medieval Christendom.

While We're Apart

In an unassuming apartment building in Brooklyn, New York, three lives intersect as the reality of war invades each aspect of their lives. Young Esther is heartbroken when her father decides to enlist in the army shortly after the death of her mother. Penny Goodrich has been in love with Eddie Shaffer for as long as she can remember; now that Eddie's wife is dead, Penny feels she has been given a second chance and offers to care for his children in the hope that he will finally notice her and marry her after the war. And elderly Mr. Mendel, the landlord, waits for the war to end to hear what has happened to his son trapped in war-torn Hungary. But during the long, endless wait for victory overseas, life on the home front will go from bad to worse. Yet these characters will find themselves growing and changing in ways they never expected--and ultimately discovering truths about God's love even when He is silent.

The Sword and the Shield

David Austin's English Roses

From the team behind #1 New York Times bestseller *Five Feet Apart* comes a gripping new romance that asks: Can you find true love after losing everything? Kyle and Kimberly have been the perfect couple all through high school, but when Kimberly breaks up with him on the night of their graduation party, Kyle's entire world upends—literally. Their car crashes and when he awakes, he has a brain injury. Kimberly is dead. And no one in his life could possibly understand. Until Marley. Marley is suffering from her own loss, a loss she thinks was her fault. And when their paths cross, Kyle sees in her all the unspoken things he's feeling. As Kyle and Marley work to heal each other's wounds, their feelings for each other grow stronger. But Kyle can't shake the sense that he's headed for another crashing moment that will blow up his life as soon as he's started to put it back together. And he's right.

Things Fall Apart

A millennium into the future, two advancements have altered the course of human history: the colonization of the Galaxy and the creation of the positronic brain. On the beautiful Outer World planet of Solaria, a handful of human colonists lead a hermit-like existence, their every need attended to by their faithful robot servants. To this strange and provocative planet comes Detective Elijah Baley, sent from the streets of New York with his positronic partner, the robot R. Daneel Olivaw, to solve an incredible murder that has rocked Solaria to its foundations. The victim had been so reclusive that he appeared to his associates only through holographic projection. Yet someone had gotten close enough to bludgeon him to death while robots looked on. Now Baley and Olivaw are faced with two clear impossibilities: Either the Solarian was killed by one of his robots--unthinkable under the laws of Robotics--or he was killed by the woman who loved him so much that she never came into his presence!

Narrative of the United States Exploring Expedition During the Years 1838, 1839, 1840, 1841, 1842

Sisterhood Everlasting

Children can experience many emotions when a parent is in jail or prison. They may be angry, sad, lonely, or scared. Sometimes friends act differently toward them. Sometimes the children begin acting differently too. In this important book, young readers will learn that even when it feels like nothing can get better again, there are ways they can improve their circumstances. Sending letters, talking to a trusted grown-up about their feelings, and even visiting a

Read Free While Were Far Apart

parent in jail or prison can help keep a parent close in their hearts. Use this title as a helpful tool to start a conversation with any child in this situation and to remind them they are not alone.

Living Together, Living Apart

What can we learn from looking at married partners who live apart? In *Commuter Spouses*, Danielle Lindemann explores how couples cope when they live apart to meet the demands of their dual professional careers. Based on the personal stories of almost one-hundred commuter spouses, Lindemann shows how these atypical relationships embody (and sometimes disrupt!) gendered constructions of marriage in the United States. These narratives of couples who physically separate to maintain their professional lives reveal the ways in which traditional dynamics within a marriage are highlighted even as they are turned on their heads. *Commuter Spouses* follows the journeys of these couples as they adapt to change and shed light on the durability of some cultural ideals, all while working to maintain intimacy in a non-normative relationship. Lindemann suggests that everything we know about marriage, and relationships in general, promotes the idea that couples are focusing more and more on their individual and personal betterment and less on their marriage. Commuter spouses, she argues, might be expected to exemplify in an extreme manner that kind of self-prioritization. Yet, as this book details, commuter spouses actually maintain a strong commitment to their marriage. These partners illustrate the stickiness of traditional marriage ideals while simultaneously subverting expectations.

