Such is the nature of Pagan religions, including Wicca. The world of magic is full of immeasurable potential. There are thousands of spells in existence, for every purpose you could possibly imagine. In this book, you will find spells and other magical workings that can bring positive experiences into your life. Each spell contains clear instructions, but you can personalize the work as you see fit, using your own sensibility. Since time immemorial, hopeful lovers have tried spells and potions of all sorts in order to bring them their one true love. In this book you'll find spells for attracting romantic love into your life, but also workings related to friendship and family relationships, which are equally important sources of love in a balanced life. find spellwork here for doing just that. But cash is not the only form of abundance. Opportunities for growing future wealth are also important, as are an abundance of friends, pleasurable activities, and healthy options for nourishing our bodies. To that end, you'll find spells for increasing business success, abundance in the garden, and even a spell for landing an important job, in addition to money-specific workings. Although it can be difficult to maintain a healthy and positive state of well-being in our fast-paced world, it's relatively easy to balance your own personal energy through spellwork that promotes motivation and endurance. In this section you'll find a range of approaches to reducing stress and increasing your access to the reservoir of positive energy available to you in your daily life. The energy of your environment is also crucial to your quality of life, so you'll find a few protection spells to enhance your physical and social environments and keep out unwanted energy. There are also some miscellaneous spells focused around tools sourced directly from nature, new ways to request information from the Universe, recipes for creating your own oil blends, and a set of magical workings based on the Moon's cycles. A great change in the history of wicca came with the spread of farming in Europe around 10,000 years ago. The people relationship with the land changed and their need for a wider range of deities to help and protect them expanded. Evidence of elemental Gods now become more common with Gods and Goddesses of wind, rain, thunder and fertility being added to the old Sun God and moon Goddess and the history of wicca starts to become more familiar to us. Depending on where you live, you might be able to find a coven or circle where you can meet fellow Wiccans and ask questions, but most newcomers to Wicca find themselves traveling solo. Luckily, there is no shortage of information about the "Old Religion" in print and online. Beginners, Finding Your Path, and Living a Magical Life—to get your journey underway. *Wicca for Beginners: a Guide to Wiccan Beliefs, Rituals, Magic, and Witchcraft* Wicca for Beginners was created as an entry point for anyone seeking information about this fascinating religion. It is intended as a broad introduction, addressing the most commonly asked questions by people new to Wicca. Lisa covers the history of Wicca, including its modern foundations as well as its ancient inspirations; the Wiccan God and Goddess; the Sabbats and the Esbats comprising the Wheel of the Year; core elements and tools of Wiccan ritual; basic principles of magic from both ancient and modern sources; and even an example ritual and spell suitable for beginners. By the end of this guide, you will definitely have a solid understanding of the essence of Wicca! *Finding Your Path: A Guide to Wiccan Traditions, Solitary Practitioners, Eclectic Witches, Covens and Circles* One of Wicca's greatest strengths as a spiritual practice is the variety of paths one can choose from. Perhaps you want to join a coven within an established tradition, or maybe a more individualized practice is your calling. In *Finding Your Path*, you'll learn about the wide spectrum of contemporary Wiccan practice, from traditional "orthodox" covens to looser, more "eclectic" covens and circles, as well as the more recent phenomenon of solitary practice, which has appeal for both traditional and eclectic Wiccans alike. Lisa covers everything you need to know about covens and circles, including their history, their structures, and how to find your Wiccan community. You'll also be introduced to the main Wiccan traditions: Gardnerian, Alexandrian, and Dianic, as well as other less common traditions. If you don't already have a sense of the amazing diversity of this innovative religion, you certainly will after reading this book! *Living a Magical Life: A Guide to Initiation and Navigating Your Journey in the Craft* New Wiccans will encounter two essential questions: 1) should you formalize your practice of the Craft with an initiation ritual? and 2) how do you integrate your new beliefs into your day-to-day life? In *Living a Magical Life*, Lisa addresses questions regarding coven initiation and solitary self-dedication, as well as less often-discussed topics like navigating common obstacles along your spiritual path, leaving behind old beliefs that no longer serve you, and developing and strengthening your inner psychic guidance system. There's also a step-by-step solitary initiation ritual you can perform when (and if) you feel the time is right, and spellwork for helping you stay in touch with your magical perspective every day—not just on Sabbats and Esbats! *Get Started Today!* Embarking on a new spiritual path is exciting, but it can also be overwhelming. The *Wicca Starter Kit* is a unique and comprehensive collection of books designed to welcome you to the Wiccan world and encourage you on your journey. Blessed Be!

Book of Candle Spells Book of Candle Spells focuses on working with the Element of Fire, and the potent vibrational frequencies of the visible light spectrum. Candles take center stage to varying degrees across this collection. Some spells are focused exclusively on the combined magic of candle and color, while others incorporate additional tools such as crystals and other color-appropriate ingredients. The spells are also organized by color, with chapter introductions detailing the magical properties and uses for the 14 colors most widely used in Wiccan and other contemporary magic. Book of Crystal Spells Book of Crystal Spells is devoted to the magical uses of the 13 crystals and other mineral stones introduced in Crystal Magic. Many of these spells are focused on aspects of emotional healing and energetic balancing, two purposes that crystals are uniquely suited for, but you'll also find more traditional goals represented, like prosperity, protection, and relationships. The spells are organized by stone, rather than by purpose, so you can develop a magical connection with different types of crystals, one at a time. You'll find an overview of the properties of each stone in the chapter introductions. Book of Herbal Spells Book of Herbal Spells builds on the information from Herbal Magic, with a chapter for each of the 13 herbs featured in the original book. Single herbs are often the main focus of these spells, with minimal additional ingredients, to help you focus your attention on the subtle energies of the herbs themselves. As you work more and more with herbal magic, you will develop a natural affinity with these marvelous plant beings that have been co-creating with magical people since the beginning of time.