Multiple Pregnancy

Though born the second son of King Ahaz, Hezekiah isn't protected from his father's attempts to gain the favour of the idol Molech. His journey to the Holy One is riddled by influence from an assortment of men.

Congenital Anomalies

Now a major motion picture starring Cole Sprouse and Haley Lu Richardson! Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that's perfect for fans of John Green's *The Fault in Our Stars*, two teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

Life in Sweden feels like an endless winter to Elin Carlson after the deaths of her parents. When circumstances become unbearable, she determines to find a safe haven for her sisters. So begins their journey to America . . . the land of dreams and second chances. But as hardship becomes their constant companion, Elin, Kirsten, and Sofia question their decision to immigrate to Chicago. Will their hopes for the future ever be realized? ONLY IN CROSSING A SEEMINGLY ENDLESS OCEAN WILL THEY FIND THE TRUE MEANING OF LOVE, FAITH, AND HOME A Christy Award Winner

The Night Dad Went to Jail

This “ twisted ” psychological thriller is “ an intimate study of damaged people, the pain they ’ re in, and the havoc they wreak ” (Kendare Blake, author of Anna Dressed in Blood). Murder. Fire. Revenge. That ’ s all seventeen-year-old Alice Monroe thinks about. Committed to a mental ward at Savage Isle, Alice is haunted by memories of the fire that killed her boyfriend, Jason. A blaze her twin sister, Cellie, set. But when Chase, a mysterious, charismatic patient, agrees to help her seek vengeance, Alice begins to rethink everything. Writing out the story of her troubled past in a journal, she must confront hidden truths—and find out whether the one person she trusts is telling her only half the story. “ One part mystery and two parts psychological thriller ” (School Library Journal), We ’ ll Never Be Apart is “ a killer debut ” (Adele Griffin, National Book Award finalist). “ Realistic characters make good use of a gothic setting that will attract anyone with a taste for the edge. ” —Kirkus Reviews

Poles Apart

Multiple Pregnancy - New Challenges is a comprehensive book, written in an organized and concise format. The book offers an immersion into multiple pregnancy. Each chapter presents the reader with various important issues related to the subject matter. The book covers all spectrums of multiple pregnancy such as epidemiology, etiology, diagnosis, prenatal care, unique complications in monochorionic pregnancies, preterm birth and mode of delivery. Through its 10 chapters the book contemplates the most relevant aspects of multiple pregnancy. Authors from all over the world have contributed to this book, bringing the best from their research experiences. The book give the reader a state-of-the-art update of multiple pregnancy.

Just Enough Research

With an enduring grasp of human nature, Dale Carnegie ’ s How to Win Friends and Influence People teaches his readers how to handle people without letting them feel manipulated, how to make people feel important without inspiring resentment, how win people over to your point of view without causing offence, and how to make a friend out of just about anyone. Published in 1937, Carnegie ’ s How to Win Friends and Influence People, was originally written as a companion book to his lectures on how to be a good salesperson. However, what began as a basic sales primer, quickly exploded into an overnight success, eventually selling more than 15 million copies worldwide, and pioneering an entire genre of self-help and personal success books.

Ethical and Legal Considerations in Mitigating Pandemic Disease

It is 1942 and England is at war. Mary Jones has just celebrated her 18th birthday and said goodbye to her childhood sweetheart Jack, when she learns that her house has taken a direct hit during a tip and run raid. With both her parents dead and her home destroyed, a distraught Mary moves in with Jack's parents. But her father's trunk is still intact amid the ruins, and Mary discovers a shocking secret amongst his diaries. Mary travels to Cliffhaven on the south coast in search of answers. Here she is billeted with Peggy Reilly's fearsome sister, Doris. When warm-hearted Peggy befriends Mary, she discovers the young woman's secret. But she begins to regret getting involved, for there can only be trouble ahead."

While We're Far Apart

Gods and Kings

The product of some 18 months of reporting, [Fractured Lands] tells the story of the catastrophe that has fractured the Arab world since the invasion of Iraq 13 years ago, leading to the rise of ISIS and the global refugee crisis. The geography of this catastrophe is broad and its causes are many, but its consequences - war and uncertainty throughout the world - are familiar to us all. Scott Anderson's story gives the reader a visceral sense of how it all unfolded, through the eyes of six characters in Egypt, Libya, Syria, Iraq and Iraqi Kurdistan. [] What follows is one of the most clear-eyed, powerful and human explanations of what has gone wrong in this region that you will ever read.' - Jake Silverstein, Editor In Chief of the New York Times

Visions of Empire

Nowadays, nobody can imagine practicing obstetrics without using obstetrical ultrasound. Working in the prenatal diagnosis field requires dedication, patience, skills, experience, caution, and empathy. The concept of this book was guided by the desire to provide some help to the ultrasound operators. On a daily basis, they are confronted with the challenging task of ruling out or suspecting/confirming the diagnosis of fetal anomalies, either structural or chromosomal. The chapters of this book contain objective and exhaustive updated reviews of the pertinent literature, so that the reader would have a wide reference basis on each subject. Yet, many authors scan the fetus themselves or are directly involved with managing pregnancies with structural malformations or chromosomal anomalies. They kindly shared their personal experience and lessons learned over the years. This book is beneficial for all the professionals working in the prenatal diagnosis.

Some Lucky Day

Read Free While Were Far Apart

"In this extraordinary volume, Krishan Kumar provides us with a brilliant tour of some of history's most important empires, demonstrating the critical importance of imperial ideas and ideologies for understanding their modalities of rule and the conflicts that beset them. In doing so, he interrogates the contested terrain between nationalism and empire and the legacies that empires leave behind."--Mark R. Beissinger, Princeton University "This is an excellent book with original insights into the history of empires and the discourses and rhetoric of their rulers and defenders. Kumar's writing is lively and free of jargon, and his research is prodigious. He manages to bring clarity and perspective to a complex subject."--Ronald Grigor Suny, author of "They Can Live in the Desert but Nowhere Else": A History of the Armenian Genocide "A masterly piece of work."--Anthony Pagden, author of The Burdens of Empire: 1539 to the Present

Vampyroteuthis Infernalis

Tibby, Lena, Carmen, and Bridget have grown up, starting their lives on their own. And though the jeans they shared are long gone, the sisterhood is everlasting. Despite having jobs and men that they love, each knows that something is missing: the closeness that once sustained them. Carmen is a successful actress in New York, engaged to be married, but misses her friends. Lena finds solace in her art, teaching in Rhode Island, but still thinks of Kostos and the road she didn't take. Bridget lives with her long-time boyfriend, Eric, in San Francisco, and though a part of her wants to settle down, a bigger part can't seem to shed her old restlessness. Then Tibby reaches out to bridge the distance, sending the others plane tickets for a reunion that they all breathlessly await. And indeed, it will change their lives forever-but in ways that none of them could ever have expected. As moving and life-changing as an encounter with long-lost best friends, Sisterhood Everlasting is a powerful story about growing up, losing your way, and finding the courage to create a new one.

LORD OF LA PAMPA

Vil é m Flusser (1920-1991) was born in Prague. He emigrated to Brazil, where he taught philosophy and wrote a daily newspaper column in Sao Paulo, then later moved to France. He wrote several books in Portuguese and German. Writings (2004), Into the Universe of Technical Images (2011), and Does Writing Have a Future? (2011) have been published by the University of Minnesota Press, and the Shape of Things, Towards a Philosophy of Photography, and The Freedom of the Migrant have also been translated into English.

The Mind-Gut Connection

In recent public workshops and working group meetings, the Forum on Microbial Threats of the Institute of Medicine (IOM) has examined a variety of infectious disease outbreaks with pandemic potential, including those caused by influenza (IOM, 2005) and severe acute respiratory syndrome (SARS) (IOM, 2004). Particular attention has been paid to the potential pandemic threat posed by the H5N1 strain of avian influenza, which is now endemic in many Southeast Asian bird populations. Since 2003, the H5N1 subtype of avian influenza has caused 185 confirmed human deaths in 11 countries, including some cases of viral transmission from human to human (WHO, 2007). But as worrisome as these developments are, at least they are caused by

Read Free While Were Far Apart

known pathogens. The next pandemic could well be caused by the emergence of a microbe that is still unknown, much as happened in the 1980s with the emergence of the human immunodeficiency virus (HIV) and in 2003 with the appearance of the SARS coronavirus. Previous Forum meetings on pandemic disease have discussed the scientific and logistical challenges associated with pandemic disease recognition, identification, and response. Participants in these earlier meetings also recognized the difficulty of implementing disease control strategies effectively. Ethical and Legal Considerations in Mitigating Pandemic Disease: Workshop Summary as a factual summary of what occurred at the workshop.

We'll Never Be Apart

This expanded edition of Chinua Achebe's first novel portrays the collision of African and European cultures in an Igbo village. Okonkwo, a great man in Igbo traditional society, cannot adapt to the profound changes brought by the British conquest of Nigeria. Yet, as in classic tragedy, Okonkwo's character as well as external forces contribute to his downfall. This expanded edition includes new illustrations, maps, additional essays on history, culture, and literature, and reference material to help readers see Achebe's classic novel in social and historical context, and to understand its place in world literature.

The Covers of My Book Are Too Far Apart! (and Other Grumbles)

"When someone you love goes to jail, you might feel lost, scared, and even mad. What do you do? No matter who your loved one is, this story can help you through the tough times."--from cover, p. [4]

Applied Text Analysis with Python

Kati and her younger sister, Ilonka, arrived in Canada with painful memories from the Holocaust, which took both of their parents. Their harrowing time alone in the Budapest ghetto was fresh in their minds, as were their fragile hopes to be adopted. But their lives in Toronto were far from what they expected, and full of broken promises. As the sisters navigated their new surroundings, they each grew fiercely strong and independent, while holding onto the comfort that they would be Never Far Apart.

Sense and Sensibility

Returning Home from Iraq and Afghanistan

The gripping new World War II novel from the author of "All My Tomorrows" Britain is at war and May Lynch loves the life she's leading as a newly qualified pilot and poster girl for the Air Transport Auxiliary. But with this attention comes jealousy, and she is now under a cloud of suspicion for a missing ring. She is ordered to make one last delivery of a bomber to an airfield on the south coast before she has to face a tribunal. But she's attacked by enemy

fighter planes and crash-lands near Cliffhaven. She is taken to hospital, unconscious and badly injured. Devastated and feeling very alone, she must come to terms with not only her disabling injury, but the lingering cloud of doubt concerning her honesty. As May slowly recovers, with the help of Peggy Reilly and her family at the Beach View Boarding house, she is determined to clear her name and return to the job she loves with a passion. . .

Commuter Spouses

Drawing on his insightful sermon series, renowned pastor/teacher David Jeremiah shares the comfort and hope of the Psalms and how these truths can guide believers through life's greatest challenges. He includes inspiring real-life stories of people who have struggled with terminal illness, the loss of a child, or the imprisonment of a spouse. Jeremiah interweaves his own journal entries, revealing his battle with cancer and how the Psalms helped to sustain him during the fight of his life. When Your World Falls Apart is an invaluable source of help and encouragement for people facing major obstacles in life.

The Naked Sun

The Lost Cities

This dual biography of Malcolm X and Martin Luther King upends longstanding preconceptions to transform our understanding of the twentieth century's most iconic African American leaders. To most Americans, Malcolm X and Martin Luther King Jr. represent contrasting ideals: self-defense vs. nonviolence, black power vs. civil rights, the sword vs. the shield. The struggle for black freedom is wrought with the same contrasts. While nonviolent direct action is remembered as an unassailable part of American democracy, the movement's militancy is either vilified or erased outright. In *The Sword and the Shield*, Peniel E. Joseph upends these misconceptions and reveals a nuanced portrait of two men who, despite markedly different backgrounds, inspired and pushed each other throughout their adult lives. This is a strikingly revisionist biography, not only of Malcolm and Martin, but also of the movement and era they came to define.

Until We Reach Home

Nearly 1.9 million U.S. troops have been deployed to Afghanistan and Iraq since October 2001. Many service members and veterans face serious challenges in readjusting to normal life after returning home. This initial book presents findings on the most critical challenges, and lays out the blueprint for the second phase of the study to determine how best to meet the needs of returning troops and their families.
